Content

	Page No.
1. Introduction.....	7 - 14
2. District Profile.....	15 - 26
3. Hazard, Risk and Vulnerability Analysis.....	27 - 53
4. Institutional Arrangement.....	54 - 85
5. Prevention and Mitigation.....	86 - 89
6. Climate Change Adaptation.....	90 – 95
7. Inclusive Disaster Risk Reduction.....	120-124
8. Safety of Schools and Child Care Institutions.....	96 – 106
9. Forest Fire Management.....	138-152
10. Chemical (Industrial), Nuclear and Radiological Disaster.....	153-165
11. Biological Disaster and Public Health in Emergencies.....	166-190
12. Capacity Building Measures	107 - 111
13. Preparedness	112 - 130
14. Response	131 - 144
15. Restoration and Rehabilitation	145 - 159
16. Recovery	160 - 164
17. Financial Arrangement	165 - 181
18. Lessons Learnt and Documentation	182 - 186

Abbreviation

DDMA-	District Disaster Management Authority
DDMP-	District Disaster Management Plan
DEOC-	District Emergency Operation Centre
HRVA-	Hazard Risk and Vulnerability Analysis
DM-	Disaster Management
HVCRA-	Hazard Vulnerability Capacity and Risk Assessment
BDO-	Block Development Officer
GP-	Gram Panchayat
EOC-	Emergency Operation Centre
G.R Card-	Gratitues Relief Card
NGO-	Non Government Organization
CDM & PHO-	Chief District Medical & Public Health Officer
SDMO-	Sub Divisional Medical Officer
ADM-	Additional District Magistrate
CDPO-	Child Development and Protection Officer
VHF-	Very High Frequency
ANM-	Auxiliary Nurse Midwifery
CHC-	Community Health Centre
PHC-	Public Health Centre
ORS-	Oral Rehydration Solution
DFO-	District Forest Officer
WESCO-	Western Electricity Supply Company of Odisha
OLIC-	Odisha Lift Irrigation Corporation
VAW-	Village Agricultural Worker
RWSS-	Rural Water Sanitation System
PHD-	Public Health Department
NAC-	Notified Area Council
DIPRO-	District Information and Public Relationship Officer
NNE-	North North East
SSW-	South South West
NE-	North East
SW-	South West
ENE-	East North East

WSW-West South West
NOBF- North Orissa Boundary Fault
HH-House Hold
SC-Schedule Cast
ST-Schedule Tribe
OBC-Other Backward Class
GEN-General
BPL-Below Poverty Line
APL-Above Poverty Line
HA-Hector
DHH-District Health Headquarter
LTRMO-Leave Trainee Research Medical Officer
H&FW- Health and Family Welfare.
KV-Kilo Volt
ULB-Urban Local Bodies
PACS-Primary Agricultural Co-operative Society
LAMPCS-Large sized Adivasi Multipurpose Co-operative Societies
KM-Kilometre
SDRF-State Disaster Relief Force
NDRF- National Disaster Relief Force
SMC-Sambalpur Municipal Corporation
AWC- Anganwadi Center
UP-Upper Primary
ME-Medium English
PWS-Public Water Scheme
GP- Gram Panchyat
NA-Not Available
NEC-National Executive Committee
SEC-State Executive Committee
SDMA-State Disaster Management Authority
DDMA-District Disaster Management Authority
SLCNC- State Level Committee on Natural Calamity
PD DRDA-Project Director District Rural Development Authority
DLCNC- District Level Committee on Natural Calamity

Chapter – 1: Introduction

Under the DM Act 2005, it is mandatory on the part of District Disaster Management Authority (DDMA) to adopt a continuous and integrated process of planning, organizing, coordinating and implementing measures which are necessary and expedient for prevention as well as mitigation of disasters. These processes are to be incorporated in the developmental plans of the different departments and preparedness to meet the disaster and relief, rescue and rehabilitation thereafter, so as to minimize the loss to be suffered by the communities and are to be documented so that it is handy and accessible to the general public.

Section 31 of Disaster Management Act 2005 (DM Act) makes it mandatory to have a disaster management plan for every district. DDMP shall include Hazard Vulnerability Capacity and Risk Assessment (HVCRA), prevention, mitigation, preparedness measures, response plan and procedures.

1.1 Aims and Objectives of the DDMP:

Aims -

- i. To identify the areas vulnerable to major types of the hazards in the Sambalpur district.
- ii. To adopt proactive measures at Sambalpur district level by all the govt. departments to prevent disaster and mitigate its effects.
- iii. To define and assign the different tasks and responsibilities to stakeholders during the pre-disaster and post-disaster phases of the disaster.
- iv. To enhance disaster resilience of the people in the Sambalpur district by way of capacity building.
- v. Reduce the loss of public and private property, especially critical facilities and infrastructure, through proper planning.
- vi. Manage future development to mitigate the effect of natural hazards in the Sambalpur district.
- viii. To develop the standardized mechanism to respond to disaster situation to manage the disaster efficiently.
- x. To prepare a response plan based upon the guidelines issued in the State Disaster Management Plan so as to provide prompt relief, rescue and search support in the disaster affected areas.
- xi. To adopt disaster resilient construction mechanism in the district by way of using Information, Education and Communication for making the community aware of the need of disaster resilient future development.
- xii. To make the use of media in disaster management.
- xiii. Rehabilitation plan of the affected people and reconstruction measures to be taken by different govt. departments at district level and local authority.

The District Disaster Management Plan (DDMP) for Sambalpur is the guide for achieving the objective i.e. mitigation, preparedness, response and recovery. This Plan needs to be prepared to respond to disasters with sense of urgency in a planned way to minimize human, property and environmental loss.

1.2 Preparation and Approval of DDMP:

As defined in Section 30 of DM Act 2005, DDMA shall act as the district planning; coordinating and implementing body for disaster management and take all measures for the purpose of disaster

management in the district in accordance with the guidelines laid down by the National Authority and the State Authority.

The district Collector will discuss the modalities and seek views for preparation of a holistic plan in the meeting of the DDMA held in the month of March and to prepare the plan by the end of April every year.

After finalisation the District Authority shall send a copy of the District DM plan to the State Disaster Management Authority for approval. The District Disaster Management Plan should be reviewed and updated annually.

1.3 Evolution of DDMP in brief: Evolution, Procedure and Methodology to be followed for preparation of DDMP

The Disaster Management Plans is the compilation of Block Disaster Management Plans and it evolves through a bottom up approach of preparing disaster management plan at village, GP and block level. The plan clearly indicates the role and responsibilities of each player of the team. The Collector at district level, Sub-Collectors at Sub divisional level and BDOs at the Block level head the team. The Sarpanch is the key player in GP level and the Community with guidance of Village Disaster Management Committee formulates and carries out this plan at village level. Civil Society Organisations also play a vital role during the implementation of this plan in the field. This year the DDMA meeting was held on 2nd March 2022 through virtual mode and all the members gave their valuable inputs and suggestions for the preparation of DDMP 2022-23. All the concerned line departments were asked to co-operate the District administration for DDMP preparation.

Formation of team (s) - These teams are constituted under Collector and members of DDMA from the Public Information departments and other line departments, village level / block level / Tehsil / Sub division which will be operating in coordination to each other and disseminating information to the DEOC where the district Information teams headed by District Emergency Officer who will process these information and take necessary action for the preparation of District Disaster Management Plan.

Plan preparation – After the finalization of the District Disaster Management Plan formation by DDMA it is the responsibility of the EOC to write the DDMP as prescribed format with in the stipulated time.

1.4-Stakeholders and their responsibilities

1.4.1 Collector-

1. During the period an area is an affected area the Collector may issue directions to the officers of the departments of the Government and the local authority in the affected area, to provide emergency relief in accordance with the disaster management plans.
 - (i) Make arrangements for release and use of available resources;
 - (ii) Control and restrict traffic to, from and within the area affected by a disaster;
 - (iii) Control and restrict the entry into, movement within and departure from any disaster area or its part
 - (iv) Make arrangements for removing debris;
 - (v) Conduct search and rescue operations;
 - (vi) Make arrangements for the disposal of the unclaimed dead body, by appropriate means;

- (vii) Provide alternative shelter;
 - (viii) Provide food, medicines and other essentials;
 - (ix) Require experts and consultants in the matters relevant to the disaster to provide relief under his direction and supervision;
 - (x) To take possession and make use of any property, vehicles, equipment, buildings and means of communication on such terms and conditions as may be prescribed.
 - (xi) Procure exclusive or preferential use of amenities as and when required;
 - (xii) Order for construction of temporary bridges or other structures;
 - (xiii) Demolish unsafe structures, which may endanger the public;
 - (xiv) Coordinate with non-governmental organizations and ensure that such entities carry out their activities in an equitable manner;
 - (xv) Disseminate information to the public to deal with the disaster;
 - (xvi) Direct and compel evacuation, of all or part of the population from any affected area for the purpose of preservation of life and for such evacuation and for such evacuation use such force as may be necessary;
 - (xvii) Authorize any person, to make any entry into any place, to open or cause to be opened, any door, gate or other barrier, if he considers such an action is necessary for preservation of life and property, if the owner or occupier is absent, or being present, refuses to open such door, gate or barrier;
2. The Collector may exercise the powers to the extent only that this is necessary for the purpose of -
- (a) Assisting and protecting the community;
 - (b) Providing relief to the community;
 - (c) Preventing or combating disruption; or
 - (d) Dealing with the destructive and other effects of the disaster.
3. The Collector may issue such directions to any person or government agency and take such other steps, as may be necessary to curtail the escalation of the disaster or to alleviate, contain or minimize the effects of disaster.

1.4.2 Sub Collectors / Block Development Officers:

- (i) Rain Recording Stations are to be made in good working Condition. Replacement of parts, repairs if any, are to be completed by 1st June.
- (ii) Daily Rain Fall reports from 1st June to be ensured by the Block Dev. Officers either through VHF (need repair) or over Telephone to the Dist. Emergency Officer in his Tel No. 2412407.
- (iii) Control Room will function in every Block / Sub divisional Offices from 1st April 2022 round the clock. A responsible Officer must be kept in charge of the Control Room for efficient monitoring. The staff/ Officers required might be requisitioned from different Offices by the Sub Collectors for Sub Divisions of Kuchinda and Rairakhol and for Sambalpur the Control Room will function in the Dist. Control Room with Officers and staff requisitioned by the Collector.
- (iv) For the Blocks in the Sub Divisional / Dist. Hdqrs., only one Control Room either in the Office of the Sub Collector or the BDO will do.
- (v) Vulnerable points in the villages / GPs are identified and repairs etc. is ensured through the departments concerned with the funds available with them before the ensuing Monsoon.
- (vi) All the water bodies (small & large) in the Villages be got verified and if necessary, the deepening, maintenance, etc. be ensured through the G.Ps before the Monsoon.

- (vii) Flood shelters will be identified by the BDOs in the vulnerable locations keeping in view of last flood, Drought or any other calamities that may occur in the coming days. Storage buildings near to such shelters are earmarked for storage of food stuff for calamity relief, when necessary.
- (viii) Essential Commodities may be preserved with the storage agents and in the locations identified in the remote / cut off areas before arrival of monsoon 2022.
- (ix) Distress persons in the villages as per the criteria given in the Orissa Relief Code may be identified and the G.R. Cards in the revised format may be issued to them.
- (x) N.G.Os operating in the field is involved in identification of locations / distress persons and particulars of such NGOs be reported to the Collector for reference and record.
- (xi) Wherever there is scarcity of water, cross bunds be erected through the G.Ps and during Monsoon such cross bunds may be removed to prevent flood. Such removal is considered taking in to account of the rain and flow of water.

1.4.3 Sub Collectors & Tahasildars:

- (i) Irrigation programme for Khariff and agricultural prospect as per Khariff programme be closely watched and deviation if any be reported with reasons and suggestions.
- (ii) The performance of the agricultural workers at field level be closely monitored and for the purpose, the cooperation of the Supervisory staff of Agricultural Dept. may be sought for.
- (iii) To take stock of monthly progress of agricultural operation, supply and use of implements, chemicals, plant protection chemicals and other inputs to ensure preventive action in time to avert loss / damage of crops.
- (iv) Death due to lightening or other Natural Calamities when published in the media or such other information received from different other sources be enquired jointly with local Medical Officer within 24 Hrs. without waiting for further orders from the CDM&PHO / SDMO / Sub Collector and report submitted to the Collector immediately for sanction and payment of Ex-gratia. The enquiry at the level of Revenue officers must be conducted by the Tehsildar or Addl.Tehsildars and not by the Rev. Inspectors or Supervisors. Similarly the report of enquiry on different matters must be the opinion of the Tehsildars or Addl. Tehsildars instead of simply forwarding the report of the Rev. Inspectors.
- (iv) Crop Cutting Experiments for the Khariff Crops be conducted as per the guide lines in the Orissa Relief Code and report submitted to the Collector in the prescribed format. This should be taken up suo-moto without waiting for further instructions from the Collector or ADM.
- (v) Location of flood relief camps is identified and relief materials required be assessed and requisitioned. Such assessment is made taking in to account of the materials already available with the BDOs and Tahasildars as Tents, Tarpaulin, etc were supplied to them during last flood 2020. The above preparedness to be completed by 1st June.
- (vi) Evacuation of people / encroachers from the low lying area of river banks and other flood prone area to be ensured by 1st week of June, 2022 to prevent loss of human life and property.
- (vii) Local NGOs, Voluntary Organizations, whose services can be utilized in relief work, should be identified and they may be kept alert. Such Organizations, who have contributed the services during the flood relief work in the year, 2022 be preferred, as they have gained better experience in the field.

1.4.4 Sub Collectors & Civil Supply Officer:

- (i) Public Distribution System may be kept actively working. Fair Price Shops should function well and allotment of Commodities and its lifting in time be ensured.

- (ii) Functioning of Storage Agents should be closely watched and the stocks in the stores should be verified through Officers very often to ensure transparency.
- (iii) Essential Commodities must be preserved in all the remote and inaccessible areas as well as the locations, which were cut off during the flood.
- (iv) Rice Millers/ Storage agents for procurement of Chuda / Gur and other essential items be identified and they may be informed to supply the requirements at any time when requisitioned.

1.4.5 Sub Collectors / Dist. Social Welfare Officer / C.D.P.Os:

- (i) Cases of unnatural death and incidence of natural calamities, like deaths due to Lightning death, etc, should be promptly reported to the Supervisors and other Govt. agencies available within the immediate reach, who in their turn shall give feedback to the BDOs or Tehasildars concerned.
- (ii) All Social Security Schemes be kept vigorously functioning and in case of lapses, personal liability will be fixed.

1.4.6 Superintendent of Police, Sambalpur:

- (i) Instructions to VHF Grids to pass on messages of Flood and other natural calamities on top priority may be issued.
- (ii) Installation of One VHF Set in the Dist. Control Room.
- (iii) Communication infrastructure to ensure smooth information flow from the inaccessible areas like Kud Gunderpur (Dhankauda Block), Meghpal (Jujumura Block), Khinda & Kisinda (Naktideul Block) etc. need be ensured.
- (iv) The Power Boat may be got repaired and kept in serviceable condition so that during monsoon, it can be set in to action during the Flood.
- (iv) To keep the Police Force alert to move into action at short notice in case of flood or other natural calamities.

1.4.7 Chief District Medical and Public Health Officer:

- (i) To take stock of availability and requirement of all medicines in the ANM Centers, CHCs, P.H.Cs, Sub-divisional Hospitals and Dist. Hdqrs. Hospitals and in case of anticipated further requirement, the same should be procured by 15th June. Life saving medicines, Snake biting medicines, medicines for Flood / drought victims, Sunstroke and Lightning victims and medicines under Pancha Vyadhi treatment should be in the priority list. ORS Packets and I V Fluids should also be sufficiently provided in all the health institutions and the ORS packets in all the Anganwadi Centers.
- (ii) During monsoon all the wells / ponds and other water bodies in the villages to be disinfected. Wells are to be treated with Halogen tablets are to be provided to all.
- (iii) Emergency Control Rooms be kept working with telephone numbers and a responsible person in charge round the clock. The Control Room now functioning in the Dist. Hdqrs. Hospital should be revitalized as no response is getting many a time when required.
- (iv) The arrangement made for mitigation of heat wave must continue in addition to the flood / drought action plan to be prepared by the CDM&PHO.
- (v) A team of Doctors be kept always in alert to move in to action as and when emergency situation arise and the health measures taken during pre / post flood situation be reported to the collector daily / weekly.
- (viii) Vacancies of medical / paramedical staff at the grass root level are filled up subject to the clearance of the appropriate authorities to ensure health care to the people at the village level.

- (ix) Cases of death due to Lightning and other calamities be enquired jointly by the local Med. Officer and Rev. Officers and report submitted to the Collector immediately. The Med. Officers should be instructed not to wait for further orders of the CDM&PHO or SDMO for such enquiry.

1.4.8 Chief Dist. Veterinary Officer:

- (i) Health care of the Cattle be ensured including arrangement for their drinking water.
- (ii) Ghosalas be identified for giving shelter to the cattle in case of emergency.
- (iii) Arrangement of fodder and cattle feed be ensured.
- (iv) Action plan for growing fodder be prepared and submitted. No. of such cultivators / No. of persons availed land under lease and the guide lines of the Govt. in the matter be reported to the Collector for follow up action with the Relief Branch of the Govt. One person from every Block be identified and motivated for the purpose.

1.4.9 DFO (Wild Life):

The Power Boat available with him is kept in good condition for use at the time flood (for rescue and relief purpose).

1.4.10 Executive Engineer, TPWODL, Sambalpur & Jharsauguda:

- (i) Trimming of trees above the electrical lines be ensured by June 15th 2022.
- (ii) Repair of joints of the electrical lines need be ensured by 1st week June. There are several incidents of accidents and death due electrical shocks from the broken lines.

1.4.11 Supndt. Engineer, Hirakud Dam Circle, Burla / Exe. Engineer, Burla:

- (i) Repair of all the Irrigation canals in the district be ensured before the ensuing Monsoon.
- (ii) Irrigation of all the lands under the ayacut area as per approved Khariff programme is ensured.
- (iii) Repair of all the vulnerable areas in the embankments and breeches of last flood to be repaired. They should also ensure proper maintenance of the Ring road, particularly the portions cut off during last flood.
- (iv) Opening and closure of the Gates of the Hirakud Dam need be discussed with Dist. Administration and finalized. In case, more than 8 gates are to be opened, the intimation is given giving minimum 48 Hrs to ensure wide publicity in the habitation along the downstream.
- (v) Inflow & outflow to the reservoir of Hirakud Dam from Mahanadi, IB and other tributaries be informed to the Collector daily in writing from 15th June 2022.
- (vi) All the Power Boats may be repaired and the number of such Boats functioning be reported to the Collector.
- (vii) Control Room be activated and the number of the Control Room be intimated to the Collector and widely published in the local news papers for public information. An Officer in the rank of Asst. Engineer is kept in charge of the Control Room round the clock in addition to other supporting staff.

1.4.12 Chief District Agriculture Officer / Project Manager, OAIC/ Ex. Engineer, OLIC:

- (i) The agricultural activities are limited to the programme approved. The farmers are strictly asked not to take up agricultural operation outside the programme approved. Advance / timely sowing operation and early raising of seedling is to be ensured. Alternative arrangement for seedling be made to supplant damage etc. due to flood or other calamities preferably near to the Katas, Dug Wells, etc.
- (ii) Farmers be educated / motivated to adopt crash crops instead of paddy, particularly in the high land. Different Govt. schemes meant for farmers are informed to the farmers through the VAWs.
- (iii) Distribution of sufficient stock of seeds and fertilizers and other agricultural implements to the sale centers is ensured. There should not be complaints from the farmers about non-availability of seeds or fertilizers.

- (iv) Weather and crop situation report indicating program / progress of agricultural activities, condition of crops, use of fertilizers etc. in low land, medium land and high land and all other relevant information in connection with be submitted to the Collector in weekly basis.

1.4.13 Dy. Registrar of Co-operative Societies:

- (i) Different schemes sanctioned by the Govt. for Khariff activities be implemented immediately.
- (ii) Conversion proposal in favor of Small / Marginal and poor loaners be taken up and progress reported every fortnightly.
- (iii) E.P. Cases to be instituted against the defaulters/ big farmers and the progress reported along with the Fortnightly report.

1.4.14 Ex. Engineer, RWSS:

- (i) In case of damage of Tube Wells or Piped Water Schemes, arrangement for provision for drinking water in the area through tankers be ensured. Syntax tanks in such cases are to be supplied in the vulnerable areas.
- (ii) Sufficient quantity of riser pipes, handles, etc. be procured and kept in stock.
- (iii) Arrangement made for the heat wave situation should be kept going on during the monsoon also.

1.4.15 Superintendent Engineer, PHD:

- (i) To complete survey of the Tube Wells situated in the flood prone areas and likely to be submerged during the flood and necessary arrangement for supply of drinking water in such locality may be made by 1st June and a copy of the action plan be submitted to the Collector.
- (ii) List of defunct Tube Wells be prepared and submitted to the Collector for its replacement as and when further allotment from the Govt. receives.
- (iii) The action plan prepared for the Heat wave mitigation should continue till the Monsoon is over.

1.4.16 Executive Officer, Sambalpur Municipal Corporation / all NACs:

- (i) Repair of roads where path holes exist be repaired to avoid accident during heavy rain.
- (ii) Trimming of tress and felling of dry / hanging tress are to be ensured by 1st week of June.
- (iii) Cleaning of drains, large water bodies before the monsoon is to be ensured.
- (iv) All embankments in the vulnerable areas be repaired / maintained.
- (v) Executive Officer, Sambalpur Municipal Corporation to contact the Ex. Engineer Irrigation, Burla and take advance step to get the breached points in the last flood is well maintained to avoid further breach.

1.4.17 Range Fire Officer:

- (i) He shall be in alert during monsoon and his team be ready for action at short call. The drivers and the staff engaged with the Fire Brigade should not be allowed leave during the period of monsoon.

1.4.18 DIPRO:

- (i) He must make arrangement for release of news bulletin to the press and media regarding rain fall, flood, release of flood water from the Hirakud Dam, preventive measures taken and all other activities, the district administration is taking to mitigate the distress of the people.
- (ii) He must keep close liaison with Dist. Emergency Officer / Addl. Dist. Magistrate and the Collector for the purpose.

1.4.19 All District Level Officers:

- (i) Under the provisions of the Orissa Relief Code and instruction of the Govt., the RDC & the Collector are competent to requisition the service any Officers in the District irrespective departments for relief duty at the time calamity. Therefore, as a matter of preparedness, no Officer shall leave their headquarter without the knowledge of the RDC & Collector even when they are

allowed to do so by their competent authorities. This instruction is strictly be carried out from the month of June as their services will be required at any time during the Monsoon.

- (ii) In case an Officer is allowed to leave headquarters, it should be the responsibility of the Officer leaving the headquarters to keep a responsible person in charge of him to answer / explain the activities of the department as and when required.
- (iii) The departmental Officers must be always in readiness to move to the field for relief duties.

1.4.20. Private Sector:

- (i) The private sector should be encouraged to ensure their active participation in the pre-disaster activities in alignment with the overall plan developed by the DDMA or the Collector.
- (ii) They should adhere to the relevant rules regarding prevention of disasters, as may be stipulated by relevant local authorities.
- (iii) As a part of CSR, undertake DRR projects in consultation with district collector for enhancing district's resilience.

1.4.21. Community Groups and Volunteer Agencies:

- (i) Local community groups and voluntary agencies including NGOs normally help in prevention and mitigation activities under the overall direction and supervision of the DDMA or the Collector.
- (ii) They should be encouraged to participate in all training activities as may be organized and should familiarise themselves with their role in disaster management.

1.4.22. Citizens:

It is the duty of every citizen to assist the District Collector or such other person entrusted with or engaged in disaster management whenever demanded generally for the purpose of disaster management.

1.5 Plan for review and updating: Periodicity

Planning teams should establish a process for reviewing and revising the plan. Reviews should be a recurring activity. Review on an annual basis is considered minimum. It should be mandatory to consider reviewing and updating the plan after the following events:

- (i) A major incident happened in the district.
- (ii) A change in operational resources (e.g., policy, personnel, organizational structures, Management processes, facilities, equipment).
- (iii) A formal time to time update of planning guidance or standards.
- (iv) Major exercises conducted during the year in the district.
- (iv) A change in the district's demographics or hazard or threat profile.
- (v) The enactment of new or amended laws or ordinances.

The responsibility for the coordination of the development and revision of the basic plan, annexes, appendices and implementing instructions must be assigned to the appropriate person(s).

It is recommended that a DDMP be internally reviewed on a yearly basis and either be updated or reaffirmed. The updates or reaffirmed document may also be used to summarize the accomplishments of the past year and help the administration to prioritize mitigation goals for the next year.

Chapter-2 : District Profile

2.1 History & Location:

Sambalpur lies between latitude 20°54' to 22°11' North and longitude 83°49' to 84°45' East. The district has an area of 6657 sq.km out of which forest area is 3631.77 sq.km. The district consists of wide expanse of fairly open country fringed by forest-clad hills as well as series of low hill ranges of irregular shapes. The plains' elevation range from 146m to 228m above MSL whereas the highest elevation point marked to be as Pariapahar 762m above MSL in the border of Sambalpur and Deogarh district (TS No. 73C/7). River Mahanadi and Maltijhor control the major drainage system. The district forms a part of central basin of Mahanadi river.

2.2 Administrative Setup:

No. of Sub Divisions-3, No. of municipalities /Corporations-1, No of Blocks-9, No. of Tahasils-9, No. of N.A.Cs -2, No. Of Police Stations-24, No. of inhabited villages-1238, No. of villages-1322, No. of Grampanchyats-134.

2.3 Climate & Rain fall:

The district experiences extreme climate; where in summer mercury raises up to 47° C in the month of May and in winter it dips as low as 4.5°C during December/January. Humidity is normally 24% in winter and 35% in rainy season.

The rainfall data recorded in the district during the year from **2003 to 2021** are indicated below:

Table 2-1 Rain Recording Station

2.4 Geography:

Geologically, Sambalpur forms a part of Central Indian Craton, which has been stabilized since 2500 m.y. Most of the areas are covered by metamorphic rocks of Achaeon age succeeded by sedimentary rocks of Proterozoic and Gondwana. Metamorphic rocks of Achaeon age belong to Dharwarian group. The rock types include schists, gneisses, porphyritic granite, younger granite (grey & pink coloured), quartzite, banded iron formation (BIF), charnockites, khondalites and intrusives like amphibolites, basic/ultrabasic rocks, nepheline syenite, pegmatites and quartz veins. The Kolhan group (equivalent to Dhanjori group) comprising meta sedimentary rocks underlain by granite gneiss and BIF. The regional trend of the litho units is NNE-SSW to NE-SW. Sambalpur town is situated on the quartzite and quartz schist exposures having trend ENE-WSW belonging to Proterozoic age. The nepheline-syenite outcrops are marked around Redhakhol. The Archaeon rocks are overlain by Proterozoic sediments such as quartzite/sandstone and shale. These rocks are exposed on SW rim of Hirakud reservoir, which forms eastern margin of the Chhatisgarh basin. The proterozoics are unconformably overlain by Lower Gondwana rocks (Talcher & Damuda group) represented by shale, sandstone and coal seams. The rocks are exposed around Rail and Koing in Redhakhol sub division. A prominent fault known as North Orissa

Boundary Fault (NOBF) is running from northwestern border to eastern coast and forms a boundary between north Orissa craton in north and Eastern Ghat Mobile Belt in the south. The other fault is running from Sambalpur to Sonepur in NE – SW direction.

2.5 Topography:

Sambalpur district forms part of the Northwest upland of Orissa, which is rolling and multiplying the ground slopes from a height of 776 ft. to a height of 460 ft. The thick blanket of black cotton soil all over the district has been made somewhat sticky by the yellow earth developing in the undulating topography of the district. Isolated hills rising sharply from the surface are a regular sight.

2.6 River System:

Sambalpur is mainly known of its rivers running throughout the district. Major rivers of Sambalpur district are Mahanadi, Sionath, Mond, Ib, Veden, Hansdeo.

Chapter- 3 : Hazard, Vulnerability and Risk Assessment

History of Disaster in the District:

Table No.3-1 History of Disaster

Sl. No	Type	Last severe Occurrence	Remarks
1	Flood	July 1982	Balibandha bridge was broken. Now the bridge with sluice gates is being maintained by EE, irrigation.
2	Earthquake	1995	Possibly due to reservoir induced.
3	Heat wave	May 1998	204 casualty (188 + 16) 188 were paid ex-gratia.
4	Drought	2000	Occurs every alternate year.
5	Flood	July 2001	4 Casualty
6	Earthquake	30th June 2003	Tectonically active zone.
7	Flood	July 2003	--
8	Flood	July 2005	No damage but impending of water in N. Guha Lane, Gopalimal,
9	Chlorine Gas Leakage	August 2005	Residents of Dasmati Colony, Thakurpada, Railway Station Colony affected but only 1 casualty
10	Heat wave	May 2006	2 Casualty
11	Heavy Rain / Flash Flood	August 2006	2 Casualty
12	Heavy Rain / Flash Flood	2007	--
13	Drought/Pest Attack 2009	2009	All the blocks
14	Drought 2010	2010	All the blocks
15	Flood/ Heavy Rain 2011	Sept 2011	All the blocks except Rairakhol and part of Rengali Casualty – 5
16	Flood/Heavy Rain 2014	August 2014	Sambalpur Municipality, Dhankauda & Maneswar Block. Casualty-5
17	Drought-2015	September 2015	All Blocks
18	Drought-2017	September 2017	All Blocks

19	Pest Attack- 2017	December 2017	All Blocks
20	Flood 2017	January 2018	Rengali, Sasan
21	Flood 2018	July 2018	SMC, Dhankauda, Rairakhol
22	Hailstorm- 2018	May 2018	SMC, Jujumura, Maneswar
23	Drought-2018	September 2018	All Blocks
24	Flood -2019	July & August 2019	SMC
24	Flood -2020	September 2020	SMC
25	COVID-19-2020	March-December	All over the District
26	COVID-19-2021	March-August	All over the District

3.1 Major Disasters/ Incidents during 2008-2021

Table No.3-2

Sl . N o.	Disaster/ Incident	No. of incidents during (2008-2018)	No. of Deaths	Affected Population /Family	Livestock Loss	Houses Damaged	Damage to Infrastructure				Damage and loss of Crop Area (in Hectares)
							School/ AWC Buildings	Hospitals	Road in Km.	Other Critical Infrastructure

4	Rail	3	3	3	0	0	0	0	0	0	0

	Accident										
5	Drowning other than during flood	48	35	38	0	0	0	0	0	0	0
6	Snake bite (Other than during flood)	36	23	36	0	0	0	0	0	0	0

[Year wise details of each disaster occurred during the last 10 years is at Table No. 3.1 of Volume II of DDMP]

3.2 Major Disasters/ Incidents in the District during 2021-22 .:

COVID-19 Second wave impact a lot in the district during this year.

3.3 Vulnerability and Risk Assessment related to disasters:

The major Hazard Sambalpur district facing are Flood, Drought, Earthquake, Heat wave, Industrial chemical hazard.

Flood: Sambalpur Municipal Corporation area including Burla, Hirakud, Maneswar Block, Dhankauda Block, Rengali Blocks are mostly coming under flood zone in the district around 41 villages/ 29 wards are highly affected during flood.

Drought: All nine blocks of Sambalpur district are drought affected area.

Earthquake: Sambalpur district is coming under earthquake moderate damage risk zone III , which implies that a readiness is must for the earthquake situation.

Heat wave: Every year western Odisha is facing severe Heat Wave situation, out of which Sambalpur is also facing the same with a rise of temperature up to 48 degree.

Industrial Chemical Hazard: There are two major and around twelve small industries are found in the district. They are dealing with many toxic and danger chemical like Chlorine, Ammonia, Liquid Oxygen, Propane/LPG, Flammable Liquid, Hydrogen etc.

3.3.1 Cyclone:

No cyclone prone area.

3.3.2 Tsunami:

No tsunami prone area.

3.3.3 Flood:

As Sambalpur is situated in the river bank of Mahanadi, Veden etc so the district is the witness of severe flood situation in the state. The history of flood situation in the state are as follows- July 2001-4, July 2005- No damage but impending of water in N. Guha Lane, Gopalimal, Heavy Rain / Flash Flood, August 2006, Flood/ Heavy Rain Sept 2011- All the blocks except Rairakhol and part of Rengali, Flood/Heavy Rain August 2014- Sambalpur Municipality, Dhankauda & Maneswar Block, Flood/Heavy Rain August 2018- Sambalpur Municipality, Dhankauda & Maneswar Block, 2020- some area of Charvati, Mayabagicha, Hirakud Colony, Govindtola.

3.3.4 Flood vulnerable areas of the district in general.**Table No.3-3**

Sl. No.	Name of the Block/ ULB	No. of susceptible Gram Panchayats	No. of susceptible villages/ Wards	Population in Nos.	Milch and Draught animals	Houses	Vulnerable Infrastructure			
							School/ AWC Buildings	Hospitals	Roads (in Km)	Other Critical Infrastructure
1	Maneswar	3	13	4394	1650	971	3	0	5 KM	No
2	Jujumura	3	5	2300	400	550	12	0	2 KM	0
3	Dhankauda	4	13	3702	0	550	0	0	0	0
4	Sambalpur Municipal corporation		29	8980	0	9000	0	0	0	0
5	Rengali	4	10	9322	1992	2393	5	0	0	0

(Detailed list of vulnerable Villages/Wards is at table No. 3.2 of Volume II of the DDMP.)

3.3.5 Causing agent wise flood vulnerable areas of the district.**Table No.3-4**

Sl. No.	Causing agent- Rivers/ Water bodies/Tidal Wave/ Others	No. of Susceptible Block s/ ULB	No. of Susceptible GPs	No. of Susceptible Villages/ Wards	Vulnerable Population	Milch and Draught animals	Houses	Vulnerable Infrastructure			
								School/ AWC Buildings	Hospitals	Roads (in Km)	Other Critical Infrastructure

Chapter – 4 : Institutional Arrangement

4.1 National Disaster Management Authority (NDMA)

The National Disaster Management Authority (NDMA) was constituted under the Sub-section (1) of Section (3) of National Disaster Management Act 2005. NDMA is the apex body for Disaster Management in the country headed by the Hon'ble Prime Minister of India to lay down policies, plans and guidelines to manage disaster and coordinating their enforcement and implementation for ensuring timely and effective response to disaster. The Chairperson of the NDMA is the Hon'ble Prime Minister of India (*ex-officio*) and others members not exceeding than nine may be nominated by him. The Chairperson may designate one of the members to be the Vice-Chairperson.

4.2 National Executive Committee (NEC)

The central government has constituted a National Executive Committee (NEC) under sub-section (1) of Section (8) of DM Act-2005 to assist the National Disaster Management Authority in the discharge of its function and also ensure compliance of the directions issued by the central government. The Union Home Secretary is the Chairpersons (*ex-officio*) of NEC.

The Secretaries to the Government of India in the ministries/departments having administrative control of the agriculture, defense, drinking water supply, environment and forests, finance (expenditure), health, power, rural development, science and technology, space, telecommunication, urban development, water resources and chief of the integrated defence staff of the chief of staffs are other members of NEC.

4.3 State Disaster Management Authority (SDMA)

The State Disaster Management Authorities (SDMA) has to be constituted by every state government under the subsection (1) & (2) of section 14 of Disaster Management Act 2005. The Hon'ble Chief Ministers of the state are the Chairpersons (*ex-officio*) of SDMA and other members not exceeding than eight may be nominated by the Chairpersons. The Chairman of the State Executive Committee (SEC), Chief Secretary of the State is a member and Chief Executive Officer (*ex-officio*) of SDMA.

4.3.1 The State Disaster Management Authority shall:-

- a) Lays down policies and plans for disaster management in the State.
- b) Approves the State Plan in accordance with the guidelines laid down by the NDMA,
- c) Coordinates the implementation of the State Plan, recommend provision of funds for mitigation and preparedness measures.
- d) Review the developmental plans of different departments of the State to ensure the integration of prevention, preparedness and mitigation measures.
- e) Lay down guidelines to be followed by the departments of the State Government for the purpose of integration of measures for prevention of disasters and mitigation in their development plans and projects and provide necessary technical assistance there for.
- f) Review the measures being taken for mitigation, capacity building and preparedness by the departments of the Government & issue such guidelines as may be necessary.
- g) Lay down detailed guidelines for providing standards of relief (Not less than the minimum standard of relief in the guidelines of NDMA) to persons affected by disaster in the State.

4.4 State Executive Committee (SEC)

The State Executive Committee (SEC) has been constituted by the State Governments under sub-section (1) & (2) of section (20) to assist the State Disaster Management Authority (SDMA) in the performance of its function and to coordinate action in accordance with the guidelines laid down by the SDMA and ensure the compliances of directions issued by the State Government under the DM act. The Chief Secretaries of the States are the Chairman of SEC (ex-officio). Four Secretaries of State Government are the other member's ex-officio. The Chairperson of SEC use powers delegated by SDMA's and state Governments.

4.4.1 The State Executive Committee shall:-

- a) Coordinate and monitor the implementation of the National Policy, National Plan and State Plan.
- b) Examine the vulnerability of different parts of the State to different forms of disaster and specify measures to be taken for their prevention and mitigation.
- c) Lay down guidelines for preparation of disaster management plans by the departments of the Government of the State and the District authorities and monitor the implementation of the plans.
- d) Evaluate preparedness at all government and non-government levels to respond to any threatening disaster situation or disaster and give all directions where necessary for enhancing such preparedness.

4.5 Revenue and Disaster Management Department

The Revenue and Disaster Management Department is responsible for providing immediate relief to the people affected by various calamities like floods, droughts, cyclones, hailstorms, earthquakes, fire accidents, etc. It also takes initiatives for relief, rescue, rehabilitation and restoration work. The Department is headed by the Principal Secretary/Addl. Chief Secretary, Revenue and Disaster Management Department who exercises all administrative and financial powers.

4.6 Special Relief Organization

The Special Relief Organisation was established under the Board of Revenue in 1965-66 for carrying out relief and rescue operation during and after various disasters. Since its inception, the scope of Relief Organisation has been diversified. Now it deals with disaster management i.e. response, relief and rehabilitation. It coordinates with districts/departments for quick relief and rescue operation, reconstruction and rehabilitation work. It also promotes disaster preparedness at all levels in the State with the assistance of Odisha State Disaster Management Authority (OSDMA). Quick response in the natural calamities is the hall-mark of Special Relief Organisation.

4.7 Odisha State Disaster Management Authority (OSDMA)

Odisha State Disaster Mitigation Authority (OSDMA) was established by the Government of Odisha as an autonomous organization vide Finance Department Resolution No. IFC- 74/99-51779/F dated the 28th December 1999 (in the intermediate aftermath of the Super-cyclone in 1999). It was registered under the Societies Registration Act, 1860 on 29.12.1999 as a non-profit making & charitable institution for the interest of the people of Odisha, with its headquarters at Bhubaneswar and jurisdiction over the whole State.

The Authority has the mandate not only to take up the mitigation activities but also the relief, restoration, reconstruction and other measures. These activities cover the entire gamut of disaster management including preparedness activities and also include:

- Coordination with the line departments involved in reconstruction,
- Coordination with bilateral and multi-lateral aid agencies,
- Coordination with UN Agencies, International, National and State-level NGOs,
- Networking with similar and relevant organizations for disaster management.

4.8 State Level Committee on Natural Calamity (SLCNC)

A State Level Committee on Natural Calamity (SLCNC) has been constituted under the Chairmanship of the Hon'ble Chief Minister to oversee disaster preparedness and response activities.

The Function of the SLCNC is -:

- a) To advise the State Government regarding precautionary measures to be taken in respect of flood, drought and other natural calamities.
- b) To assess the situations arising out of the calamities.
- c) To recommend to Government the nature and quantum of relief; and
- d) To recommend to Government the Policy to be adopted in giving such relief in areas affected by such calamities.

{Please refer Figure_of Volume –II (Page no.395) for Odisha Government Notification on reconstitution of SLCNC}

4.9 District Disaster Management Authority (DDMA), Sambalpur

Under the sub-section (1) of section 14 of DM act 2005. District Disaster Management Authority has been constituted by the State Government. The District Disaster Management Authority (DDMA) consists of the Chairperson and such number of the other members, not exceeding seven, as may be prescribed by the State Government, and unless the rules otherwise provide, it shall consist of the following namely:-

- a) The Collector or District Magistrate or Deputy Commissioner of the District is the Chairperson (*ex-officio*) of DDMA.
- b) The elected representative of local authority is the Co-chairperson (*ex-officio*) of DDMA. Provided that in the Tribal Areas, as referred to in the Sixth Schedule to the Constitutions, the Chief Executive Member of the district council of autonomous district, shall be the co-Chairperson, *ex officio*
- c) The Chief Executive of the District Authority, *ex officio*
- d) The Superintendent of Police, *ex officio*;
- e) The Chief Medical Officer of the district, *ex officio*;
- f) Not exceeding two other district level officers, to be appointed by the State Government, the State Government appoints an officer not below the rank of Additional Collector or Additional District Magistrate or Additional Deputy Commissioner, as the case may be of the District to be Chief Executive Officer of DDMA.

[Please refer Figure of Volume –II (Page no.396) for Odisha Government Notification on constitution of DDMA]

4.9.2 Organogram of District Disaster Management Authority, Sambalpur**Figure .4-1**

The Sambalpur DDMA acts as the district planning, coordinating and implementing body for disaster management and take all measures for the purpose of disaster management in the district in accordance with the guidelines laid down by the NDMA and SDMA.

4.9.3 The District Disaster Management Authority (DDMA), Sambalpur shall:-

- a) Prepare Disaster Management Plan including District Response Plan of the Sambalpur district.
- b) Coordinate and Monitor the implementation of the National DM Policy, State DM Policy, State DM Plan and District DM Plan.
- c) Ensure that vulnerable areas of the districts are identified and prevention and mitigation measures are being undertaken by the departments of the Government both at district level and at local level.
- d) Ensure that guidelines for Prevention and Mitigation measures, Preparedness and Response as lay down by NDMA and SDMA are being followed by all departments of Government both at district and local level.
- e) Monitor the implementation of Disaster Management Plans prepared by the departments of the Government at the district levels.
- f) Lay down guidelines to be followed by different Government departments both at district level and local level for integrating disaster prevention and mitigation measures in their development plans and projects and provides necessary technical assistance there for.
- g) Review the state of capability for responding to any disaster or threatening disaster like situation in the district and give directions to the relevant departments or authorities at the district level for their up gradation.
- h) Review the preparedness measures and give directions to the concerned departments at the district level for bringing the preparedness measures to the levels required for responding effectively to any disaster.
- i) Organize, coordinate and facilitate specialized training programmes and awareness programmes for different level of officers, employees, voluntary rescue workers and community members for prevention and mitigation of disaster with support of governmental and non-governmental organization and local authorities.
- j) Set up, maintain, review and upgrade mechanism for early warning and dissemination of proper information to public.
- k) Review development plans prepared by the departments of the government at the district level, statutory authorities with a view to make necessary provisions therein for prevention of disaster or mitigation.
- l) Examine construction in any area in the district an ensure standards for prevention of disaster or mitigation laid down for such construction to be followed by the concerned departments and authorities.
- m) Identify buildings and places which could be used as relief centers or camps in the event of any disaster or disaster like situation and make arrangements for water supply and sanitation in such buildings and places.
- n) Establish stockpiles of relief and rescue materials or ensure preparedness to make such materials available at short notice;
- o) Encourage the involvement of Non Government Organization and Voluntary social –welfare institutions working at the grass root level in the district for disaster management.
- p) Ensure communication systems are in order and disaster management drills are carried out periodically.

q) Perform such other functions as the State Government or State Authority may assign to.

4.9.4 Specific task assigned to members of DDMA by the Chairperson

Member 1:- Superintendent of Police-Maintain Law and Order during any disaster or emergency situation in the district. Assign for a key role during recovery and rescue operation. Installation of One VHF Set in the Dist. Control Room.

Member 2: PD DRDA-Facilitate all the relevant schemes for pre and post disaster, recovery, rehabilitation. Supervise all the work related to disaster by monitoring the Block level officials and line departments.

Member 3: Dy. Director, Agriculture - Alternative arrangement for seedling be made to supplant damage. Adequate capacity building for the farmers for rehabilitation. Schemes meant for farmers be informed to the farmers. Distribution of sufficient stock of seeds and fertilizers and other agricultural implements to the sale centers be ensured.

Member 4: CDMO-Regular check and assure the availability of Life saving medicines, Snake biting medicines, medicines for Flood / drought victims, Sunstroke and Lightning at different PHCs and CHCs. During monsoon all the wells / ponds and other water bodies in the villages to be disinfected. Emergency Control Rooms be kept working with telephone numbers and a responsible person in charge round the clock. A team of Doctors be kept always in alert to move in to action as and when emergency situation arise.

Member 5: Executive Engineer Main Div Burla- Repair of all the vulnerable areas in the embankments and breaches of last flood to be repaired. Opening and closure of the Gates of the Hirakud Dam need be discussed with Dist. Administration and finalized. In case, more than 8 gates are to be opened, the intimation be given giving minimum 48 Hrs to ensure wide publicity in the habitation along the downstream. All the Power Boats may be repaired and the number of such Boats functioning be reported to the Collector.

Member 6: Executive Engineer R&B- Identification of weak-points. Repair of weak roads / structures / canals before hazard season. Stockpiling of building material. Arrangement of equipments for road clearance

4.10 District Level Committee on Natural Calamity (DLCNC), Sambalpur

The Codal provision of Odisha Relief Code envisages the constitutions of District Level Committee on Natural Calamity (DLCNC) which is the apex committee at the district to monitor preparedness and suggests improvement in the response mechanism and finalizes the district disaster management plans. The members of DLCNC are as follows:

4.10.1 Structure of District Level Committee on Natural Calamity, Sambalpur**Table No.4-2**

4.10.2 Specific task assigned to members of DLCNC by the Chairperson

Member 1:- Superintendent of Police-Maintain Law and Order during any natural calamity situation in the district. Assign for a key role during recovery and rescue operation. Installation of VHF Set in the Dist. Control Room to keep the Police Force alert to move into action at short notice in case of flood or other natural calamities

Member 2: PD DRDA-in any calamity situation PD DRDA is to supervise all the work related to disaster by monitoring the Block level officials and line departments.

Member 3: Dy. Director, Agriculture – Assessment of losses and damaged to the crops. Alternative arrangement for seedling be made to supplant damage.. Distribution of sufficient stock of seeds and fertilizers and other agricultural implements to the sale centers be ensured.

Member 4: CDM&PHO-Regular check and assure the availability of Life saving medicines, Snake biting medicines, medicines for Flood / drought victims, Sunstroke and Lightning at different PHCs and CHCs.. A team of Doctors be kept always in alert to move in to action as and when any natural calamity situation arises.

Member 5: Executive Engineer Main Div Burla- Opening and closure of the Gates of the Hirakud Dam need be discussed with Dist. Administration and finalized in order to control any natural calamity. In case, more than 8 gates are to be opened, the intimation be given giving minimum 48 Hrs to ensure wide publicity in the habitation along the downstream. All the Power Boats may be repaired and kept in readiness to cope up with the natural calamity situation.

Member 6: Executive Engineer R&B-Arrangement of equipments for road clearance for quick movement for rescue and recovery operation, and to ensure the rehabilitation work is to be speed up in post calamity situation.

4.11 Other Committee in the Sambalpur District

100 Village level Disaster Management Committee formed across the Sambalpur District.

4.12 National Disaster Response Force (NDRF)

The Disaster Management Act 2005 has made the statutory provisions for the constitution of the National Disaster Response Force (NDRF) for the purpose of specialized response to natural and man-made disasters. The NDRF comprises of 12 units of Central Paramilitary Forces (CPMF) that includes 3 units each from Central Reserve Police Forces (CRPF) and Boarder Security Forces (BSF) and 2 Unit each from Central Industrial Security Forces (CISF), Indian Tibbet Boarder Police (ITBP) and Sahastra Seema Bal (SSB). Each battalion has 18 self-contained specialists Search and Rescue teams of 45 personnel. The NDRF team includes Chemical, Biological and Radiological Disaster (CBRN) emergency responders, S&A element, engineers, technicians, electricians, dog squads and paramedics. The NDRF battalions are strategically located at 8 different locations in the country based on the vulnerability profile to cut down response time for their deployment. During the threatening proactive deployment of NDRF is being carried out by NDMA in consultation with the State Governments.

4.13 Odisha Disaster Rapid Action Force (ODRAF)

The Government of Odisha formed Odisha Disaster Rapid Action Force (ODRAF) vide notification no.939/CD dated 07.06.2001. ODRAF is a multi-disciplinary, multi-skilled, high-tech force for all types of disasters. ODRAF aims at reducing casualties, clearance of communication channels, quick deployment of personnel and equipments and minimize expenditure and time lag and support institutional arrangement. In 3 phases, ten units of ODRAF have been set up. The ODRAF units are strategically located throughout Orissa. Locations of these units are identified on the basis of vulnerability profile to cut down the response time for their deployment. The ODRAF Units do not have any geographical /territorial restrictions in terms of area of operation.

10 new units of ODRAF have been proposed to set up at different locations like Sambalpur, Boudh, Kalahandi, Nawarangpur, Gajapati, Berhampur, Puri, Khorda, Kendrapada and Jajpur

4.15 Emergency Communication System

4.15.1 State Emergency Operation Center (SEOC)

The State Emergency Operation Centre has been made operational at Rajiv Bhawan, Bhubaneswar with state of art communication net-work. The State EOC functions round the clock throughout the year. The Organisation is headed by the Special Relief Commissioner (SRC) who exercises all administrative and financial powers. He is assisted by a group of experienced officers and staff. During any natural disaster, the office functions round the clock in an emergency mode.

Figure. 4-3 : Information flow chart from SEOC to Districts

4.15.2 District Emergency Operation Centers (DEOC), Sambalpur-

The Emergency Operation Centre, Sambalpur is situated at the Collectorate Sambalpur. Contact No- 0663-2412407 The Officer in Charge is Ms. Jayashree Padhi, Deputy Collector, Emergency, with one Senior clerk, one Junior clerk and one Data Entry Operator in the department.

4.16.2 Functions of the State Crisis Group

The State Crisis Group is the apex body in the State to deal with major chemical accidents and to provide expert guidance for handling major chemical accidents. Without prejudice to the functions specified under sub-rule (1), the State Crisis Group shall,

1. Assist the State Government in managing chemical accidents at a site;
2. Review all district off-site emergency plans in the State with a view to examine its adequacy in accordance with the Manufacture, Storage and Import of Hazardous Chemicals, Rules and forward a report to the Central Crisis Group once in three months;
3. Assist the State Government in the planning, preparedness and mitigation of major chemical accidents at a site in the State;
4. Continuously monitor the post accident situation arising out of a major chemical accident in the State and forward a report to the Central Crisis group
5. Review the progress report submitted by the District Crisis groups;
6. Respond to queries addressed to it by the District Crisis groups;
7. Publish a list of experts and officials in the State who are concerned with the management of chemical accidents.

4.17 District Crisis Group

As prescribed in the chemical accidents (emergency planning, preparedness, and response) rules, 1996, the District Crisis Group has to be constituted.

The District Crisis Group is the apex body in the district to deal with major chemical accidents and to provide expert guidance for handling chemical accidents. Without prejudice to the functions specified under sub-rule (1), the District Crisis Group shall,-

1. Assist in the preparation of the district off-site emergency plan;
2. Assist the district administration in the management of chemical;

3. Continuously monitor every chemical accident;
4. Review all the on-site emergency plans prepared by the occupier of Major Accident Hazards installation for the preparation of the district off-site emergency plan;
5. Ensure continuous information flow from the district to the Central and State Crisis Group regarding accident situation and mitigation efforts;
6. Forward a report of the chemical accident within fifteen days to the State Crisis Group;
7. Conduct at least one full-scale mock-drill of a chemical accident at a site each year and forward a report of the strength and the weakness of the plan to the State Crisis Group.

5.4 Scope for integrating different schemes for Disaster Risk Reduction (DRR) Activities.

Table No.5-3

Sl. No.	Scheme	Possible activities for DRR
1	MGNREGS	Drought and Flood protection measures
2	IAY	Construction of fire proof and earthquake resistance house
3	GGY	Strengthen relief lines and drainage, restoration of power distribution station,
4	Finance Commission Assistance	1. Building capacity in the administrative machinery for better handling of disaster risk response and for preparation of District Disaster Management Plans (DMPs) as envisaged in the Disaster Management Act (2005). 2. Relief requirements of a severe calamity could not be met from state resources. 3. Special budgetary allocation on disaster preparedness and mitigation measures.
5	NRHM	Control of epidemics, immunization etc.
6	PMKSY	Protective irrigation to all agricultural farm and flood control measures, strength embankment of water bodies
7	JALNIDHI	Drought mitigation measures through creation of captive irrigation sources through shallow tube wells, bore wells, dug wells and river lift

		projects
8	NFSM (Rice)	1. Integration with the district plan and fixed targets for each identified pockets of the district. 2. Promotion and extension of improved technologies i.e., seed, Integrated Nutrient Management including micronutrients, soil amendments, Integrated Pest Management (IPM) and resource conservation technologies along with capacity building of farmers; 3. Supply of diesel pump sets during drought
9	RKVY	1. Preparation of agriculture plans for the districts and the States based on agro-climatic conditions, availability of technology and natural resources; 2. Development of structures for to mitigate various disaster related to agricultural, horticultural and veterinary
10	Biju KBK	Building rural infrastructure on Bijli, Sadak Pani (e.g., critical roads and bridges, village electrification, minor irrigation projects, tanks, watershed and afforestation.
	MPLAD/MLALAD	Guard wall to check soil erosion
11	Western Odisha Development Council (WODC)	Construction critical road & communication, minor irrigation, construction of check dams, installation of LIPs, water supply schemes etc.
	National Afforestation Programme through FDA,s	Afforestation, control & prevention of forest fire and trench and structural measures to control soil erosion.
12	Minikit Programme, Enrichment of Crop residue and Departmental Fodder farms	Promotion of perennial roots & slips for fodder development during drought.
13	Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY): / Biju Gram Jyoti Yojana (BGJY)	To provide access to un-electrified villages
14	Odisha Power Sector Improvement Projects	Projects like Disaster Response Centre, Disaster Resilient Power System , District Headquarter Projects for reliable and un-interrupted power supply to the consumers during natural shocks

Chapter – 6 Climate Change Adaptation & Mitigation

6.1 Climate Change Adaptation & Mitigation

Weather and climate are the results of complex interactions between anthropogenic and natural factors. Evidence of global climate change include higher average temperatures, changes in precipitation, ocean warming, ocean acidification, sea level rise, decreasing sea ice, and changes in physical and biological systems. Observed climate change can be linked with the increase of green house gas concentrations in the atmosphere since the industrial revolution. Global surface temperature change for the end of the 21st century is likely to reach 4°C if no drastic mitigation actions are taken. Various sources of climate data exist that can support planning for climate change.

Greenhouse gases (GHGs) are trace gases in the atmosphere that absorb and emit long wave radiation. They naturally blanket the earth and keep it at about 33° C warmer than it would be without these gases in the atmosphere. The table features the seven most important greenhouse gases as regulated under the Kyoto Protocol. The seven gases each have a different capacity to trap heat in the atmosphere, or a so-called “*global warming potential*” (GWP). They all belong to the group of long-lived greenhouse gases (LLGHGs), because they are chemically stable and persist in the atmosphere over time scales of a decade to centuries or longer, so that their emission has a long-term influence on climate. Some of the GHGs occur naturally (e.g. CO₂, CH₄ and N₂O) but increases in their atmospheric concentrations over the last 250 years are due largely to human activities. Other greenhouse gases are entirely the result of human activities (e.g. HFCs, PFCs, SF₆ and NF₃).

Table No : 6-1

Greenhouse Gas	Global Warming Potential (GWP) (over 100 years)	% of Total Anthropogenic GHG Emissions (2010)
Carbon dioxide (CO ₂)	1	76%
Methane (CH ₄)	25	16%
Nitrous oxide (N ₂ O)	298	6%
Hydrofluorocarbons (HFCs)	124-14,800	< 2%
Perfluorocarbons (PFCs)	7,390-12,200	< 2%
Sulphur hexafluoride (SF ₆)	22,800	< 2%
Nitrogen trifluoride (NF ₃)	17,200	< 2%

6.2 Important Greenhouse Gases: Carbon Dioxide (CO₂)

Most important greenhouse gas (contributes ~64% to total radiative forcing by long-lived GHGs). Half of CO₂ emitted by human activities is being absorbed in the biosphere and in the oceans. Rest remains in the atmosphere for hundreds to thousands of years

The most important anthropogenic GHG is carbon dioxide (CO₂). It accounts for around 64% of total radiative forcing due to LLGHGs. Carbon dioxide does not have a specific lifetime because it is continuously cycled between the atmosphere, oceans and land biosphere and its net removal from the atmosphere involves a range of processes with different time scales. CO₂ is primarily emitted as a result of burning of fossil fuels, deforestation and forest degradation and iron and steel production. Oceans and forests are the main sequesters of carbon i.e. sinks that can absorb CO₂ from the atmosphere. Carbon dioxide is the gas to which all other gases are compared when speaking of Global Warming Potential. Emissions of other greenhouse gases can be converted into *CO₂ equivalent emissions*.

Table No: 6-2

Sl No	Name of the Industry/Plant/Firm	Location	Quantity of Co2 emission (PPM)	Ranking as per CO2 Emission (in the district)	Other major pollutants emitted (PPM)	Action taken for cutting down émission
1.	M/s Aditya Aluminium (CPP)	Lapanga	Coal Comsumption-14,400 Tons/Day			
2.	M/s Hirakud CPP	Hirakud	Coal Comsumption-8,976 Tons/Day			
3.	M/s Aryan Ispat & Energy Limited	Bomaloi	Coal Comsumption-1105.02 Tons/Day			
4.	M/s Bhushan Power & Steel Limited	Thelkoloji	Coal Comsumption-17,904 Tons/Day			
5.	M/s Viraj Steel & Energy Limited	Gurupali	Coal Comsumption-1490.4 Tons/Day			
6.	M/s Shyam metalics & Energy Limited	Pondloi	Coal Comsumption-4,764 Tons/Day			

6.3 Important Greenhouse Gases: Methane (CH₄)

Second most significant greenhouse gas (contributes ~18% to total radiative forcing by long-lived GHGs). Approximately 40% of methane is emitted into the atmosphere by natural sources. About 60% comes from human activities & Stays in the atmosphere for approximately 12 years.

The second most significant anthropogenic GHG is methane (CH₄) which contributes to approximately 18% of total radiative forcing due to LLGHGs. Approximately 40% of methane is emitted into the atmosphere by natural sources (e.g. wetlands and termites). About 60% comes from human activities (e.g. cattle breeding, rice agriculture, fossil fuel exploitation, landfills and biomass burning). Methane is mostly removed from the atmosphere by chemical reactions, persisting for about 12 years. Thus although methane is an important greenhouse gas, its effect is relatively short-lived.

Table No: 6-3

Sl No	Name of the Block	Major Sources	Annual émission (In PPM)	Ranking as per CH4 Emission (PPM)	Action taken for cutting down émission
1.	M/s Aditya Aluminium (CPP)	Lapanga	Date not available		
2.	M/s Hirakud CPP	Hirakud	Date not available		
3.	M/s Aryan Ispat & Energy Limited	Bomaloi	Date not available		
4.	M/s Bhushan Power & Steel Limited	Thelkoloji	Date not available		
5.	M/s Viraj Steel & Energy Limited	Gurupali	Date not available		
6.	M/s Shyam metalics & Energy Limited	Pondloi	Date not available		

6.4 Important Greenhouse Gases: Nitrous Oxide(N₂O)

The third most significant greenhouse gas (contributes ~6% to total radiative forcing by long-lived GHGs). Stays in the atmosphere for approximately 114 years. Nitrous oxide is emitted into the atmosphere from both natural (about 60%) and anthropogenic sources (approximately 40%).

Nitrous oxide is the third most significant GHG, contributing to about 6% of radiative forcing due to LLGHGs. The primary human sources of N₂O are fertilizer production and use in agriculture and various industrial processes. It is estimated that N₂O stays in the atmosphere for an estimated 114 years. Its impact on climate, over a 100-year period, is 298 times greater than equal emissions of carbon dioxide. It also plays an important role in the destruction of the stratospheric ozone layer which protects us from the harmful ultraviolet rays of the sun.

Table No: 6-4

Sl No	Name of the Block	Fertiliser /Industrial processes	Annual Usage (In tonnes)	Ranking as per N ₂ O Emission (PPM)	Other major pollutants emitted (PPM)	Action taken for cutting down émission

6.5 Important Greenhouse Gases: Fluorinated Gases

Global warming effect up to 23,000 times greater than carbon dioxide. Stay in the atmosphere up to 50,000 years. Three main groups: hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF₆). Mainly developed as substitutes for ozone-depleting substances

Fluorinated gases are a family of man-made gases used in a range of industrial applications. Sources include refrigerants, air-conditioning, solvents, aluminium and magnesium production, etc. Many fluorinated gases have very high global warming potentials (GWPs) relative to other greenhouse gases. That means small atmospheric concentrations can have large effects on global temperatures. They can also have long atmospheric lifetimes, in some cases, lasting thousands of years. Fluorinated gases are removed from the atmosphere only when they are destroyed by sunlight in the far upper atmosphere. In general, fluorinated gases are the most potent and longest lasting type of greenhouse gases emitted by human activities. There are three main categories of fluorinated gases: hydrofluorocarbons (HFCs), perfluorocarbons (PFCs), and sulfur hexafluoride (SF₆).

- Hydrofluorocarbons (HFCs) are the most common group of *F-gases*. They are used in various sectors and applications, such as refrigerants in refrigeration, air-conditioning and heat pump equipment; as blowing agents for foams; as solvents; and in fire extinguishers and aerosol sprays.
- Perfluorocarbons (PFCs) are typically used in the electronics sector (for example for plasma cleaning of silicon wafers) as well as in the cosmetic and pharmaceutical industry. In the past PFCs were also used in fire extinguishers and can still be found in older fire protection systems.
- Sulphur hexafluoride (SF₆) is used mainly as an insulating gas, in high voltage switchgear and in the production of magnesium and aluminium.

Table No: 6-5

Sl No	Name of the Industry/Firm/Plant	location	Annual émission (In PPM)	Ranking as per flourinated gas Emission (PPM)	Action taken for cutting down émission
1.	M/s Aditya Aluminium	Lapanga	360 Tons/Annum		
2.	M/S Hirakud Smelter	Hirakud	216 Tons/Annum		

6.6 Important Green House Gases: chlorofluorocarbons (CFCs)

Chlorofluorocarbons (CFCs) an important Green House Gas contribute about 12% to radiative forcing by long-lived GHGs has not been included in the Kyoto Protocol because they are already regulated under the Montreal Protocol on Substances that Deplete the Ozone Layer which entered into force in 1989. The Montreal Protocol includes, for example, chlorofluorocarbons (CFCs) which contribute about 12% to total radiative forcing by LLGHGs. CFCs can stay in the atmosphere for more than 1,000 years. CFCs have a global warming potential (GWP) that ranges between 4,750 and 14,400 (over 100 years time span). CFCs are used in the manufacture of aerosol sprays, blowing agents for foams and packing materials, as solvents, and as refrigerants.

Table No: 6-6

Sl No	Name of the Industry/Firm/Plant	location	Annual émission (In PPM)	Ranking as per flourinated gas Emission (PPM)	Action taken for cutting down émission

6.7 Green House Gas Sequestration

In order to prevent dangerous anthropogenic interference with the climate system, actions need to be taken to stabilize greenhouse gas concentrations in the atmosphere. Such actions are referred to as “climate change mitigation”. More specifically, climate Change mitigation involves:

- reducing GHG emissions, e.g. by making older equipment more energy efficient;
- preventing new GHG emissions to be released in the atmosphere, e.g. by avoiding the construction of new emission-intensive factories;
- preserving and enhancing sinks and reservoirs of GHGs, e.g. by protecting natural carbon sinks like forests and oceans, or creating new sinks (“carbon sequestration”).

Table No: 6-7 Major Greenhouse Gases Contributors (Anthropogenic) to Climate Change

Greenhouse Gas	Human Source (Examples)	% of Total Global GHG Emissions (2010)
Carbon dioxide (CO ₂)	Fossil fuel combustion, land use changes, cement production, etc	76%
Methane (CH ₄)	Fossil fuel mining/distribution, livestock, rice agriculture, landfills, etc	16%
Nitrous oxide (N ₂ O)	Agriculture (fertilisers) and associated land use change, etc	6%
Hydrofluorocarbons (e.g. HFCs)	Liquid coolants, etc	< 2%
Perfluorocarbons (e.g. PFCs)	Refrigerant, electronics industry and aluminium industry, etc	< 2%
Sulphur hexafluoride (SF ₆)	Insulator in electronics and magnesium industry, etc	< 2%
Nitrogen trifluoride (NF ₃)	Electronics and photovoltaic industries, etc	< 2%

The global community has committed itself to hold warming below 2°C (compared to pre-industrial temperatures) to prevent dangerous climate change. The 2013 IPCC report on the physical science basis of climate change provides a “budget approach” to this goal, looking at total allowable CO₂ emissions level to meet the 2°C target. The report states that in order to have a greater than two in three chance of keeping *global warming* below 2°C, cumulative emissions of CO₂ cannot exceed 1,000 Gigatonnes of carbon (GtC). As of 2011, more than half this amount, or over 500 GtC, has already been emitted since 1861-1880. When the effects of other greenhouse gases are included, even less CO₂ could be emitted to keep below a 2°C warming.

Current annual emission levels are at 9.5 GtC and are likely to grow every year due to population growth and economic development patterns. If annual emissions continue to grow as in past years (“business as usual” scenario) the carbon budget will be exhausted in the next three decades.

Table No: 6-8 Details of forest as a major Carbon sink (District)

Reserved Forest / Protected Forest (in Sq. KM)	Revenue / Village Forest (in Sq. KM)	Private owned Forests (in Sq. KM)	Others (If any) (in Sq. KM)	Total (in Sq. KM)

6.8 Sectors with High Mitigation Potential

Table No: 6-9

Sl No	Sectors	Mitigation Options
1	Energy	• Use of renewable heat and power (hydropower, solar, wind, geothermal and bio-energy) • Improved supply and distribution efficiency • Carbon capture storage (CCS) • Combined heat and power
2	Transport	• More fuel efficient vehicles • Use of alternative energy sources (biofuels, cleaner diesel, etc.) • Better land-use and transport planning • Shift from individual transport to public transport systems • More efficient driving practices • Non-motorized transport (cycling, walking)
3	Industry	• Process-specific technologies that improve efficiency and reduce emissions • Material recycling and substitution • Heat and power recovery/cogeneration • Control of greenhouse gas emissions
4	Agriculture	• Manure and livestock management to reduce CH₄ emissions • Improved fertilizer application techniques to reduce N₂O emissions • Improved crop and grazing land management to increase soil carbon storage • Restoration of cultivated peaty soils and degraded lands

		• Agro-forestry practices
5	Forestry	• Reduced deforestation • Afforestation/reforestation • Forest management • Tree species improvement to increase biomass productivity and carbon sequestration
6	Waste	• Landfill methane recovery • Waste incineration with energy recovery • Composting of organic waste • Controlled wastewater treatment • Recycling and waste minimization • Biocovers and biofilters to optimize CH₄ oxidation

6.9 Sector specific climate change mitigation projects :

Table No: 6-10

Sl No	Sector	Project Title	Period		Mitigation Targets
			From	To

Chapter – 7

Inclusive Disaster Risk Reduction: -

7.1 Background: A need to include Persons with Disabilities

Different populations may face similar risks of exposure to the negative effects of environmental and man-made disasters, but their actual vulnerability is dependent on their socio-economic conditions, civic and social empowerment, and access to mitigation and relief resources. Individuals with disabilities are disproportionately affected in disaster, emergency, and conflict situations due to inaccessible evacuation, response (including shelters, camps, and food distribution), and recovery efforts.

Besides psychological impact of disasters, this population does not have adequate access to food, water, shelter and health services. There has been inadequate access to their specific needs including assistive devices, rehabilitation and interpreters. Disabled populations face discrimination and exclusion and therefore are confronted with considerable challenges in accessing the same opportunities as the rest of the population in disaster situations.

Common experience reveals that persons with disabilities are more likely to be left behind or abandoned during evacuation in disasters and conflicts due to a lack of preparation and planning, as well as inaccessible facilities and services and transportation systems. Most shelters and refugee camps are not accessible and people with disabilities are many times even turned away from shelters and refugees camps due to a perception that they need “complex medical” services.

Furthermore, the needs of persons with disabilities continue to be excluded over the more long-term recovery and reconstruction efforts, thus missing another opportunity to ensure that cities are accessible and inclusively resilient to future disasters. Thus it is important that the Indian Disaster management system includes the needs of persons with disability faced in disaster risk management.

7.2 Legal framework to support the inclusion of persons with disabilities

The United Nations Convention on the Rights of Persons with Disabilities was adopted in December 2006. The Convention marks a “paradigm shift” in attitudes and approaches to persons with disabilities. Article 11 on Situations of risk and humanitarian emergencies, pays particular attention to the obligation of States parties to undertake “all necessary measures to ensure the protection and safety of persons with disabilities in situations of risk, including situations of armed conflict, humanitarian emergencies and the occurrence of natural disasters.” Furthermore, Article 4.1, states that “States Parties undertake to ensure and promote the full realization of all human rights and fundamental freedoms for all persons with disabilities without discrimination of any kind on the basis of disability” and Article 32, recognizes the importance of international cooperation to address the limited capacities of some States to respond to situations of risk and humanitarian crises.

The Millennium Development Goals have the potential to make life better for billions of people in the world’s poorest countries. However, disability is currently not included in indicators and targets to help evaluate and monitor the achievement of the MDGs. Furthermore, persons with disabilities are often excluded from international and national poverty reduction strategies. Environmental dangers and natural disasters can lead to the onset of many types of disabilities, and inaccessible environments prevent persons with disabilities from taking part in economic and social activities. Human and environmental recovery is vital for the achievement of MDG Goal 7, “Ensure Environmental Sustainability”. The MDGs cannot be achieved without the inclusion of all persons in society, including persons with disabilities.

The Rights of persons with Disabilities act (RPWDA) 2016 of India and UNCPRD form the overarching legal framework which identify and protect disability rights in India. The RPWDA mandates the participation of persons with disabilities in the disaster risk management process. In the Act DRM is articulated in the article 8 which stipulates that persons with disabilities shall have equal protection and safety in situations of risk, armed conflict, humanitarian emergencies and natural disasters. The Act refers to the Disaster Management Act 2005 Clause (e) Section 2 for the safety and prevention of persons with disabilities

The District Disaster Management Authorities (DDMA) under Section 25 are specially mentioned to maintain the record of details of persons with disabilities in the district and inform such persons of any such situations of risk so as to enhance disaster preparedness. The authorities are to consult the state Commissioners in accordance with the accessibility requirements of Persons with Disabilities. The rights of Persons with Disabilities Act 2017 elaborate an implementable strategy specifically in accessibility of infrastructure, transport & communication technology which are important aspects in the context of disaster risk reduction

The Government of India approach to disaster management is that development cannot be sustainable unless disaster mitigation is built in to the development process. Built on this approach, the National Disaster Framework covering institutional mechanisms at the national, state & district exist where the disability related structures are also available which could be used to implement inclusive policies

7.3 Responding to the needs of persons with disabilities

Several studies show us that including the needs and voices of persons with disabilities at all stages of the disaster management process, and especially during planning and preparedness, can significantly reduce their vulnerability and increase the effectiveness of Government response and recovery efforts. However, despite an increasing worldwide focus on disaster risk reduction as opposed to mere disaster response, most city and related Government agencies fail to adequately plan for – or include – persons with disabilities in their disaster management activities. This causes severe inequities in access to immediate response, as well as long-term recovery resources for people who have disabilities prior to the disaster and those who acquire a disability as a result of the disaster.

Rehabilitation and reconstruction efforts must not only be inclusive and responsive to the needs of all people, including persons with disabilities, but should include the participation of persons with disabilities, to ensure that their needs and rights are respected. Women with disabilities are a particularly vulnerable group whose needs should be included at all stages of recovery and reconstruction efforts.

Actors involved in Disability inclusive Disaster Risk Reduction (DiDRR) include Government at the different levels, national to local including cities and communities at local level, the UN System, Academic Institutions, Disabled People's Organizations Private actors, Armed Forces, Civil Society, Media, local community's Local emergency response organisations.

7.4 Data Collection

Data is essential to understanding the risks that people face during disasters and climate change situations. It is important to give effect to policies and establish norms. The Census in 2011 identifies 2.68 Crore persons with disabilities constituting 2.21% of the country's population.

7.5 Policy, Institutional Mechanisms and Inclusive Standards

Policies and their implementation need to be inclusive. Odisha State Disaster Management Plans has already laid the foundation of an inclusive strategy. OSDMA has set up a cell for persons with disabilities headed by a person with disability. The cell will look into inclusion in EWS, SER, rehabilitation and resettlement. Impart training for response forces ODRAF, Red Cross, Civil Defense and community level task force volunteers. Monitoring accessibility in shelters will also be work of the cell.

The Odisha State Disaster Management Plan 2017 takes note of the vulnerability of disabled persons and the specific provision provided is related to inclusive education of children with disabilities during disasters. It also makes special mention of children with disabilities and specifically ‘mentally retarded’ (Intellectual Disability).

For preparation of the inclusive DDMP the following data at district level are to be collected

After compiling the database of the people who need special attention in the wake of a disaster and to make the district disaster management plan more inclusive, the following may be considered during District Disaster Management Plan preparation.

- **Pre-Disaster:** Identification of special needs of physically challenged and mentally challenged persons. Make necessary Planning for evacuation of people with special needs with special care and compassion. The DDMP should outline adequate training and orientation of field level functionaries who are normally engaged as frontline worriers of disaster management at grass roots. Special responsibility may be entrusted with the appropriate officials at block level to ensure the execution of the plan. The district must ensure that the committees and groups created in the district for the disaster management pursuits **has adequate representation from the vulnerable section of the society** as outlined above.
- **During Disaster:** Appropriate Relocation of the people in the shelter with special care, priority in meeting the needs of such population, organizing medical attention if needed.

Post disaster: Ensuring careful & safe return of such people to home, prioritisation during relief distribution, prioritisation of rehabilitation & reconstruction efforts

CHAPTER-8

Safety of Schools and Child Care Institutions

Implementation of School Safety Policy Guidelines 2016 (SSP-2016 Guidelines)

7.1 Order on WP(C) 483/2004 of Hon'ble Supreme Court

The Hon'ble Supreme Court vide orders of dated 14.08.2017 in WP (C) 483/2004, directs vide letter no 2437/2004/SC/PIL/(WRIT) dt. 23.08.2017 that the School Safety Policy (SSP) 2016 guidelines issued by NDMA are statutory in nature and shall be implemented in letter and spirit by all concerned authorities for all schools. The direction of the Supreme Court in Implementation of the School Safety Policy Guidelines Inter-alia postulates as follow:

- Time bound implementation of the Guidelines
- District Disaster Management Authority to ensure and monitor compliance of the said Guidelines
- District Education Officer of each District to be a "Nodal officer" with responsibility, liability and obligation as well as powers and functions to ensure strict compliance with the Guidelines within the district of his jurisdiction.
- Joint Monitoring Committee consisting of representations of both Department of School Education & Literacy, Ministry of HRD and NDMA
- Quarterly compliance reports from the Chief Secretary to MHRD and NDMA on the actions taken.

Hon'ble Supreme Court has also defined few actions at different levels to ensure school safety

Table No: 7-1

State & District Level • Policy for safety audits in all schools • 'Stability certificate' by Government-certified engineer. • Manual for fire safety procedures and other safety precautions • The National Building Code of India, 2005, to construct fire-safe buildings. (Revised 2016)	School Level: • Schools must take appropriate safety measures and an emergency response plan that delineates staff responsibilities, communication modes, and training and updating procedures for all members of the faculty, staff and students. • Fire insurance coverage should be made mandatory for all schools. • Ensuring that the kitchen in the precincts of the school has adequate safety mechanisms.

Ref. : Fire Safety Measures in Schools (Section 3.1 p-23) / Training of School Teachers & Other Staff (Section 3.1 p-25) / School Building Specifications (Section 3.1 p-27) Clearance & Certificates (Section 3.1 p-29) SC. **Judgement on WP(C) 483/2004**

7.2 Guidelines on School Safety Policy, 2016- NDMA

The School Safety encompasses “The creation of safe environments for children starting from their homes to their schools and back.” This as well includes safety from large-scale natural hazards, human made risks, pandemics, violence as well as more frequent and smaller-scale fires, transportation and other related emergencies and environmental threats that can adversely affect the lives of children.

Vision :

- The Guidelines stand for a vision of India where all children and their teachers, and other stakeholders in the school community are safe from any kind of preventable risks that may threaten their well being during the pursuit of education.
- Educational continuity is maintained/ resumed even in the immediate aftermath of a disaster so that Children are physically, mentally and emotionally secure within their schools.

Approach and Objectives

- All hazard approach.
- All schools; all stakeholders 2. Strengthening existing policy provisions to make schools safer
- School Safety as an indicator of quality for continued planning, execution and monitoring
- Primary objective is to ensure the creation of safe learning environment for children.
- Also seek to highlight specific actions towards school safety that can be undertaken by different stakeholders within the existing framework of delivery of education.

Applicability

- The National School Safety Policy Guidelines apply to all schools in the country- whether government, aided or private, irrespective of their location in rural or urban areas.
- They apply to all stakeholders involved in delivery of education to Children in India

All hazard approach

- School Safety efforts needs to take cognizance of all kinds of hazards that may affect the wellbeing of children.
- Hazards include structural and non-structural factors.
- Structural factors include dilapidated buildings, poorly designed structures, faulty construction, poorly maintained infrastructure, loose building elements, etc.
- Non Structural factors include loosely placed heavy objects such as almirahs, infestation of the campus by snakes and any other pests, broken or no boundary walls, uneven flooring, blocked evacuation routes, poorly designed and placed furniture that may cause accidents and injury, inadequate sanitation facilities, etc.

Right to Education Act 2009

- The Act sets minimum norms and standards with regard to location and quality of schools and in Clause 19, lays down that no school shall be established, or recognized unless it fulfills the norms and standards specified in the schedule.
- One of the key standards is in relation to access to “all weather buildings”; in “areas with difficult terrain, risk of landslides, floods, lack of roads and in general, danger for young children in the approach...”
- the State Government / Local Authority shall locate the school in such a manner as to avoid such dangers”.
- The Act lays down the formation of the School Management Committee for planning of infrastructure and other requirements with respect to operational functioning of schools.
- The School Development Plan, as laid out by the Act, spells out the physical requirements of additional infrastructure and equipments to meet the norms spelt out in the schedule (in relation to all weather buildings).

Key Action Areas**1. Institutional strengthening at the State & District levels**

- Co-opting senior officials of the Department of Education in SDMA and DDMA.

- Nomination of School Safety Focal Point Teacher & Sensitization of School Management Committee on DM.

2. Planning for Safety

- Structural Measures (including siting, design and detailing for structural safety).
- Non structural Measures.
- Preparation & implementation of School Disaster Management Plan.
- Leveraging existing flagship programmes to make school campus safer.

3. Capacity building for safe schools

- Training for students and school staff
- Specialized training and skill building of Education officers, representatives of SCERT and DIET, SDMA, DDMA, etc on school safety
- Mock Drills

4. Disaster Management in Core Curriculum

5. Regular monitoring of risk and revision of School Safety Plans (including Safety Audits & Availability of Emergency Equipment).

STATE FOREST HEADQUARTERS, ODISHA

STANDARD OPERATING PROCEDURE (SOP) TO PREVENT FOREST FIRE- 2022

**OFFICE OF THE PRINCIPAL CHIEF CONSERVATOR OF FORESTS & HEAD OF FOREST FORCE
DEPARTMENT OF FOREST, ENVIRONMENT & CLIMATE CHANGE
GOVERNMENT OF ODISHA**

STANDARD OPERATING PROCEDURE TO PREVENT FOREST FIRE - 2022

1. Introduction

Forest fire, causes extensive damage to flora and fauna side by side generate heat and smoke causing pollution to local environment. In Odisha, forest fire occurs starting from the month of January to June. Hence, a comprehensive Standard Operating Procedure (SOP) to prevent forest fire is required for field level officers to resolve the problem at source.

2. Objectives

The main objective of SOP is to deal with the problem of forest fire step by step at different levels in coordination with various line departments of government of Odisha and community participation. It will also ensure precise planning and implementation of forest fire control measures.

3. Strategies

The SOP indicates the responsibility of each level of field staff. This SOP shall be followed as per provision stipulated in the Odisha Forest (Fire) protection Rules, 1979. Applicability of this SOP covers the forest area under management of Forest Department.

4. Responsibilities

(a) At state Forest Headquarter level

- FITGC cell at headquarter will look after seamless transmission of fire point data received from FSI to field units and their response on fire incident using OFMS as well as maintaining all Forest fire related data.
- FITGC cell will and provide all necessary technical support to field functionaries as and when required.
- PSM cell will make allotment of necessary fund for forest fire management.
- PSM cell will ensure proper functioning of forest fire control room at state headquarter from 1st January.

(b) At Circle level

- RCCF will provide all necessary guidance for implementation of DAP-FFPM and make frequent field visit to provide guidance to field functionaries during Fire season.
- RCCF will review the Fire scenario at his /her level on weekly basis and submit report to PCCF.
- He/She may arrange inter-division sharing of resources, whenever required.

(c) At Division level

The Divisional Forest Officer / In-charge of the Forest Division will be responsible for the following works:

- i) Organising co-ordination/inception meeting under the chairmanship of Collector and District Magistrate with other departments for formulation of District Action Plan For Forest Fire Prevention and Management (DAP-FFPM) and its revision if necessary. (Refer Memo no. 19128/FE&CC dt. 30.10.2021 of ACS, govt. of Odisha)
- ii) Mobilising fund for forest fire management from District Administration, other line departments and other convergence activities.
- iii) Preparation of fire prevention & management Plan for division and supervise the implementation of the approved plan.
- iv) Special attention has to be given to fire prone areas and its reasons through preventive measures as most of the forest fire alerts are of repeat nature, emphasis needs to be given on ZERO (0) repeat fire point in upcoming fire season. (Refer Memo no. 18725/1F(FU&FP) (FP)-235/2021 dt. 06.11.2021 of PCCF & HOFF, Odisha)
- v) Monthly Coordination meeting to be held with other department i. e. Revenue, Fire department, Police, Disaster management unit, KL seasonal staff, PRI members, VSSs/SHGs etc. to ensure mitigation measures against forest fire.
- vi) Action for filling of vacant positions in fire risk Forest Beats & Sections before onset of fire season.
- vii) Procurement of adequate fire-fighting equipment, tools and first aid boxes, VHF for communication in non-mobile network areas etc. and carry out at least one mock drill in the month of January and February.
- viii) Maintain updated contact details of all stakeholders for improved co-ordination.

- ix) To provide emergency fund to forest guard/ forester for transporting the fire-fighting equipment to inaccessible areas.
- x) Notification of prohibited activities and display at conspicuous places for public information as per section 3(2) of Orissa Forest (Fire Protection) Rules, 1979.
- xi) Operationalise 24 X7 fire prevention control room at division headquarters in charge of an officer of Deputy Ranger/ Forester rank from 1st January to 30th June 2022.
- xii) Ensure Registration of official Mobile no with FSI website (<http://www.fsi.org.in>) for getting fire alerts. Contact number of control room should be displayed at Beat, Section Range offices and public places.
- xiii) Designate one Assistant Conservator of Forests specifically for forest fire during the fire season.
- xiv) Monitor & review fire control operation on weekly basis in the Division.
- xv) Ensure timely submission of fire occurrence report.

(d) At ACF level

- i) Prepare Dos & Don'ts of forest fire management for distribution to all Range Officers, Foresters, Forest Guards, Sarpanches, VSS and other stakeholders.
- ii) Inspect the Forest Fire Register maintained at divisional control room and supervise the steps taken regarding forest fire management on daily basis.
- iii) He/She will look after forest fire management control room on day-to-day basis.
- iv) Carry out specific Fire Fighting operation as per instruction of DFO.
- v) Use of social media for wider awareness creation and showcasing the action taken.

(e) At Range level

(i) The Range Officer / In charge of the Range will be responsible for following

Preventive measures:

- maintenance of fire lines.

- repair of forest roads.
 - maintenance of boundary & compartment lines.
 - select site to set up camps.
 - construction of Machans.
 - selection of fire fighting squad members.
- ii) Proper implementation of DAP-FFPM in range jurisdiction and special attention on repetitive fire point/ areas.
 - iii) Organising monthly meetings of VSS and all other stake holders during fire season
 - iv) Organise public awareness programmes such as oath taking, rallies, proper display of sign boards / banners at proper places etc. including pictorial depiction of do and don't in odia.
 - v) Coordination with VSSs, PRI members, youth clubs and all different stakeholders and other departments in range jurisdiction for effective implementation of forest fire prevention and management plan.
 - vi) Deploy staff and squad members on strategic points with specific duty and chalk out their movement to cover fire sensitive forest areas.
 - vii) Organising mock drill training for Forester, Forest Guard , Squad and VSS members with assistance of fire service personnel for effective fire control. Maintain Duty Register and log Book for fire squads and staff.
 - viii) Conduct enquiry into each fire affected forest area, assess the loss, verify the action taken by the staff to control fire and submit report.
 - ix) Recommend names of VSS, informants and squad members for incentives and awards.
 - x) Rescue and Rehabilitation of wild animals strayed due to Forest fire.

(f)At Section level

The Section Forester/ Section in charge will be responsible for the following works:

- i) Prepare detailed list of villages/ points and map showing fire prone area, route chart to those sites and available water sources.

- ii) Execution and supervision of fire control measure works (maintenance and creation of Fire Line, compartment and boundary line) in fire prone areas well in advance.
- iii) Organising VSS meetings on regular basis and encourage members to take appropriate steps for control of fire as a Convenor.
- iv) Safe custody of fire fighting equipments and kits received from range office.
- v) Receiving fire alerts from range office, division control room & FSI and information from VSS on day to day basis, ensure entry into the register and pass on to concerned forest guard.
- vi) Arrange labour, hire of vehicle and provide logistic supports to fire fighting squads.
- vii) Close Coordination with VSSs, PRI members, fire service personnel and all different stakeholders and other departments in jurisdiction for effective mitigation of forest fire.
- viii) Action taken report with details of area fire affected with GPS survey and damage to flora and fauna (photographs) to be submitted immediately.
- ix) Expeditious steps to initiate legal action against culprits as per procedure.
- x) Fix one day in the month of December to check all equipments to ensure all equipments are in working condition, which are supplied to Forest Guards, VSS members, fire fighting squads.

(g) At Beat level

Beat Forest Guard / In charge of the Beat will be responsible for following works:

- i) He/She will prepare the record of village/ fire prone areas of previous fire season and conduct meetings with locals for awareness and sensitisation and make readily available volunteers.
- ii) He/She has to conduct control burning in advance with in his/her jurisdiction as per the DAP-FFPM.
- iii) He/She will distribute DOs and DON'Ts leaflets to locals and put posters at public places.
- iv) Make regular foot patrolling (preferably 10-15 km.) in forest areas.
- v) He/She will be in regular contact with local ward member/ Sarpanch/ Important local villagers, VSSs/SHGs for prompt information about forest fire.

- vi) In fire season, He/She has to be on lookout for forest fire from 4:00AM - 10:00AM (in the morning) and 5:00 PM to 9:00 PM (in the evening).
- vii) Receive messages from control room, range office, section forester, VSS and FSI on fire occurrence, record in log book / register.
- viii) He/She will extinguish fire with the help of men and material at his disposal.
- ix) Submit the beat report on forest fire on daily basis to Section Forester and Range Officer.

5. Preparation before the onset of the fire season

DFO should Submit completion report of following preventive measures to RCCF on or before 31 Dec., 2021.

- Preparation of DAP-FFPM.
- Completion of fire lines, forest road repair, maintenance of boundary & compartment lines, select site for camps, construction of machans etc.
- Meetings with various stake holders at different levels.
- Purchase and distribution of fire fighting equipments.
- Selection of fire fighting squad .
- Updation of contact nos. of all stake holders.
- Operationalisation of control room.
- Designate an ACF for forest fire management.
- Organising mock drills.
- Preparation of list of villages, fire prone points, maps etc.
- Control burning as per DAP-FFPM.
- Any other preventive measure as per local condition and requirement.

6. Operation after occurrence of the forest fire

- i) The ACF & RO after receiving the information on occurrence of forest fire from various sources (Modis satellite data, own staff local informer, news etc), will get recorded in the Log Register through control room of the division and will ensure its immediate transmission to the concerned Range officers, Section Foresters and beat Guards who will also record the same in their Log Registers and start actions without loss of time.
- ii) The concerned Section Forester and Beat Guards, who are key persons in controlling and suppressing a forest fire, will rush to the spot fully equipped with team of manpower, firefighting squads / VSS members/ villagers etc.
- iii) Local fire stations will also be informed by Range Officer and ensure that they reach with water tanker in accessible forest areas. Their services will be properly utilised to extinguish fire.
- iv) The Section Forester / Forest Guard will completely extinguish fire at site.

7. Evaluation and Reporting

- They will assess the damage on the spot with GPS reading, enquire the cause of fire and furnish detailed report in forest fire incident module of OFMS within 24 hours of fire occurrence time.
- Message on fire and action taken information would be passed on to Range office and control room at the end of the operation through VHF/mobile phone.

=====

Chapter- 10

Chemical (Industrial), Nuclear and Radiological Disaster: -

A. Chemical (Industrial) Disaster:

The growth of chemical industries has led to an increase in the risk of occurrence of incidents associated with hazardous chemicals (HAZCHEM). A chemical industry that incorporates the best principles of safety, can largely prevent such incidents. Common causes for chemical accidents are deficiencies in safety management systems and human errors, or they may occur as a consequence of natural calamities or sabotage activities. Chemical accidents result in fire, explosion and/or toxic release. The nature of chemical agents and their concentration during exposure ultimately decides the toxicity and damaging effects on living organisms in the form of symptoms and signs like irreversible pain, suffering, and death. Meteorological conditions such as wind speed, wind direction, height of inversion layer, stability class, etc., also play an important role by affecting the dispersion pattern of toxic gas clouds. The Bhopal Gas tragedy of 1984—the worst chemical disaster in history, where over 2000 people died due to the accidental release of the toxic gas Methyl Isocyanate, is still fresh in our memories. Such accidents are significant in terms of injuries, pain, suffering, loss of lives, damage to property and environment. A small accident occurring at the local level may be a prior warning signal for an impending disaster. Chemical disasters, though low in frequency, have the potential to cause significant immediate or long-term damage.

A critical analysis of the lessons learnt from major chemical accidents exhibited various deficiencies. Laxity towards safety measures, no conformation to techno-legal regimes and a low level of public consultation are a few such shortcomings. The scenario called for concerted and sustained efforts for effective risk reduction strategies and capacity development under a national authority to decrease the occurrence of such incidents and lessen their impact. Although tremendous efforts have been made to minimise such accidents and to improve emergency preparedness at all levels, substantial efforts are still required to predict the occurrence of disasters, assess the damage potential, issue warnings, and to take other precautionary measures to mitigate their effects. Another pressing need is to properly assess the potential of chemical emergencies and develop tools for emergency planning and response to minimise the damage in case of any eventuality.

Odisha is also an Industrial State and many Large, Medium and Small-Scale Industries are operating in the state. Many large industries are operating in the districts like Jagatsinghpur, Angul, Jhasrsuguda, Sambalpur and Rayagada and many medium and small industries are operating in other districts of the State. The District administration of the industrial district must be prepared to face any kind of Chemical (Industrial) disasters and always be prepared with the

Off-site Emergency Plan of the District. The Off-site emergency plan needs to be updated on regular frequency.

Thus, it is highly essentials to take all the preparedness measures and minimize the risk of any Chemical (Industrial) disasters in the industrial districts of the State. The following information are required to be fulfilled and be updated every year in the District Disaster Management Plan of the District.

9.1 Factories or Storage Unit Details of the District

Table-9.1

Organisation Name	Type (Large/ Medium / Small / Micro)	Manufacturing Process & Capacity	Address	Lat/ Long	Site Operator Head Name	Site Operator Head Designation	Site Operator Head Email	Site Operator Head Mobile Number

B. Nuclear & Radiological Disaster:

India has traditionally been vulnerable to natural disasters on account of its unique geoclimatic conditions and it has, of late, like all other countries in the world, become equally vulnerable to various man-made disasters. Nuclear and Radiological Emergencies as one such facet of man-made disasters is of relevance and concern to us. Any radiation incident resulting in or having a potential to result in exposure and/or contamination of the workers or the public in excess of the respective permissible limits can lead to a Nuclear/Radiological Emergency

For improving the quality of life in society, India has embarked upon a large programme of using nuclear energy for generation of electricity. As on date, India has 17 power reactors and five research reactors in operation along with six power reactors under construction. It is also planned to explore setting up Thorium based reactors to meet its ever-increasing energy needs. Further, the country utilises radioisotopes in a variety of applications in the non-power sector, viz., in the field of industry, agriculture, medicine, research, etc. Due to the inherent safety culture, the best safety practices and standards followed in these applications and effective regulation by the Atomic Energy Regulatory Board, the radiation dose to which the persons working in nuclear/radiation facilities are exposed to, is well within the permissible limits and the risk of its impact on the public domain is very low.

However, nuclear emergencies can still arise due to factors beyond the control of the operating agencies; e.g., human error, system failure, sabotage, earthquake, cyclone, flood, etc. Such failures, even though of very low probability, may lead to an on-site or off-site emergency. To combat this, proper emergency preparedness plans must be in place so that there is minimum avoidable loss of life, livelihood, property and impact on the environment.

Although, the State of Odisha does not have any major Nuclear/Radiological set up or power plants, still the Districts need to be prepared in case of any Emergencies especially Medical Preparedness and Capacity Building of the Response Forces. Mock Exercises on Nuclear and Radiological Disasters or Emergencies at regular intervals is also highly essential. Districts are required to keep and updated the following information given in the table ever year for minimizing the risk of Nuclear/Radiological Disaster.

9.8 Hospital Preparedness

Table-9.7

Sl No.	Name of the Hospital	No. of Decontamination Room	Radioactive Bio-Waste Disposal Facilities	No. of Medical Staffs Trained on Radiation Injury Management	Stocks of essential medicines	Data base of the Trained Medical Staffs being maintained	Name, Designation and Contact Details of the Nodal Officer

Chapter-11

Biological Disaster and Public Health in Emergencies: -

10.1 Biological Disaster Management & Medical Preparedness

Biological disasters, be they natural or man-made, can be prevented or mitigated by proper planning and preparedness. The primary responsibility of managing biological disasters vests with the state government. The central government would support the state in terms of guidance, technical expertise, and with human and material logistic support to develop the policies, plans and guidelines for managing biological disasters in accordance with the national guidelines and those laid down by SDMA.

The H&FW would be the nodal Department for managing biological disasters in the State. Further, Home department will be the nodal for Bio-terrorism, Bio War, F&ARD Department will be the nodal department for animal health and Agriculture & Farmers Empowerment Department will be the nodal department for agro-terrorism. Besides, the community, medical care, public health and veterinary professionals, etc., must also remain in complete preparedness for such eventualities.

Table 10.1 Nodal Departments for Managing Biological Disaster

Sl No.	Bio Disaster	Nodal Department	Contact person	Contact details (Office/Mobile)
1	Biological Disaster	H&FW Department	CDM &PHO (District)	Dr.Arun Kumar Das, 9439986001
2	Bio Terrorism/ War	Home Department	SP	Sri Battula Gangadhar, IPS, 8763459547
3	Animal Health Disaster	F&ARD Department	CDVO (District)	Dr.Dinabandhu Mishra, 9437419210
4	Agro - Terrorism	A&FE Department	CDAO	Sri Tankadhara Sah, 8249067370

10.2 Legal Framework

Stringent Legal frameworks must be drawn & enforced in order to:

- Prevention, mitigation and control of the spread of biological disaster at all level.
- Managing the prevailing and foreseeable public health concerns, threat of biological weapons by adversaries and cross-border issues.
- Notify the affected area, restrict movements or quarantine the affected area, enter any premises to take samples of suspected materials and seal them.
- Establish controls over biological sample transfer, biosecurity and biosafety of materials/laboratories.

10.3 Institutional & Operational Framework

SDMA will coordinate all the disasters including those of biological origin in the state. A multi-sectoral approach must be adopted involving H&FW, Home Department, PR&DW, SSEPD, F&ARD and A&FE.

- The intelligence and deterrence required & the management structure must be identified and strengthened so as to act as one crisis management structure, committees, task forces and technical expert groups preferably within the Nodal department

Table 10.2- Crisis Management Committee

Sl No.	Members	Designation
1.	Chief Secretary, Odisha	Chairman
2.	D,C-cum-A.C.S & Chairman, SPCB	Member
3..	Secretary to Government, Labour & ESI Department	Member Secretary
4.	Secretary to Government, Home Department	Member
5.	Secretary to Government, Forest & Environment Department	Member
6.	Secretary to Government, Health & FW Department	Member
7.	Secretary to Government, Industries Department	Member
8.	Secretary to Government, H&UD Department (PH Engineering)	Member
9.	Special Relief Commissioner, Odisha	Member
10.	Secretary to Government, Transport Department	Member
11.	Labour Commissioner	Member

Table 10.4 Technical Experts

SL	Member	Dept./Instt.	Contact Details
	NA		

- A public health institution of eminence, matching international standards needs to be created, with following measures:
 - All existing public health institutions providing technical expertise in the area of field epidemiology, surveillance, teaching, training, research, etc., need to be strengthened. The core capacity needs to be developed for surveillance, border control at ports and airports, quarantine facilities, etc.
 - Each District will strengthen its public health infrastructure, including public health institutions which would collect epidemiological intelligence, share information with IDSP, provide for outbreak investigations and manage outbreaks.
 - Hospitals will develop capabilities to attend to mass casualties and public health emergencies with isolation facilities. In the districts, DDMA's will provide the requisite management structure for district DM, factoring in the requirements for managing biological disasters.
- The strategic approach for management of biological disasters must be done with responsible participation of the government, private sector, NGOs and civil society.

10.5 Nodal Public Health Institution

Name of the Institution, Address & Contact details of the contact (Nodal) Person	No. of trained Doctors (Biological Disaster)	No. of trained Paramedical staffs (Biological Disaster)	Facilities available	Equipment's available

NA				

10.4 Preventive Measures

Prevention and preparedness shall focus on the assessment of bio-threats, medical and public health consequences, medical countermeasures and long-term strategies for mitigation. The important components of prevention and preparedness would include

- An epidemiological intelligence gathering mechanism to deter a BW/ BT attack;
- A robust surveillance system that can detect early warning signs, decipher the epidemiological clues to determine whether it is an intentional attack;
- Capacity building for surveillance, laboratories, and hospital systems that can support outbreak detection, investigation and management.
- Developing a biological disaster response plan
- Pre-exposure immunisation (preventive, if available any) of first responders against anthrax and smallpox must be done to enable them to help victims' post-exposure.

10.4.1 Pre-Disaster Preventive Measures

- Important buildings and those housing vital installations need to be protected against biological agents wherever deemed necessary through security surveillance.
- Restricting the entry to authorised personnel only by proper screening,
- Installation of High Efficiency Particulate Air (HEPA) filters in the ventilation systems to prevent infectious microbes from entering the circulating air inside critical buildings.

- Those exposed to biological agents may not come to know of it till symptoms manifest because of the varied incubation period of these agents. A high index of suspicion and awareness among the community and health professionals will help in the early detection of diseases.
- Environmental monitoring can help substantially in preventing these outbreaks.
 - Water Supply: A regular survey of all water resources, especially drinking water systems, & proper maintenance of water supply and sewage pipeline will go a long way in the prevention of biological disasters and epidemics of waterborne origin.
 - Personal hygiene: Necessary awareness must be created in the community about the importance of personal hygiene, and measures to achieve this, including provision of washing, cleaning and bathing facilities, and avoiding overcrowding in sleeping quarters, etc. Other activities include making temporary latrines, developing solid waste collection and disposal facilities, and health education.
 - Environmental engineering work and generic integrated vector control measures including.
- Elimination of breeding places by water management, draining of stagnant pools and not allowing water to collect by overturning receptacles, etc.
- Biological vector control measures e.g. Gambusia fish, as an important measure in vector control.
- Outdoor fogging and control of vectors by regular spraying of insecticides.

Table 10.7 Important/Critical Infrastructure

Sl	Infrastructure/ Institution Type	Dept./Instt.	Contact person with contact Details
	NA		

10.4.2 Post-Disaster Preventive Measures

- When exposure is suspected, the affected persons shall be quarantined and put under observation for any atypical or typical signs and symptoms appearing during the period of observation.
- Health professionals who are associated with such investigations will have adequate protection and adopt recognised universal precautions.
- It often may not be possible to evolve an EWS. However, sensitisation and awareness will ensure early detection.
- Dead bodies resulting from biological disasters increase risk of infection if not disposed off properly. Burial of a large number of dead bodies may cause water contamination. With due consideration to the social, ethnic and religious issues involved, utmost care will be exercised in the disposal of dead bodies.

10.8 Infrastructure that can be used as quarantine centres**Temporary Medical Centre (TMCs)**

10.5 Disease Containment by Isolation and Quarantine Methodologies:

- Isolation refers to isolating suspected cases in hospital settings. In the case of biological disasters such as pandemic influenza which affects millions, home isolation may have to be recommended to those who can be treated at home.
- Quarantine refers to not only restricting the movements of exposed persons but also the healthy population beyond a defined geographical area or unit/institution (airport and maritime quarantine) for a period in excess of the incubation period of the disease.
- Restrictions in the movement of the affected population is an important method to contain communicable diseases. The status of the law-and-order mechanism of the state and district is an important factor in helping health authorities in this regard.

10.6 Preparedness and Capacity Development

An important aspect of medical preparedness in Biological Disaster Management includes the integration of both government and private sectors. The important components of preparedness include planning, capacity building, well-rehearsed hospital DM plans, training of doctors and paramedics, and upgradation of medical infrastructure at various levels to reduce morbidity and mortality. A biological disaster response plan is to be evolved on the basis of the national guidelines with due participation of health officials, doctors, various private and government hospitals, and the public at the national, state and district levels. The government health departments also need to be equipped with state-of-the-art tools for rapid epidemiological investigation and control of any act of biological threat. The important components of preparedness are.

10.6.1 Establishment of Command, Control and Coordination Functions

The incident command system needs to be encouraged and instituted so that the overall action is brought under the ambit of an incident commander who will be supported by logistics, finance, and technical teams etc. EOCs will be established in all the state health departments with an identified nodal person as Director (Emergency Medical Relief) for coordinating a well-orchestrated response.

- Human Resource Development: The DHO, in consultation with the state epidemiological cell, will develop a simple & informative format for daily data collection, depending upon quantum of information available at each level.
- Control rooms will be nominated/ established at different levels in order to get all the relevant information and transmit it to the concerned official. The addresses and telephone numbers of the district collector, DHO, hospitals, specialists from various medical disciplines like paediatrics, anaesthesia, microbiology etc., and a list of all stakeholders from the private sector will be available in the control room.
- Manning the health Facilities: The shortfall of public health specialists, epidemiologists, clinical microbiologists and virologists will be fulfilled over a stipulated period of time. Teaching/training institutions for these purposes will be established.

10.7 Training & Education

- Necessary training /refresher training must be provided to medical officers, nurses, emergency medical technicians, paramedics, drivers of ambulances, and QRMTs/ MFRs to handle disasters due to natural epidemics/ Bio disaster.

- Structured education and web-based training must be given for greater awareness and networking of knowledge so that they are able to detect early warning signs and report the same to the authorities, treat unusual illnesses, and undertake public health measures in time to contain an epidemic in its early stage.
- Refresher training will be conducted for all stakeholders at regular intervals. An adequate number of specialists will be made available at various levels for the management of cases resulting from an outbreak of any epidemic or due to a biological disaster.
- Standardised training modules for different medical responders /community members for capacity building in the area of disaster management developed by state government or national government should be followed to create adequate training facilities for the same.
- Selected hospitals will develop training modules and standard clinical protocols for specialised care, and will execute these programmes for other hospitals. Table-top exercises using different simulations will be used for training at different levels followed by full-scale mock drills twice a year.
- A district-wise resource list of all the laboratories and handlers who are working on various types of pathogenic organisms and toxins will be prepared.
- BDM related topics will be covered in the various continuing medical education programmes and workshops of educational institutions in the form of symposia, exhibition/demonstrations, medical preparedness weeks, etc.
- Biological disaster related education shall be given in various vernacular languages. Simple exercise models for creating awareness will also be formulated at the district level.
- Biological disaster plans will be rehearsed as a part of training every six months.
- Knowledge of infectious diseases, epidemics and BT activities will be incorporated in the school syllabi and also at the undergraduate level in medical and veterinary colleges.

10.8 Community Preparedness

Community members including public and private health practitioners are usually the first responders, though they are not so effective due to their limited knowledge of BDM. These people will be sensitised regarding the threat and impact of potential biological disasters through public awareness and media campaigns. The areas which need to be emphasised are:

- **Risk communication to the community**
 - Community education/awareness about various disasters and development of Dos and Don'ts.
 - The public will be made aware of the basic need for safe food, water and sanitation. They will also be educated about the importance of washing hands, and basic hygiene and cleanliness. The community will also be given basic information about the approach that health care providers will adopt during biological disasters.
 - Toll-free numbers and a reward system for providing vital information about any oncoming Biological disaster by an early responder or the public will be helpful.
 - Definition of predisposing existing factors, endemicity of diseases, various morbidity and mortality
 - indices. The availability of such data will help in planning and executing response plans.
- **Community participation**
 - Providing support to public health services, preventive measures such as chlorination of water for controlling the possibility of epidemics, sanitation of the area, disposal of the dead, and simple non-pharmacological interventions will be mediated through various resident welfare associations, ASHA /ANM, village sanitation committees, and PRIs.
 - Community level social workers who can help in rebuilding efforts, create counselling groups, define more vulnerable groups, take care of cultural and religious sensitivities,

and also act as informers to local medical authorities during a biological disaster phase, will be created after proper training and education.

- NGOs and Voluntary Organisations (VOs) will be involved in educating and sensitising the community.
- Supporting activities like street shows, dramas, posters, distribution of reading material, school exhibitions, electronic media, and publicity, etc., will be undertaken.

A legally mandated quarantine in a geographic area, isolation in hospitals, home quarantine of contacts, and isolation management of less severe cases at homes would only be possible with active community participation.

10.9 Medical Preparedness

Medical preparedness will be based on the assessment of bio-threat and the capabilities to handle, detect and characterise the microorganism. Specific preparedness will include pre-immunisation of hospital staff and first responders who may come in contact with those exposed to anthrax, smallpox or other agents. It further relates to activities for management of diseases caused by biological agents, EMR, quick evacuation of casualties, well-rehearsed hospital DM plans, training of doctors and paramedics and upgradation of medical infrastructure at various levels which will reduce morbidity and mortality. Medical preparedness will also entail specialised facilities including chains of laboratories supported by skilled human resource for collection and dispatch of samples. The major aspects of medical preparedness are e.g. Hospital DM Plan

Hospital planning will include both internal hospital planning, and for hospitals being part of the regional plan for managing casualties due to biological disasters. The major features will include the following:

- Hospital disaster planning will consider the possibility & needs to evacuate or quarantine or divert patients to other facilities.
- The plan will be ‘all hazard’, simple to read and understand, easily adaptable with normal medical practices and flexible enough to tackle different levels and types of disasters.
- The plan will include capacity development, development of infrastructure over a period of time and be able to identify resources for expansion of beds during a crisis.
- The plan will be based on the need assessment analysis of mass casualty incidents. There will be a triage area and emergency treatment facilities for at least 50 patients and critical care management facilities for at least 10 patients.
- The quality of medical treatment of serious/ critical patients will not be compromised. The development plan will aim at the survival and recuperation of as many patients as possible.
- Hospitals will plan to recruit a sufficient number of personnel, including doctors and paramedical staff, to meet the patients’ needs for emergency care.
- It is essential that all hospital DM plans have the command structure clearly defined, which can be extrapolated to a disaster scenario, with clear-cut job definitions when an alert is sounded. Emergency services provided must be integrated with other departments of the hospital.
- The hospitals will submit data on their capabilities to the district authorities and on the basis of the data analysis, the surge capacities will be decided by the district administration.
- There is no universal hospital DM plan which can be implemented by all hospitals in all situations. Therefore, on the basis of their specific considerations, each hospital will develop a disaster plan specific to itself. The plan shall be available with the district administration and tested twice a year by mock drills.
- The hospital DM plan will cater to the increased requirement of beds, ambulances, medical officers, paramedics and mobile medical teams during a disaster. The additional requirement of disease related medical equipment, disaster-related stockpiling and inventory of emergency

medicines will also be factored into the hospital DM plan. The DM plan must be strengthened by associating the private medical sector.

- Networking between public and private hospitals must be done and hospital DM plans need to be updated at the district/state level through frequent mock drills.
- The registration and accreditation policy must make it mandatory to have a hospital DM plan.
- The existing infectious diseases hospitals will be remodelled to manage diseases with microorganisms that require a high degree of biosafety, security and infection control practices. There will be one such hospital in each state capital. In addition, the district hospitals and medical colleges will have isolation wards to manage such patients. Also, identified hospitals in vulnerable states will be strengthened for managing CBRN disaster victims by putting in place decontamination systems, critical care Intensive Care Units (ICUs) and isolation wards with pressure control and lamellar flow systems. The infectious control practices will include the following:
 - When dealing with biological emergencies, the health workers associated with the investigation of such exposures will have adequate personal protection.
 - Depending upon the risk, the level of protection will be scaled up from use of surgical masks and gloves, to impermeable gowns, N-95 masks or powered air-purifying respirators. They will follow laid down SOPs for use of PPE.
 - Infection control practices will be followed at all health care facilities, including laboratories.
 - Of the potential biological disaster agents, only plague, smallpox and VHFs are spread readily from person to person by aerosols and require more than standard infection control precautions (gowns, masks with eye shields, and gloves).
 - The suspected victims and those who have been in contact with them will be advised to follow simple public health measures such as using masks/ handkerchief tied over the nose and mouth, frequent washing of hands, staying away from other people by at least a metre, etc.
- To handle biological disasters, a hospital DM plan will have the following facilities:
 - Medical and paramedical staff: It is important to train medical staff and paramedics properly in universal safety precautions, use of PPE, communication, triage, barrier nursing, and collection and dispatch of biological samples. A team of specialists must be made available to handle infectious diseases affecting various body systems and they will be suitably immunised against agents such as anthrax and smallpox.
 - Expansion of casualty area: If the hospital casualty ward is unable to accommodate a large number of casualties, provision will be made to use the patients' waiting hall, duly reoriented, to receive the casualties. Each major hospital will cater to at least 50 additional patients at times of disaster.
 - Isolation wards: Adequate number of isolation wards are required to be planned with surge capacity to accommodate a large number of patients of infective disease. If required, side rooms, seminar rooms, other halls can be improvised for this purpose.
 - Security arrangements: Hospital security staff will prepare SOPs to prevent overcrowding of hospitals by visitors, relatives, VIPs, and the media at the time of a disaster. Help of the district administration will be sought, if required.
 - Identification of patients: The process will start at the time of giving first aid and triage. A system of labelling and identifying patients during spot registration by giving a serial number to the patient and putting an identification tag around the wrist can be done. In mass casualties, it can be supplemented by giving colour coded tags, such as red for serious patients, yellow for moderately serious patients, blue for those in need of observation and black for the dead.

- Brought dead: All those brought in dead and patients who die while receiving resuscitation will be segregated and shifted to the mortuary through a separate route. Temporary mortuary facilities will be created to cater for a mass casualty incidence.
- Diagnostic services: All laboratories and radio diagnostic services will be kept fully operational and utilised as and when required. These services will be available within the emergency treatment areas.
- Communication: Both intra & inter communication facilities will be made available. These can be further augmented by the use of mobile phones.
- Medical supplies: Adequate supply of essential drugs and non-drug items will be made available for at least 50 patients in the emergency complex itself for immediate use. Additionally, hospital medical stores will have adequate buffer stocks.
- Blood bank services: The services will cater for an adequate supply of safe blood and its components. Voluntary blood donations will be encouraged to fulfil the increased demand of blood.
- Other logistic support: Adequate, uninterrupted supply of water and electricity will be ensured for proper management of casualties. The laying down of public health standards for hospitals and strengthening of CHCs across the nation for basic specialities on 24x7 basis under NRHM by GoI are steps in the right direction to strengthen medical care facilities in rural areas. NRHM initiatives will be expedited to reach every nook and corner of the country.

- **Mobile Hospitals and Mobile Teams**

States will acquire and locate at least one mobile hospital at strategic locations. These hospitals can be attached to earmarked hospitals for their use in non-disaster periods. These will be manned by trained manpower and perform the following functions:

- To be mobilised to the disaster site for management of cases at times of any epidemic outbreak or biological disaster.
- Provide on-site medical treatment to casualties as per triage and evacuation guidelines. The teams will also make a complete assessment of the situation and transmit information to the appropriate authorities.

- Additional medical teams will be mobilised to assist in handling the large number of casualties in the wake of a mass casualty event.
- Adequate stock of medical stores, including essential drugs, will be stocked and made available to the medical teams.
- The stocking of emergency medical stores shall be done by the state government. Brick of medical stocks capable of treating 25/50/100 casualties will be kept ready to move with mobile units at short notice.
- Drills will be conducted at regular intervals by mobile hospitals and mobile teams to keep them in a functional mode at all times.

Table 10.10 Mobile Hospitals & Health Teams

Sl	Mobile Hospitals & Health Teams	Nodal Person	Contact Details
	NA		
	NA		
	NA		
	NA		

- **Stockpile of Antibiotics and Vaccines**

- Government medical stores will stock sufficient quantities of essential drugs, antibiotics and vaccines based on the risk assessment. State and local public health authorities have to develop plans for distributing and administering these materials. There is a need to have a supply of readily available anthrax, smallpox and other vaccines, which will be administered rapidly in the event of an outbreak to contain the spread of the disease. All first responders will be vaccinated in an impending disaster situation.
- A plan will be prepared to define the availability of antibiotics, anti-virals, vaccines, sera and other drugs from private pharmaceutical companies who will be able to supply these items at short notice.

Table-10.11-Stockpile of Medicines

Sl	Medicine/Drugs	Actual Requirement	Present availability
	NA		

- **Public Health Issues**

- Panic is a critical element in a disaster and, therefore, DM plans will address measures to allay public anxiety and fear arising out of Bio Terrorisms.
- Availability of safe food, clean water, and minimum standards of hygiene and sanitation will be ensured. Vulnerable groups such as children, pregnant women, the aged and patients suffering from diseases like HIV/AIDS will be given special attention.
- The routine training of medical undergraduates, nurses and health workers for mental health services is grossly inadequate. There is virtually no emphasis on the mental health aspects of disasters even in the routine postgraduate training in psychiatry. There is a need for coordinated training services and monitoring at the district and state levels.
- Most victims at the scene of a disaster suffer from psycho-social problems. Some people, including relief workers, may develop post-traumatic stress disorders. The plan will involve community level social workers who can help victims of psychosocial problems.

- Complete ban on the press or media is not the right approach in such circumstances. The media is very useful for disseminating proper information and educating the community during a disaster.
- **Emergency Medical Response**
A biological disaster can lead to mass casualty incidences, both intentional or otherwise. The development of infectious diseases depends on various factors such as type of agents, incubation period, immune status of individuals, amount of infectious agent entering the body, etc. However, a large number of cases arising in a short span of time may require prompt establishment of medical posts near the incident site. They would triage the patient, provide basic life-support if required at the site, and transport patients to the nearest identified health facility along with collection and dispatch of biological and environmental samples. If the incident command system is implemented, then the RRT/MFR will be integrated with the ICP and function under the overall directions of the incident commander. Important components of an EMR plan are as follows:
 - Pre-hospital care shall be established and operationalised using a trained medical force. EMR at the site will depend upon the quick and efficient response of MFRs.
 - MFRs must be trained in the use of PPE and in collection and dispatch of samples from air, water, food and biological materials. The standards for detection and basic life support (airway maintenance, ventilation support, anti-shock treatment and preparation for transportation) will also be developed. EMR will be integrated with ICP and will function under the overall directions of the incident commander
 - There will be periodic mock drills for checking response time and reducing it to a minimum. Periodic training and refresher training schedules will also be prepared.
 - The medical posts shall provide evacuation services, specialised health care, food, shelter, sanitation, etc. These will coordinate with other functionaries involved in search, rescue, helplines and information dissemination, transport, communication, power and water supply, and law and order.
 - SOPs for providing hospital care and a command control centre with the district collector as supreme head, will be laid down and rehearsed using mock exercises.
 - The modes of communication will be dovetailed with emergency services of the district. Inter-hospital and inter-services communication will be established at all levels.
 - Mechanisms for checking the status of coordination in planning, operations and logistic management will be developed.

10.10 Psycho Social Care

Disasters usually leave a trail of human agonies including loss of human life, livestock, damage to properties, loss of livelihood, and all development works. In any disaster the magnitude of psychosocial and mental health problems is enormous. Apart from logistic and material help, relief and rehabilitation, the sufferings of human beings will require psychosocial and mental health interventions. It has been recognized that most of the disaster affected persons' experience stress and emotional reactions after disaster as a 'normal response to an abnormal situation', and are able to cope well with a little psychosocial support. However, a significant proportion of people are not able to cope effectively with the situation in the absence of appropriate/ adequate support system and they experience significant signs and symptoms requiring psychosocial support and mental health services. The symptoms are directly related to trauma experience. The Greater the trauma, the more severe is the response if other factors are same.

Psychosocial support in the context of disasters refers to comprehensive interventions aimed to help individuals, families and groups to restore social cohesion and infrastructure along with maintaining their independence and dignity in the aftermath of a disaster. Psychosocial support helps in reducing

the level of actual and perceived stress that may prevent adverse psychological and social consequences among disaster affected people.

11 Disaster Mental Health Services

The Psycho-Social Support and Mental Health Services (PSSMHS) should be considered as a continuum of the interventions in disaster situations. While psychosocial support will comprise of the general interventions related to the larger issues of relief work needs, social relationships and harmony to promote or protect psychosocial wellbeing, the mental health services will comprise of interventions aimed at prevention or treatment of psychological symptoms or disorders. The experiences of the people subsequent to the disaster have direct relevance to recovery. The more the problems and life difficulties the survivors experience during the recovery phase, the more persistent will be their emotional reactions. This warrants appropriate interventions in accordance with the phase of recovery of the affected population with the diminished social supports being built for speedy recovery.

Table-10.12 Nodal Psycho Social Health Institution

13 Community Based Disaster Psychosocial Care

The psychosocial aspects of disasters on human beings have been acknowledged as an international agenda (WHO, 1992). However, in India, the psychosocial aspects have never been emphasized until very recently after tsunami, 2004. The Bhopal gas tragedy (1984) was the most important disaster to draw the national attention due to its severe impact and the sensitivity of the politico-economic issues involved. The psychosocial impact was studied systematically although intervention programmes were more of psychiatric in nature. Marathwada earthquake (1993), and Andhra Pradesh Super Cyclone (1996) were disasters in which mental health professionals took an active part in terms of providing mental health services and undertaking research to study the psychosocial impact of these disasters.

The ICMR studies over last twenty years have provided strong base for integration of mental health services with general health care services and sensitization of the community members and rescue workers. Further, In the post Tsunami phase in India, the WHO along with the Department of Social Welfare, United Nations Team for (UNTRS), and partners have developed a model for providing sustained, low-cost community-based volunteer provided support systems. Community level workers who are the anchor for this programme are selected from various categories of people, including teachers, health workers, and members of Self-Help Groups etc, who have volunteered for this

purpose. However, the finer details of the mechanisms and strategies for integration of mental health services with general health care services still need to be worked out.

Table-10.14 Volunteers & Paramedical Staffs (Community)

Name of Volunteers	Institution/ Organisation	Contact Person with contact details	Contact Details (Number & Email ID)	Address
NA				

Concept of Social Support Network

The psychological response to a disaster depends on three main factors

Table-10.15

Disaster	Community	Survivor
» Place of occurrence » Magnitude » Suddenness » Type	» Level of preparedness » Social support network » Leadership » Past disaster experience	» Age / Sex » Level of education/ exposure » Marital status » Physical health / » Disability » Personality/ » Coping skills » Magnitude of losses » Social support available

The psychological reactions that people experience as a result of the disaster may be either adaptive or maladaptive.

Table-10.16

Adaptive	Maladaptive
- Adaptive responses allow individuals to overcome the difficulties caused by the disaster. - For instance, obtaining information or developing effective survival skills.	- Maladaptive reactions can include denial, ineffective actions etc. reactions can be prevented from occurring and if they do occur then they can be treated. - The incident of a young girl can be considered here from Orissa cyclone. The rescue team saw her hanging from a tree after five hours, but she was not having any clothes on her body. After accepting the clothes from the rescue team, she immediately jumped in the floodwater and committed suicide.

After a disaster there are four main phases, which the survivors go through. The first phase is considered as rescue which is up to 72 hours after the disaster. The second phase is relief which continues for three months after the disaster. The third phase is rehabilitation, which lasts for one to two years and the last phase is rebuilding, or reconstruction, which extends over lifetime.

Reconstruction phase is the longest period when the population rebuilds personal skills, social support and leadership. This overlaps with the rebuilding phase.

Table-10.17

Phases after a Disaster	Duration	Characteristics
Occurrence of the disaster	Hours	Apathy, Disorientation, Wandering Surprise, Fear, Perplexity Anxiety, Helplessness
Heroic	Up to 1-2 weeks	Feeling strong, Direct feeling of saviour, eroism, Solidarity, Optimism
Honeymoon	2 weeks to 3 to 6 months	Great solidarity, Eagerness to rebuild, Sharing of common experience
Disillusionment	2months to 2 years	Withdrawal, Loneliness, Anger, frustration, Community disorganization, Negativity, Hostility, Impulsiveness, Violence, Alcohol and drug abuse
Reconstruction	2-5 years and Lifetime	Acceptance of losses Realistic assessment of the situation, Search for alternatives to rebuild lives

14. Coping with Loss & Circles of Support

It is very clear that the usual social support systems are eroded after a disaster. The family and the neighbourhood no more exist as a functional unit. The tertiary level of support system exists to some extent in terms of larger community, government and other external agencies. So, it is essential to pull these external resources (out of the affected community) for rebuilding the social support system and normalize the life of the survivors. At the third level the government and external agencies take the main role to rebuild the entire support system. Apart from the government agencies a lot of other players also come to the forefront. These include:

- Professionals from the medical, legal and other such fields.
- Student volunteers
- Religious social service groups
- Non-government organizations both national and international
- Business communities
- Civil society bodies
- Individuals in their own capacity contributing their skills or money

15. Needs of More Vulnerable Groups

The reactions to and impact of a single disaster event may vary among specific groups of survivors within the affected community, i.e. people with special needs or more vulnerable groups viz. children, people with disability, women, elderly people and people needing special medical care facilities. Lot of inter group and intra group variations are there in terms of vulnerabilities as detailed below

Table-10.18

Category	Exposure/Vulnerability
Children	• Children who were physically, neurologically, mentally and sensory challenged in the pre-disaster period and those who became disabled after the disaster • Children who need critical medical care facilities e.g. children suffering from cancer, diabetic, asthma, poor heart condition,

	blood borne diseases, HIV-AIDS, etc. • The children with special needs who become orphans after a disaster, are most vulnerable to different types of exploitation. • Orphaned and unaccompanied Adolescent children, especially girls Children whose parents are missing or remarried
Women	• Pregnant and lactating women • Disabled women • Women on critical health care facility • Women who lost their children and plan to undergo recanalization surgery • Elderly women • Women with prior history of psychiatric illness
Elderly	• Reduced physical & mental capabilities, delayed response syndrome, • increased transfer trauma & the array of emotional difficulties, • dementia, and rigidity

As per the PWD Act (1995) of Govt. of India, people with disabilities are a highly diverse group. Thus, each disability has its unique characteristics and disability specific needs. Since, their life conditions even prior to disaster are at a higher deprivation level, life conditions after a disaster become even worse. This could induce higher level of psychological distress and negative emotional reactions, which in turn could jeopardize their whole life functions. Therefore, psychosocial care givers should take extra caution to safeguard their self-respect and cater to their mental health needs. In case special intervention programme is needed to address their overall safety, dignity and needs, more emphasis should be placed on the inter-sectoral collaborations for their betterment. The following aspects & vulnerabilities should receive special attention of the care givers in the post-disaster phase:

- Accessibility to shelters and availability of basic amenities
- Availability of auxiliary aids, equipment's and services during the relief
- Special livelihood programme
- Treatment for any associated psychiatric illness
- Long-term community rehabilitation
- People on Dialysis
- People with organ transplantation
- Alcohol/drug dependents
- Heart patients
- People living with HIV/AIDS (PLWHA)
- People on Specific therapies (such as Cancer patients)
- Insulin dependent diabetics on high doses of insulin

16. Principles of Psychosocial Support

- No one who experiences or witnesses the event is untouched by it
- Disaster stress and grief reactions are normal responses to an abnormal situation
- Disaster results in two types of trauma i.e. individual and collective trauma. Individual trauma manifests itself in stress and grief reactions, while collective trauma can lead to deterioration in the social ties of survivors with each other.
- Disaster mental health services must be tailored to the needs of specific communities to be served

- Interventions must be appropriate to the phase of disaster 1. Initial phase: listening, supporting, ventilation, catharsis and grief resolution are helpful and 2. latter phase: handling frustration, anger and disillusionment
- Support systems are crucial for recovery
- Attitude of the caregiver

17. Basic Techniques of Disaster Psychosocial Care

- Ventilation: ventilation is a process to help the disaster survivors in expressing their thoughts, feelings and emotions related to the disaster and the resulting living conditions.
- Empathy: “looking at the event from the other person’s perspective and trying to realise the trauma of the other person by keeping himself/herself in that situation”. This skill of developing empathetic attitude towards survivors comes through regular habit of active listening of the survivor.
- Active listening Active listening is an important skill to facilitate ventilation and develop empathy, which in turn facilitate the whole process of providing emotional support. The following guidelines can help the care givers in achieving better results.
 - Look at the person while he/she is talking:
 - Respond occasionally while listening:
 - Avoid interruptions
 - Be tolerant & Empathise:
- Social support: Social support networks are extremely important for feeling comfortable and secure. In a disaster situation all the support systems get disrupted, hence the need to rebuild and restore.
- Externalization of Interests: Engaging them in small but productive activity/work (keeping age, gender, physical status, skills and interest as considerations) would help them in imbibing a positive thinking and feelings.
- The Value of Relaxation: Introducing relaxation activities for children (for instance some games, songs, dancing, painting, colouring and other things) and adults involving physical movement has proved to be very beneficial in helping survivors recover from their trauma and pain.
- Turning towards Religion and Spirituality: Helping people to turning towards his/her practiced religious rituals and practices (e.g. daily worship, prayer and related activities) would also facilitate the ventilation process, whereby there is a possibility of verbal/nonverbal expression of feeling/emotions and thus, making the survivor more peaceful in mind.

18. Understanding of Stress Symptoms & Management

The concept of stress was first used by Selye (1956) in his biological stress theory. It was defined as a set of specific physiological responses to environmental stimuli, e.g. chronic fatigue, nervous breakdown, physical damage etc. The important role of psychological factors remain in understanding the occurrence and modification of stress response.

Table 10.19

Emotional	Interpersonal	Sensational	Biological	Behavioural	Cognitive
Anxiety Guilt Embarrassment Depression Hurt Jealousy	Cannot keep relationships Suspicious Gossip Competitive Withdraw	Heart rate Headaches Nausea Aches and pain Tremble	Digestion problems Blood pressure Heart problems	Substance dependence Sleep problems Tea smoking Restless	I must do well Life should not be like this I must

Feel like dying Cry frequently Moody	Fearful and unassertive Aggressive	Fainting Numbness Dry mouth Stomach cramps Sweaty Indigestion	Tiredness Allergies Low immunity Mental problems	Eating problems Aggression Irritation Speech problems Accident prone Eat, talk, walk faster Unkempt and untidy Low productivity Bad time management	have what I want This is terrible I cannot take this any longer Everyone should like me Working long hours » Not getting time to relax and take care of personal issues » Not able to contact the family members » The weather in the area etc

Diverse Stress Responses

Table 10.20

Cognitive Responses:	Emotional Responses:	Self-image	Psychosomatic/Physiological Responses
Low awareness of the environment » Restricted scope of perception » Lowered ability to concentrate » Disturbed memory functions » Hesitation in decision making » Change in content of thinking » Low creativity	» Feelings of deprivation, guilt, anxiety, tension, aggression, irritation, worry, sadness, hopelessness and maladjustment.	» Low self confidence » Identity problem » Depression & Helplessness	» Headache & Body Ache » Muscular tension and pain » Gastrointestinal disorders/low appetite » Sleeplessness » Difficulty in breathing » High Blood Pressure (Source: Zimbardo, 1979) » Vague pain in different parts of the body » Increased heart beat & palpitation » Sweating in palms and feet » Shaking of the body & Fatigue » Butterfly sensation in the

and change in performance » Less ability to utilise relevant information			stomach

Relaxation Exercises

Table 10.21

Abdominal breathing	» Sit comfortably » Close your eyes » Put one hand on the abdomen » Focus on your breathing and try and see that you are breathing from your abdomen rather than your chest » Concentrate on the fact that your stomach is rising as you breath in and falling as you breath out
Count breathing	- Sit comfortably » Close your eyes » Count 1-2 two as you inhale » Release your breath slowly counting 1-2-3-4 (double the count of your inhalation) » Practice this till you feel relaxed
Nostril breathing	» Inhale naturally and then let out with a whooshing sound. Hold for some time and then let out again » Breathe through one nostril and breathe out through the other one » Combine breathing with visualization that you are getting energy and refreshment » Listening to some music while practicing these will enhance positive impact of the techniques
Free Meditation	» Sit comfortably or lie down and close your eyes » Put on some music and listen to the music » Do not try to think of anything, just concentrate on your breathing » If any thoughts come in do not try to control them or force them out, instead spend time on them and let them go as they come » Do it initially for about 5 minutes and slowly as you become better at it go on increasing the time period to about 20 –25 minutes and it would prove to be very relaxing
Candle meditation	» Sit comfortably » Light a candle or a lamp in front of you » Concentrate on the flame » Spend time just looking at the flame glowing and flickering » If you feel after some time close your eyes and look at the image in your mind » Slowly open your eyes after you are completely at ease » Do it initially for about 5 minutes and slowly as you become better at it go on increasing the time period to about 20 –25 minutes. It would prove to be very relaxing
Relaxation	» Lie down on the ground » Slowly move from your feet to your head saying the following to yourself

Disaster Psychosocial Referrals

Table-10.22

Within Caregiver's Control if the Survivor: » Is aware of who s/he is, where s/he is, and what has happened with him/her. » Is only slightly confused or dazed or show slight difficulty in thinking and decision making or finding difficulty in concentrating	Referral if the Survivor: » Is unable to tell/recall his/her name, name of the place and what has happened to him/her in past 24 hours » Complains about what is happening with him/her
Behaviour	
- Is restless, mildly agitated and excited » Has sleep difficulty and decreased appetite » Sad, rigid, clenches the fists	- Is apathetic, immobile and unable to move around » Is withdrawn and mutilates himself/herself, does not take care of self » Violent and causes harm to others » Uses alcohol or drugs » Repeats ritualistic acts as compulsions
Emotions	
Within Care giver's Control if the Survivor » Is crying and weeping consistently by reiterating about the incident » Has blunt emotions, is numb and hardly reacts correctly to his/her environment » Easily irritated and angered over trivial issues » Shows high spirits or laugh excessively » Very quiet with no emotions	Consider Referral if the Survivor » Is unable to be aroused and is completely withdrawn » Is excessively emotional and shows inappropriate emotions » Is excessively happy, or sad and depressed
Perception	
Has all senses intact and has no perceptual disturbance, like seeing the ghosts of those expired	- Hears voices in absence of the actual living organism » Sees things in absence of any living organisms' existence » Has complaints about vague bodily sensations » Takes a constant peculiar body position for days together
Thought	
Within Care giver's Control if the Survivor » Talks excessively about the disaster » Refuse to talk much » Has rapid or stammered speech	Consider Referral if the Survivor » Is talking irrelevant » Shows overflowing of incoherent speech » Does not talk at all for days together
Thought	
- Has a feeling of despair and worthlessness » Has a doubt on his/her own recovery » Is over concerned about unimportant things and neglects important things » Denies what happened to him/her and blames Others	- Is excessively preoccupied with one idea or thought » Has bizarre thoughts, which have no answerable reason in that situation » Has a false but extremely firm and strong belief of

	something that is going to happen to him/her » Is attempted suicide or has suicidal thoughts

19. Ethics & Confidentiality

- Never make false promises to the survivors
- Maintain the confidentiality of the very private information/problems
- what the survivors share with you.
- Have the commitment and strive to help and support the survivors in an unbiased manner
- Helping the co-workers and taking care of your self is very crucial.
- Whenever, the pressure of work or dealing with human suffering become
- stressful for you, seeking help and support is a must.
- Keep smiling and spread smiling among others

Chapter – 12 :

Capacity Building Measures

8.1 Approach

Developing a DDMP without building capacity or raising awareness amongst stakeholders can be detrimental to the development of a successful and sustainable plan. Stakeholders and communities are critical components to a successful, long-term, sustainable disaster management plan. Capacity Building develops and strengthens skills, competencies and abilities of both Government and non-government officials and communities to achieve their desired results during and after disasters, as well as preventing hazardous events from becoming disasters.

Developing institutional capacity is very important. At the same time, by making the local community part of the process and solution would help in ensuring that disaster mitigation measures are more likely to be implemented and maintained over time.

8.2 Capacity Building of Govt. Officials, PRI Members etc.:

Table No: 8-1

Sl. No.	Activity-cum-Training	Participants	Duration	Remarks
1	Orientation training programme on disaster management & Heat Wave preparedness.	All BDOs, Tahasildars, Head of line departments, Police & Fire Dept. etc.	1 day	Organized on 08.04.2022
2	Training on road safety and transportation preparedness during summer time 2022.	NH, RTO employees, Bus and other transport management members.	1 day	Review the safety plan in transportation and new emerging technologies to increase the safety of road transportation and to increase the do and don'ts that placed in Heat Wave plan for passengers who are travelling

				in summer.
3	Rain fall data recording	Head Clerks of all Blocks.	1 day	Training by professionals for better rain fall data recording and additional trainings for automatic weather stations.
4	Public health in emergencies- safe drinking water and sanitation	All BDOs, Block and district level officials of PHED/ RWS & S Dept.	1 day	Training to maintain the hygienic conditions and better flood preparedness.
5	Trainings Role and responsibilities of FSMMC.	Members of concern FSMMC.	4 days	Training to enhance the responsibilities and functions of FSMMCs.
6	Trainings on First Aid on Flood Shelters.	Sarapanch & FSMMC members.	4 days	Training to be done with the help of district Red Cross.
7	Workshop on Role of Media in Disaster Management	Media Personal.	½ day	The training will be conducted with the help of DIPRO for better media management during any disaster.
8	Training on implementation of guidelines on minimum standard of relief.	All BDOs, Tahasildars & RIs.	9 days	Training will help concern authorities to review the revised guidelines and operations.
9	Training on Drought management	All Thasils, staffs of CDAO, DDH.	9 days	To be conducted jointly with related departments like Agriculture, Horticulture etc. for more effective result.
10	Earth quake resistant construction.	Asst. Engineers & JEs of all infrastructure development departments.	1 day	Training is to be done by technically sound specialist to demonstrate the new evolving technologies for earthquake resilience structure.
12	Training on GIS mapping of Utilities.	Block Computer Programmers, Line Department MIS officials.	1 day	GIS experts to be trained to concern participants for better automatic weather station management.
13	Capacity building FAMEx programme.	Principal/ Head Masters of all Govt. & Private Institutions.		To be conducted by ODRAF unit in Upper primary and High Schools.
14	Boat safety training.	Boat members and concern Block and ULB members dealing with.	4 days	Training to be done in Maneswar, Dhankaouda, boat plying under SMC jurisdiction and Hirakud reservoir area.
15	Training on use of IDRN	All line department OICs, all industries	15 Days	Training to be done at each office level with hands on practice.

8.2.1 Tabletop Exercise:

Collector to organize a tabletop exercise involving all district and block level key officials in each year in the 1st week of April, to assess the emergency response plans for various disasters.

Resolution of Council of Minister in Disaster and Pandemic Management

Aim & Objective

- To Create a massive knowledge infrastructure in the state that will make everyone a disaster warrior
- To train our people at large where the outcome can not be predicted on how to deal with known emergency and how to respond to situations
- Building a Disaster resilient and pandemic resilient Odisha

Implementation Strategy

Outline of the Rolling Plan for Implementation of the Resolution by Council Of Ministers									
SI No	Key Activities	Time Line							
		Year 1 (starting from Jan 2022)				Year 2

7 ENV & FOREST	Consultation & MOU with the concerned Department								
	Development of Modules & related Materials in a consultative mode								
	Consultative Workshop for Module & material finalization								
	Translation to Odia & Printing of Modules & materials								
	Training of Trainers								
	Disaster management training for VSS members								
8 PA	Knowledge Augmentation Training of Honble. MP, MLA, ZP President								
9	Consultations with SCERT & Dept of Higher Education								

Dept of Edn	Curriculum development by SCERT & HE in collaboration with OSDMA								
	Review and endorsement by OSDMA								
	publication and distribution								
10 Government Officials	Consultation and curriculum development (with OSOU, Sambalpur)								
	Finalization of the curriculum and digitalisation								
	Hosting of digital training material to Web site								
	Digital Training to Government officials								

8.2.2 District/ Block level Mock Drills:**Table No.8-2**

Sl. No	Type of Mock Drill	Officials/ Institutions to be involved	Month/ Date
1	Industrial Accidents/ Industry Specific Mock drills/On site emergency plan	Director of Factories and Boiler, Deputy Director Factories and boiler, Various private and Govt. industries personnel.	As per mock drill calendar
2	Fire Accident	Fire Service, School. Colleges, ODRAF	April/May
3	Public Gathering	Police, Fire, ODRAF, NDRF	May/June
4	Flood	ODRAF	May

8.3 Disaster management Education (School Safety and School Disaster Preparedness):

All educational Institutions (Both Govt. and Private) which are functioning in the districts may include organizing awareness generation programmes in schools and colleges and conducting basic mock drills for fire and other disasters. For this purpose DDMP 2019 proposed the following programme under Disaster management Education (School Safety and School Disaster Preparedness).

Table No.8-3

Sl. No.	Name of the Programme	No. of Schools, Colleges and Other Educational institutions to be covered during the year	Time Line	Remarks
1	Awareness generation and mock drills for fire/ earth quake etc.	1 private schools @ district level, 9 private schools @ Block level, 1 Govt. High schools @ district level, 9 Govt. High schools @ Block level,	September - November	The schools are to be taken as model school for disaster preparedness training.
2	Preparation of School disaster management plan	1 private schools @ district level, 9 private schools @ Block level, 1 Govt. High schools @ district level, 9 Govt. High schools @ Block level,	July-September	The schools are to be taken as model school for School Disaster Management Plan.

3	District level Quiz/ painting/ debate competitions	Based on the nomination received from the BEOs/DEO	September	To create disaster preparedness among students.

8.4 Community Capacity Building and Community Based Disaster Management:

The district has identified 1238 inhabited villages including 150 inaccessible pockets. During 2019-20, VDMC will be constituted and strengthen in 100 villages. Nature of capacity building programme will be prioritised depending the type and intensity of disaster. Villages with multi-hazard vulnerability towards drought, flood, heat waves, and fire incidents will be selected in the first phase on phase manner. Utmost care will be given to include persons having prior experience as a member of the VDMC. Blocks wise numbers of villages and members to be covered under 2019-20.

Table No.8-4

Sl. No.	Block Name	No. of vulnerable villages to be covered during 2019-20	No. of VDMC and task force member to be oriented	No. NGOs to be involved in the process	Time line	Remarks
1	Dhankauda	11	280	1	June-July	To be conducted before moonsoon.
2	Maneswar	11	280	1	June-July	To be conducted before moonsoon
3	Rengali	12	280	1	June-July	To be conducted before moonsoon
4	Redhakhol	10	280	1	June-July	To be conducted before moonsoon
5	Jamankira	09	270		May/October	To be conducted after moonsoon and before crop cutting
6	Bamra	12	270		May/October	To be conducted after moonsoon and before crop cutting
7	Kuchinda	12	280		May/October	To be conducted after moonsoon and before crop cutting
8	Naktideul	11	270		May/October	To be conducted after moonsoon and before crop cutting
9	Jujumura	12	270		May/October	To be conducted after moonsoon and before crop cutting

[Block wise village list for 2019-20 to be given in Table No.1.44 of Volume II of the DDMP]

8.4.1 Capacity building of Flood Shelter Maintenance & Management Committee and Task Force members:

Table No.8-5

Sl. No.	Name of the Training Programme	Total No. of Persons to be trained	No. of Training Programmes to be organized	Time Line	Remarks if any
1	Orientation of FSMMC	20	3	June to September	Responsibility is reviewed periodically after training.
2	Training of task force members on Search & Rescue and First Aid	50	1	January to March	To be incorporate with the help of Red Cross, NCC etc.

8.4.2 Shelter level mock drills:

Table No.8-6

Sl. No.	Type	No. of Flood Shelters to be covered	No.of villages/ward to be covered.	Month/ Date
1	Cyclone Mock drill	NA		
2	Tsunami Mock drill	NA		
3	Flood Mock drill	04	2village,5Wards	June

Chapter – 13 : Preparedness

9.1 Relief Lines : District to Blocks

Table No.9-1

District to Blocks					
Sl. No	Name of the Road		Type of Road & Length	Vulnerability of the route (Description of the Vulnerability)	Coverage (Blocks)
	From	To			
1	Sambalpur	Bamra	State Highway-99 Km.	4 Km.Before Kuchinda a narrow bridge is under repair	Bamra
2	Sambalpur	Dhankauda	R&B Road-3 Km.		Dhankauda
3	Sambalpur	Jamankira	State Highway-55 Km.	Badarama Ghati is situated in this route .Sharp, frequent turnings and straight upward roads are found in this road throughout the hilly area.	Jamankira
4	Sambalpur	Jujumura	National Highway-32 Km.	Around 10 to 15 km. are covered with forest area, many big trees are found by road side and in cyclone situation may cause blockage due to tree fall.	Jujumura
5	Sambalpur	Kuchinda	State Highway-85 Km.	4 Km.Before Kuchinda a narrow bridge is under repair .Only one four wheeler vehicle can pass through the bridge at a time.	Kuchinda

6	Sambalpur	Maneswar	R&B Road-9 Km.		Maneswar
7	Sambalpur	Naktideul	National Highway-67 Km.State Highway-18 Km.	Around 60 to 70 km. are covered with forest area, many big trees are found by road side and in cyclone situation may cause blockage due to tree fall.	Naktideul
8	Sambalpur	Redhakhol	National Highway- 67 Km.	Around 40 to 50 km. are covered with forest area, many big trees are found by road side and in cyclone situation may cause blockage due to tree fall.New Road construction is goin on, may found many diversion and new patches.	Redhakhol
9	Sambalpur	Rengali	National Highway-26 Km.	Speed limit to 80 Km/ Hr. avoid any accident	Rengali

9.2 Relief Line Channels : Block to GPs & Villages**Table No.9-2**

Sl. No	Name of the Road		Type of Road & Length	Vulnerability of the route (Description of the Vulnerability)	Village Coverage (In Nos.)	Population
	From	To			Village	
1	Jujumura	Kabrapali	NH-55, 33 Km	Forest area, Chances of tree fall on roads and may block the road	Nildunguri, Baribandha, Kuturajori, Jhargulunda, Bairagipali,	3655
2	Jujumura	Nuabaran gamal	NH-55 45 Km, RD road 19 Km	Forest area, Chances of tree fall on roads and may block the road	Khairmal, G. Badmal, Kulsar, Balanda, Dhalamunda, Fatbahal	3905
3	Jujumura	Jayantpur	NH-55, 20 Km	Forest area, Chances of tree fall on roads and may block the road	Kendughati, Patharagada, Laxmani, Giripali, Dumerpali	4435
4	Jujumura	Kukudapali	NH-55, NH-53 60 Km	Forest area, Chances of tree fall on roads and may block the road	Gambharpankh, Barshapali, Pipilipali	4849
5	Jujumura	Baham	NH-55, NH-53 60 Km	Forest area, Chances of tree fall on roads and may block the road	Dungripali, Khashupali, Kadalamunda, Padiabahal, Jampali, Khaliapali, Badaturung	5222
6	Jujumura	Dangarpada	NH-55, NH-53 60 Km	Forest area, Chances of tree fall on roads and may block the road	Bhandarimal, Patuabahal, Jharjhari, Sadapali, Litimunda, Nuamunda,	4569
7	Jujumura	Ghenupali	NH-55, NH-53, GP PS Road 45 Km	Forest area, Chances of tree fall on roads and may block the road	Paidamal, Buromal, B. Khejuripali, Semeltikra, Thakurmal, Badasahir, Pabpali, Sanatanpali	5124
8	Dhankauda	Bishalkhinda	L&T Road, NH, GP road, 30 Km.	Culverts and Bridges are found, May cause road block in heavy rain	Pandiapali, Bishalkhinda NUPS, Pithampur, Titheipali, Amghura,	4089
9	Dhankauda	Sasaan	L&T Road, GP road, 20 Km.		Falsapali, Sadhasingha, Ranikhinda, Pabpali, Chhatargada, S. Katapali, Talpadar, Mahulmunda, Gandapali,	4767
10	Dhankauda	Kilasama	L&T Road, GP road, 35 Km.		Kilasama, Jharghati, Kumbharkata, Patrapali, Pradhanpali, Saletikira, Gaudih, Balbaspur, Gunchamal, Goudpali, Pipalipali, Sagunpali,	5452
11	Dhankauda	Kankhinda	L&T Road, GP road, 30 Km.		Debeipali, Majhipali, Bisipali, Kankhinda, Bhalubahal, Ampada, Pipalpada,	4024
12	Dhankauda	Talab	Left Dyke road, GP road, 15 Km.		Jamadarpali, Pandaripali, Tihura, Barmunda, Bhalukunda, Bhualpali, Jogipali, Talab	5793
13	Dhankauda	Kardola	NH-6 Ashoka		Tulundi, Kardola, Bandhpali, Chiplima, Marangola, Bhaliap	5670

			Buildcon Road, PWD Road, GP Road, 30Km.		ali,Kudapali	
14	Dhankauda	Kud-Gunderpur	NH-6 Ashoka Buildcon Road, PWD Road, GP Road, 35Km.		Kud-Gunderpur ,Jampali,Pathkhai,Kud-Mahada ,Kud-Amalipali ,	1498
15	Dhankauda	Basantpur	NH-6 Ashoka Buildcon Road, PWD Road, GP Road, 40Km.		Basantpu, Sahajbahal,Sautpali, Govindpali,Gadmunda, Talpadar,Rengalipali	3769
16	Dhankauda	Kalamati	NH-6 Ashoka Buildcon Road, PWD Road, GP Road, 40Km.		Ladukhai, Beheratikra, Karnapali,Gudkhatikra, Bhoitikra, Andharipatra,Golaknagar,Maulibhag, Jharmunda ,Babubandh,Kalamati,	6338
17	Maneswar	Nuatihura	NH, GP Road-40 Km.	Culverts and Bridges are found, May couse road block in heavy rain	Kudopali,Sangramal,Solapali,Nuatihura, Haldibahal,Mura, Kalmi, Haldi,	3469
18	Maneswar	Bhikampur	NH, GP Road-40 Km.		Baikunthapur,Jharmunda, Kushapada,	2461
19	Maneswar	Parmanpur	NH, GP Road-30 Km.	Culverts and Bridges are found, May couse road block in heavy rain	Nuamunda, Kurlabahal, Parmanpur,	2891
20	Maneswar	Tabla	NH-6, GP Road-30 Km.	Culverts and Bridges are found, May couse road block in heavy rain	Remegeda, Kuthel,Kulia, Tengopada,Tabla,Gudesinga , Bahidarkata,Kultanuapali,Kisanpada,Gambharkata, Hutma	6816
21	Maneswar	Batemura	SH-15,GP Road,PMG SY-20 Km		Khunti, Jayaghanta,Kirtipur,Balaranga,Kesapali,Matikhae,Kakudipali	3984
22	Maneswar	Baduapali	SH-15,GP Road,PMG SY-15 Km	Culverts and Bridges are found, May couse road block in heavy rain	Mahulpali, Jhankarbahali,tengerjuri, Jugipali,Antapali, Labdera,	2683
23	Maneswar	Sahaspur	SH-15,GP Road,PMG	Culverts and Bridges are found, May couse road	Sahaspur, Chakuli,Putipali,Sankhala,	4586

			SY-15 Km	block in heavy rain	Arda,Sardhapali, Busenmura,	
24	Maneswar	Bargaon	SH-15,GP Road,PMG SY-15 Km	Culverts and Bridges are found, May couse road block in heavy rain	Salesingha ,Bargaon,Baunsara,Radhiapa li,Haldi,Chhachanpali ,Tentulikurla ,Bhardol ,Tentulikurla,	4502
25	Maneswar	Huma	SH-15,GP Road,PMG SY-20 Km	Culverts and Bridges are found, May couse road block in heavy rain	Huma, Bahiropali,Dasapur, Balpur,Kanbar.	3179
26	Maneswar	Dhama	SH-15,GP Road,PMG SY-20 Km	Culverts and Bridges are found, May couse road block in heavy rain	Dhama, Khinda, Gunepali, Ainlapali,Nuagaon, Charpali	3082
27	Maneswar	Dakara	SH-15,GP Road,PMG SY-35 Km	Culverts and Bridges are found, May couse road block in heavy rain	Dakra, Amkuni, Subanpur,Sitlenpali, Birghat, Barmal,Dhaurakhaman, Golbanga, Tengerpali,Jaduluisingh ,Purunapani ,	3549
28	Maneswar	Deogaon	SH-15,GP Road,PMG SY-40 Km	Culverts and Bridges are found, May couse road block in heavy rain	Deogaon,Goughot, Hotapali,Larasara, Banpur,Taboi, Gainpura	2627
29	Naktideul	Simlipal	NH, GP Road, 15 Km.	Forest road.May lead to road blockage due to tree fall	11	2711
30	Naktideul	Kisinda	NH, GP Road, 25 Km.	Forest road.May lead to road blockage due to tree fall	11	3361
31	Naktideul	Jamujori	NH, GP Road, 45 Km.	Forest road.May lead to road blockage due to tree fall	12	3575
32	Naktideul	Batgaon	NH, GP Road, 30 Km.	Forest road.May lead to road blockage due to tree fall	13	4497
33	Naktideul	Salebhata	NH, GP Road, 35 Km.	Forest road.May lead to road blockage due to tree fall	14	4435
34	Naktideul	Ballam	NH, GP Road, 20 Km.	Forest road.May lead to road blockage due to tree fall	14	4977

9.4 Preparedness at District level:**Table No.9-4**

Task	Activity
District Emergency operation Centre (DEOC)	• Test Checkup of all communication Interfaces in regular interval • Proper manning of the Control Room as per Para-10 of the Odisha Relief Code • A dedicated vehicle must be earmarked for Control Room
Upward & Downward Communication	• Have a list of Nodal person with contact details • Establish regular linkages with all important stakeholders • Contact SEOC regularly
Meeting of DDMA (Heads of the department & stakeholder)	• DDMA must meet twice every year & before any disaster • Fix time & venue for regular Preparedness meeting to Assess preparedness of District /Department /Civil Society /Block Community /Family /Individual level regularly • Circulate the minutes of the meeting with clear-cut role & responsibility
Capacity Building	• Identifying & designating Nodal Officer for different Dept. • Capacity building & skill upgradation of ODRAF/Fire services/Police/Home Guard • Identify Volunteer like Civil Defense/Cyclone shelter Task Force/NCC/NSS/Scout & Guide & train them on Search & Rescue, First aid, evacuation etc. • Take stake of required materials for search & rescue, first aid, casualty management, evacuation, relief etc. & update IDRN portal regularly • Assess preparedness through Mock drill at District, Block & Community level
Shelter Management	• Take necessary steps for operation & maintenance of shelters • Test Check of various Equipment at shelter level & repair of the defective ones • Ensure regular meeting of Shelter committee • Assess Shelter level preparedness through Mock drill I
Planning & Reporting	• Collect & transmit Rain fall data regularly • Collect & transmit weather report regularly • Ensure preparation of Disaster Management Plans & Safety plans at all levels • Capacity building of all Stake holders • Integrate the District plan with block & Village disaster management Plans • Develop healthy media partnership

9.5 Preparedness at Community Level**Table No.9-5**

Task	Activity
Early Warning Dissemination	• Build regular linkages with BEOC & DEOC • Test Check of various Equipment at shelter level & repair of the defective ones • Keep updates from BEOC/DEOC • Monitor & Transmit updates to BEOC • Supply required information to BEOC & DEOC
Ensuring Preparedness	• Have a list of Nodal person deployed in the village with contact details • Identification of safer routes & shelters • Identify possible ways to reach persons like Farmers/Fisherman/NTFP collectors etc. who ventures into fields, sea & forest respectively • Build teams from among the task force on Search & Rescue, First aid, Damage & loss assessment • Assess preparedness at Family/Individual level • Test Check-up of equipment's
	• Understand Local dynamics exposed & vulnerable to different disaster • local Social Economic & weather conditions • Develop Village DM plan • List of emergency contact Nos. & display it in Centre places. • Participate in the activities of Preparing village Disaster Management, developing Safety plans, Capacity building Programmes & Mock Drills

9.6 Preparedness at Family Level**Table No.9-6**

Task	Activity
Warning Communication	• List the minimum Important requirements Keep all the important Documents in a water proof polythene • Record the Safe & alternative routes to shelter • Keep News update in Radio/TV

Preparedness	• Always keep in readiness a “Ready to go Emergency Kit” containing Dry food (for 72 hours x Family member), Drinking water (2ltr/per person per day), Hand wash/soap, Important Documents/Valuables, Whistle/match box/lighter/ torch/battery/ umbrella, Mobile & charger / radio • Family must have a “Ready to go First Aid Kit” containing Iodine/ Band aids/ Cotton/ Medicines/ ORS/ ointments/ scissor/ halogens etc. • Assess preparedness on a regular basis by checking Radio/Mobile/ Emergency Kit/First Aid Kit/Fuels & Kerosene (as per need) • Replace the damaged outdated or expired materials with new ones.
Capacity Building	• Participate & involve in the activities of village disaster Management plan, preparation of Safety plans, participate in Capacity building Programmes & involve in Mock Drills

9.7 Preparedness at Individual Level

Table No.9-7

Task	Activity
Early Warning Dissemination	• List & keep a ready to go minimum Important requirements • Record the Safe & alternative routes to shelter • Keep News update in Radio/TV
Ensuring Preparedness	• Every individual/children must have a Personal Identity information like a copy of Aadhar card/ Voter ID / School Identity Card & Contact numbers of Preferably two who can be contacted in time of emergency • Family members especially kids must be sensitized about family gathering point during disaster & crowded places • Assess preparedness on a regular basis by checking Radio/Mobile/ Emergency Kit/First Aid Kit/Fuels & Kerosene (as per need)
Capacity development	• Participate & involve in the activities of • Disaster Management • Safety plans • Capacity building Programmes • Mock Drills & FAMEX

9.8 Preparedness of Departments

Table No.9-8

Name of the Department	Normal Time
Collector/ADM / Emergency Officer	• Ensure regular meetings of District Disaster Management Authority • Develop & update Disaster Management Plan, carry out Hazard analysis in the district • Identify safe alternate routes to cyclone shelters. • Keep a list of Contacts of EoCs, Nodal officer of different departments, Important stake holders, Village leaders, shelters • List of Relief lines & storage places • List & maintenance of SAR equipment • Capacity building of stakeholders & volunteers • Assess preparedness through Mock Drills for different disasters at district department, block & community level • Adopt sustainable mitigation measures • Integrate DM & DRR features in development programmes
CDMO	• Disaster Management Plans & Safety plans for Hospitals • Capacity building of Medical & Para Medical Staffs • Assess preparedness through Mock Drills & familiar exercises • Integrate department plans with plans with Village & Block Plans and development programmes • Develop media partnership • Develop capacity of hospitals with advance equipment, proper manning & disaster resilient infrastructures
Superintendent of Police (SP)	• Instructions to VHF Grids to pass on messages of Flood and other natural calamities on top priority may be issued. • Installation of One VHF Set in the Dist. Control Room. • Communication infrastructure to ensure smooth information flow from the inaccessible areas . • The Power Boat may be got repaired and kept in serviceable condition so that during monsoon, it can be set in to action during the Flood. • To keep the Police Force alert to move into action at short notice in case of flood or other natural calamities.
EE- RWSS	• In case of damage of Tube Wells or Piped Water Schemes, arrangement for provision for drinking water in the area

	through tankers be ensured. Syntax tanks in such cases are to be supplied in the vulnerable areas. • Sufficient quantity of riser pipes, handles, etc. be procured and kept in stock. • Arrangement made for the heat wave situation should be kept going on during the monsoon also.
EE- Irrigation	• Holding of natural calamity meeting in the month of May and October • Awareness generation • Formation of Zones/Sub-zones • Review progress • Provision/ arrangement of sand bags in risk prone area • Equipments to be ready • Formation of team • Arrangement of vehicle • Delegation of areas
DAO- Agriculture	• The agricultural activities be limited to the programme approved. The farmers be strictly asked not to take up agricultural operation outside the programme approved. Advance / timely sowing operation and early raising of seedling is to be ensured. Alternative arrangement for seedling be made to supplant damage, etc. due to flood or other calamities preferably near to the Katas, Dug Wells, etc. • Farmers be educated / motivated to adopt crash crops instead of paddy, particularly in the high land. Different Govt. schemes meant for farmers be informed to the farmers through the VAWs • Distribution of sufficient stock of seeds and fertilizers and other agricultural implements to the sale centers be ensured. There should not be complaints from the farmers about non-availability of seeds or fertilizers • Fortnightly weather and crop situation report indicating program / progress of agricultural activities, condition of crops, use of fertilizers etc. in low land, medium land and high land and all other relevant information in connection with be submitted to the Collector by 3rd and 17th of each month. • Electric connection to all the pump sets now not functioning in Kud Gunderpur is to be ensured for agricultural operation through the Lift Points.

EE- R&B	• Construction of MPFS in the proposed site. • Trace out the vulnerable Roads and bridges. • Repair of the vulnerable and incomplete infrastructure within the stipulated time period. • Keep a close eye for roads in flood zone and quick repairmen in any miscommunication situation.
DTO-Telecom	• Check out the effective communication facility. • Trace out any vulnerable situation for telephone wire and look out for the solution and measures.
CDVO	• Health care of the Cattle be ensured including arrangement for their drinking water • Ghosals be identified for giving shelter to the cattle in case of emergency. • Arrangement of fodder and cattle feed be ensured. • Action plan for growing fodder be prepared and submitted. No. of such cultivators / No. of persons availed land under lease and the guide lines of the Govt. in the matter be reported to the Collector for follow up action with the Relief Branch of the Govt. One person from every Block be identified and motivated for the purpose
RTO/MVI	• To check out proper facilities in the transport system prescribed by Govt. • Checking for overloading. • Arrange alternative transportation for rescue operation. • Trace out the vulnerability in the rescue route.
DFO-	• The Power Boat available with him be kept in good condition for use at the time flood • (for rescue and relief purpose). •
Railway	• To keep all the railway line clear for safe and effective transportation. • To ensure the lines are not coming under any flood as soil erosion as landslide zone.
EE- Electricity	• Trimming of trees above the electrical lines be ensured by June. • Repair of joints of the electrical lines need be ensured by 1st week June. There are several incidents of accidents and death due to electrical shocks from the broken lines.
EE - PHED	• To complete survey of the Tube Wells situated in the flood prone areas and likely to be submerged during the flood and necessary arrangement for supply of drinking water in such locality may be made by 1st June and a copy of the action plan be submitted to the Collector.

	• List of defunct MCL Tube Wells be prepared and submitted to the Collector for its replacement as and when further allotment from the Govt. receives. • The action plan prepared for the Heat wave mitigation should continue till the Monsoon is over.
DEO- School & Mass Education	• Ensuring the vulnerability condition of schools in the district • To comply all the measures for safety and security of students during any disaster situation • To adjust the classes according to the situation demand.

Chapter – 14 : Response

Response

Response refers to activities done for handling disaster to bring the situation to normalcy not exceeding fifteen days from the abatement of disaster. The onset of an emergency creates the need for time sensitive actions to save life and property, reduce hardships and suffering, and restore essential life support and community systems, to mitigate further damage or loss and provide the foundation for subsequent recovery. Effective response planning requires realistic identification of likely response functions, assignment of specific tasks to individual response agencies, identification of equipment, supplies and personnel required by the response agencies for performing the assigned tasks. A response plan essentially outlines the strategy and resources needed for search and rescue, evacuation, etc

10.1 Phases of Response : Timeline (Indicative)**Figure.10-1**

10.2 Relief Management: Timeline

Figure.10-2

10.3 Response Response: District**Table No.10-1**

Task	Activity
Warning Communication	- Warning dissemination to the list of Nodal person & concerned BDOs - Recording the receipt of information & regular Status update - Transmitting updates to SEOC in regular interval as instructed
Meeting of DDMA (Heads of the department & stakeholder)	- Collector to take up a department coordination meeting & distribute works among all the Departments - Collector issues circular to keep Govt. offices open cancelling all holidays. - A fixed time to be finalized every day for reporting at all level. - A nodal officer is identified for media management - Circulate the minutes of the meeting with clear-cut role & responsibility
Pre-positioning of staff, resources & Evacuation	- Identifying & designating Nodal Officer for different stages of disaster & affected areas. - Positioning of ODRAF/NDRF/Fire services/ Police/Home Guard in the affected areas - Pooling Volunteer services (Civil Defense/Task Force/NCC/NSS/Scout & Guide) - Take stake of required materials for search & rescue, first aid, casualty management, evacuation, relief etc. - Make necessary arrangements of shelters for evacuation - Constitute a special team for special care to vulnerable section like Specially abled, Sr. Citizen, Pregnant & lactating women, Infants & children etc.
Rersponse	- EOCs to Ensure back up (Power/Fuel/internet/ Communication at Dist/Dept. & Block levels - Response force under guidance of Nodal officers ensure complete Evacuation (Human/ Animal), carry out Search & Rescue, clear relief lines, - Collector to submit requisition of vehicle/boat/ helicopters & list of support from state & Centre to all concerned authorities - CSO to store required relief materials (Chhuda. Gur, Dry Foods) in the nearby storage points - CDVO to store, transport & distribute required fodders for animals to the affected areas

	• Cyclone shelter committee & Village Disaster management committee to organize free kitchen in the shelters with help of revenue dept. • EE- RWSS & CDMO to ensure supply of drinking water, disinfection of water & maintain Health & hygiene in the shelters • CDMO to carry out First aid & casualty management • Collector to collect & transmit First Information Report (FIR) & Daily Situation Report as per requirement

10.4 Response : Community Level

Table No.10-2

Task	Activity
Response	• DEOC to disseminate warning communication to BEOC & Community • Response force to ensure Power/Fuel/internet/Communication at Shelters back up • Supply Inspectors & Marketing Inspectors to distribute relief materials with response force, Task force & volunteers • Response force to carry out Search & Rescue measures, Emergent relief operation, Relief line clearance, distribution of relief • Doctors to carry out First aid & casualty management, Carcass disposal & sufficient mortuary facility in the affected areas

10.5 Response: Family & Individual Level

Table No.10-3

Task	Activity
Response	• Listen to the instruction of the response force & warnings • Economic use of “Ready to go Emergency Kit” Ready to go First Aid Kit • Cooperate the response force/officers & Render volunteer service if asked for • Maintain cleanliness & hygiene at shelter

10.6 Response: Standard Operating Procedures for Departments**Table No.10-4**

Name of the Department	On Receiving Warning	Response time	Post Disaster
Collector/ADM / Emergency Officer	• Review the situation in DDMC • Activate EOC & Early Warning • Work distribution for operation • Circular to keep offices open • Arrange vehicle & activate Evacuation (Normal/Forceful) •	• Activate Search & Rescue • Arrange temporary shelters • Arrange logistics in shelters • Workout financial estimates (evacuation / relief /recovery) •	• Activate relief line clearance • Proper relief Distribution • Start damage assesment • Facilitate Ex-gratia & Compensation • Start primary damage estimate • Pool resources for SAR/shifting of critical patients
CDMO	• Disseminate the alert to all concerned (Staff list) • Arrangement of medicine, First aid kits & teams • Mobile Health units for inaccessible pockets • Identifying & shifting patients requiring intensive care to safer places • Supply of medicines & pre-positioning of medical teams to vulnerable areas • Vaccination for prevention of communicable diseases • Measures to dis –infect drinking water • Availability of Blood Banks/Ambulance	• Mass Casualty Management units & Triage • First Aid Centers • Medical surgical teams • Adequate mortuary facility • Measures to shift patients requiring intensive care • Pool of Blood donors (Preferably each group) • Additional laboratories • Carcass disposal team & units	• Psycho-Social Counseling • Post Disaster Disease surveillance system • Special attention to vulnerable section • Networking with & promote treatment in Private Hospitals • Carcass Management & Issuance of Death Certificate

Superintendent of Police (SP)	• Keeping close contact with District Emergency Officer. • Deploy personnel to guard vulnerable embankment points Alert Police officials to remain at the Head Quarter	• Collection of vital information • Inform DEO after getting authentic message	• Support District officials and volunteers during search and rescue operation • Assist fire brigade personnel in their efforts • Maintain law and order situation
EE- RWSS	• To inform all its staff members to report their respective headquarters • Close contact with DEO • Arrangement of water tankers • Procurement collection of water purifiers • Stockpiling of accessories • Repairing the defunct tube-wells Raising platforms/height of the tube wells in low lying areas.	• Coordination of the information and keeping a strict vigil over the situation and act accordingly. • Maintenance of record for information generation and dissemination. • Co-ordinate with District Administration	• Damage assessment • Identification of areas for clearance • Delegation of team • Monitoring of work Proposal to the government for repair and restoration
EE- Irrigation	• Suspension or cancellation of all leaves of instruction to the concerned person to join head quarter immediately. • Arrangement of all-important telephone line	• Coordination of the information and keeping a strict vigil over the situation and act accordingly. • Maintenance of record for	• Damage assessment • Identification of areas for clearance

	and number in order • Arrangement or requisition of Jeeps/ Trekkers/ Auto Rickshaw to disseminate received warning information to the population of vulnerable/ weak places. • Maintenance of record for information generation and dissemination. • Co-ordinate with District Administration • Deployment of concerned staff to update information • Rain recording and submission of report to District Control Room. Arrangement of sand bags	information generation and dissemination. • Co-ordinate with District Administration	• Delegation of team • Monitoring of work Proposal to the government for repair and restoration
DAO- Agriculture	• List of different areas to be affected by different hazards • Crop pattern with land holding • List of irrigation points with status • Alternative crop • Provision of seeds and others • Crop insurance • Generate seed bank/grain bank at village level	• Alternative crop • Provision of seeds and others • Coordinating with others	• Assessment of damage • Coordinating with others

EE- Rural Works	• Identification of weak points • Stockpiling of materials. • List of vulnerable villages for building materials • Awareness generation • Formation of Zones/Sub-zones	• Coordination with Search & rescue team in for rescue & guarding of vulnerable pockets	• Loss assessment.
EE- R&B	• Identification of weak points • Stockpiling of building materials • List of dealers for building materials • Arrangement of equipment for road clearance •	• Coordination of the information and keeping a strict vigil over the situation and act accordingly. • Maintenance of record for information generation and dissemination. • Co-ordinate with District Administration	• Damage assessment • Identification of areas for clearance • Delegation of team • Monitoring of work Proposal to the government for repair and restoration
DTO-Telecom	• Checking the communication connection status. • Telecom wire connection vulnerable situation assessment.	• Coordinating for effective communication. • Checking for uninterrupted communication facility.	• Loss assessment. • Repair and post disaster maintenance.
CDVO	• Data base on animal population with categories • Listing out possible problems on account of different hazards	• Programme for mass vaccination	• Capacity building for cattle and other milked animal growth.

	- List of dealer of feeds/fodder - List of cow sheds - Trained the taskforce to use of medicine		
RTO/MVI	- Identify and take stock of the vehicles present with corresponding owners - Meeting with the owners of the vehicles	Provide required vehicles to the block functionaries	Provide vehicle
DFO	Divide into teams in coordination with the Dist. admn. along with police, CD(Home) vol. and get ready for	- Deployment of fire officials at risk point - Arrangement for the safety of property of the people. - Arrange rescue kits. - Support admn officials and volunteers during evacuation operation - Assist police , CD home personnel in their efforts	- Support District/Block officials and volunteers during search and rescue operation - Assist police/ CD home vol. personnel in their efforts Maintain law and order situation
Railway	- Arrangement of safety measure to prevent any unpleasant situation. - Trace out the route for transportation without any vulnerable.	- Arrangement for alternative train for transportation. - Proper arrangement for rest of passenger in station.	- Loss assessment - Repairing of railway track if any damage occur.
EE- Electricity	Arrangement of uninterrupted power supply at the temporary shelters	Arrangement of uninterrupted power supply at the temporary shelters	Restoration of power supply at all the sheltersUninterrupted power supply to the Medical/Block Office

	• Replacement of weak electric poles/wires • Checking and correcting private connections • Stockpiling of necessary equipments and accessories		and other Important institutes • Damage assessment and transmission of the same to higher authorities • Quick installation/repair of damaged infrastructures
EE - PHED	• Ensuring sufficient water supply . • Checking the tankers and pipes stock with the department. • Access the quick route to the vulnerable point.	• Supply of hygienic and sufficient drinking water facility	• Arrangement of adequate pipe water supply to the place where disaster happened.
DEO- School & Mass Education	• Accessing the vulnerable schools where disaster will impact more. • Take maximum efforts to ensure no causality of students.	• Determine the area of usage for shelter purpose. • Arrangement of classes as per govt. guidelines	• Ensure the smooth functioning of schools. • Loss assessment.

10.7 Format for First Information Report (FIR)

on occurrence of natural calamity

(To be sent to Special Relief Commissioner, Orissa within maximum of 18 hours of occurrence of calamity)

From: District - _____ Date of Report:- _____

To

Special Relief Commissioner, Orissa
State Emergency Operation Centre (SEOC),
Rajiv Bhawan, Ground Floor, Unit-5, Bhubaneswar
Fax No: 0674-2534176, E-mail: relief_sr@yahoo.com/src@ori.nic.in

- a. Nature of Calamity
- b. Date and time of occurrence
- c. Affected area (number and name of affected Blocks)
- d. Population affected(approx.)
- e. Number of Persons
 - Dead
 - Missing
 - Injured
- f. Animals
 - Affected
 - Lost
- g. Crops affected and area(approx. in hect.)
- h. Number of houses damaged
- i. Damage to public property
- j. Relief measures undertaken in brief
- k. Immediate response & relief assistance required and the best logistical means of delivering that relief from State/National
- l. Forecast of possible future developments including new risks
- m. Any other relevant information

Authorised Signatory
District Emergency Operation Centre (DEOC)
District:- _____

NB: The Districts will submit a detailed report on each of the above points as soon as possible after submission of the above First Information Report (FIR).

10.8 Daily Status Report on Relief/ Restoration Measures Undertaken By Departments

1. Health Department.

Medical Relief Centres Opened-
Mobile teams deployed-
Wells disinfected-
ORS distributed-
Halogen Tablets distributed-
Minor Ailment Treated-

2. R.D. Department.

Mobile vans deployed-
Water tanker deployed-
ORS powder distributed-
Halogen Tablets distributed-
Water pouches distributed-
Bleaching powder distributed-
Sintex Tanks available-
Tube wells disinfected-

3. F S & CW Department

- Qtls. Chuda, ... Qtls gur supplied to Blocks
(Qty .in quintals)

District	Chuda	Gur

- Qtls of rice has been allocated to the Districts mentioned below

Blocks

Quantity allocated (in quintal)

Total:

4. Fisheries & A,R.D. Department

- Animals vaccinated-
- Animals treated-

Damages to Roads/River Embakments

1. R.D. Department.

Roads damaged-
CD/Breach occurred-
Breach closed-
Building damaged-
Building collapsed-
Pipe water supply affected-
Tube Wells affected-

2. Works Department.

Roads damaged-
Breach occurred-
CD works damaged-
CDs washed away-
Breach closed-

3. W.R Department.

Breach occurred-
Breaches closed-

Breach closing works in progress

Chapter – 15 : Restoration & Rehabilitation

Rehabilitation and restoration comes under recovery phase immediately after relief and rescue operation of the disaster. This post disaster phase continues until the life of the affected people comes to normal. This phase mainly covers damage assessment, disposal of debris, disbursement of assistance for houses, formulation of assistance packages, monitoring and review, cases of non-starters, rejected cases, non-occupancy of houses, relocation, town planning and development plans, awareness and capacity building, housing insurance, grievance redress and social rehabilitation etc.

The district is the primary level with requisite resources to respond to any natural calamity, through the issue of essential commodities, group assistance to the affected people, damage assessment and administering appropriate rehabilitation and restoration measures. The District Disaster management Authority reviews the relief measures submit financial requisition to the state Govt. under SDRF & NDRF. The requisition must reach the SDMA & SRC office in the prescribed format as detailed below for smooth & quick processing.

11.1. Standard Operating Procedure : Restoration & Rehabilitation

Table No.11-1

Name of the Department	Normal Time
Collector/ADM / Emergency Officer	• Restoration of Critical Infrastructures to bring situation to normalcy • Ensure Restoration of roads & channels, Communication network, Electricity & Energy • Ensure health in the affected areas • Adopt sustainable mitigation measures in the restoration activities
CDMO	• Carry out Disease surveillance measures to check epidemic prone diseases • Dis-infection of drinking water & measures for health & hygiene • Rehabilitation of deprived & destitute • Carry out Trauma & Psycho-social counseling
Superintendent of Police (SP)	• To assist the local administration in removing the dead bodies and the debris in the affected areas. • Participate the rehabilitation and reconstruction operation if situation so warrants.
EE- RWSS	• Repair and restore the drinking water supply and sewerage system • Regular checking of the functioning of tubewells.
EE- Irrigation	• Carry out loss assesment of the disaster • Repair and restore the water storage areas. • Clear the water flow areas

DAO- Agriculture	• Quantify the loss of the crop and measures to be taken to recupe the same. • Assist the farmers to sow the less time period crop to recover the loss. • Execute the schemes to eliminate the drought effect.
EE- Rural Works	• Carry out the detail technical assessment of the affected rural areas and prepare the recovery plan and implement it. • To construct the temporary shelters in the rural affected areas. • Repair and reconstruction of the buildings and roads other in the villages.
EE- R&B	• Carry out the detail technical assessment of the affected areas and prepare the recovery plan and implement it. • To construct the temporary shelters in the affected areas. • Repair the buildings and reconstruction of the buildings
DTO-Telecom	• Repair and maintain the flawless communication system. • Develop the easy asses of internet facility. • Execute the schemes developed for the customers and affected people.
CDVO	• Proper assessment of the losses. • Make available the good quality animals to the farmers
RTO/MVI	• To assist in the transportation of the reconstruction materials
DFO-	• Support District/Block officials and volunteers for rehabilitation and reconstruction operation • Assist other departments personnel in their rehabilitation and reconstruction efforts • Maintain law and order situation during rehabilitation and reconstruction period.
Railway	• Maintain smooth and developed railway transport system. • Provide adequate numbers of train for public and goods transport. • Repair the damaged railway tracks to pull back the normal situation of transportation.
EE- Electricity	• Restoration of electricity • Select less vulnarable route for electricity supply and high tension electric current flow.
EE – PHED	• Maintain the regular and adequate drinking water supply. • Maintain the hygenic condiction for drinking water in order to avoid the water born disease. • Repair the damaged or un used water tankers.
DEO- School & Mass Education	• Repair of the school if damaged. • Supply of various materials supplied by Govt. to students. • Maintain the classes so the students will have their exams in proper time.
DEO – Higher Secondary Education	• Repair of the colleges if damaged. • Supply of various materials supplied by Govt. to students. • Maintain the college classes so the students will have their exams in

	proper time.
Dy. Dir. Fisheries	• Quantify the loss of the fisherman community and measures to be taken to recupe the loss. • Assesment of the loss of boats and other equipments. • Execute the schemes to the fisherman. • Ensure the regular registration and insurance of the fisherman boats.
Dy. Dir. Horticulture	• Quantify the loss of the horticulture crop and measures to be taken to reshape the same. • Assist the farmers to sow the less time period horticulture crop to recover the loss. • Execute the schemes to the horticulture farmers.
EE- Main Dam Div. Burla	• Regular discussion with the district administration to close and open the door of Hirakud mai dam for effective water flow in Mahanadi river.
Private Companies.	• Assist the Govt. for the Restoration & Rehabilitation programme. • Conduct various CSR programmes for the Restoration & Rehabilitation programme.

11.2 Damage Loss Assessment**Table No.11-2**

Sector	Damage in Physical terms	Requirement of funds for repair of immediate nature	Out of (3) amount available from annual budget	Out of (3) amount available from related schemes/ programmes / other sources	Out of (3) amount proposed* to be met from SDRF/NDRF as per the list of works indicated in the revised items & norms
1	2	3	4	5	6
Roads & Bridges					
Drinking water Supply works (Rural)					
Drinking water Supply works (Urban)					
Irrigation					
**Power					
Primary Health Centres

Chapter-16 : Recovery

A series of long term activities framed to improve upon the repaired activities in the Reconstruction & rehabilitation phase are covered under Recovery phase. Recovery includes all aspects of mitigation and also incorporates the continuation of the enabling process, which assists the affected persons and their families not only to overcome their losses, but also to achieve a proper and effective way to continue various functions of their lives. The Recovery process is therefore a long-term process in which everyone has a role – the Government including the PRI members, NGOs and especially the affected people, their families and the community.

- Preparation of Recovery plan for displaced population, vulnerable groups, environment, livelihoods
- Organise initial and subsequent technical assessments of disaster affected areas and determine the extent of recovery works necessitated in addition to reconstruction & rehabilitation works.
- Evaluate the extent of works under SDRF/NDRF & other sources(damaged infrastructures)
- Explore opportunities for external aids like (International Agencies / Civil Society / Corporate Sector)
- Allocate funds for the stabilisation of the repaired & reconstructed infrastructure.
- Integrate Climate change & Disaster Risk Reduction features in the recovery programmes

The DM & Collector will be the co-ordinator of all Recovery activities in the District. The role of the DM & Collector will be to:

- Generally monitor the management of the recovery process;
- Ensure implementation of the recovery plan by line departments, blocks
- Effective service delivery minimising overlap and duplication.

Table No.12-1

Type of Sector	Sub-Sector	Mitigation Measures	Responsible Department/ Personnel	Time Frame
Infrastructure Developoment	IEC Activities	• Distribution of leaflets, posters & wall painting. • Awareness generation programme in schools and colleges, conducting padayatras. • Organising staff development and refresher training for concerned dept. and task force • Conducting of regular Mock Drill. • Plantation Programme.	DIPRO & NGO Co-ordination Cell.	Through out the year (With regular intervals)
	Road	• Identification/ repair of main and alternative routs • Repair of identified vulnerable points. • Encouraging water way ferry	PWD, RD and Block	During normal Time & Immediately after disaster
	Embankment	• Strengthening and raising the height of weak embankments, points • Storage of flood fighting materials like sandbags, bamboo's mats etc.	Irrigation Deptt.	During pre-flood season
	Bridges	• Regular maintenance of Bridges.	R & B & RD deptt.	During normal period
	Safe Shelters	• Ensuring maintenance of Flood shelters • Identification of places for preparation of mounds and cattle shelters. • Ensuring multipurpose use of shelters by community, schools, NGOs, CBOs .	Sub-Collectors, BDOs & NGOs	During normal period

Infrastructure Developoment	Communication	• Ensuring proper maintenance of Telephone, FAX, WLL Phones, Wireless & VHF sets. • Ensuring timely setting of Wireless Stations in District/ Block Office. Installation of VHF / HAM Radio in all the Block Headquarters	BSNL, OSDMA, SP Signal	April-May
	Drinking Water & Sanitation	• Assessment of running /defunct Tube wells & make necessary arrangements • Identification of scarce water pockets and installation of water supply system. • Identification of sub-mergible TWs and raising of its platform height. • Arrangement of Tankers / Syntax Tanks. • Assessment of requirement of disinfectants and ensuring its regular use.	PHD & RWSS	During normal time & immediately after disaster
	Power	• Ensuring proper maintenance of Electric Sub-Stations , Power grids • Installation of Solar Lamps nears flood & Cyclone shelters & ensure its maintenance. Ensure un-interrupted power supply to the district control room during disaster period	CESCO	Through out the year.

Health & Animal Husbandry	IEC Activities distribution leaflets	• Distribution of leaflets , posters & wall painting , • Conducting meeting / workshops, staff development training, orientation to village level volunteers, taskforce members. • Awareness generation programme	CDMO, CDVO & NGO	Pre, during & post disaster period.
	Vaccination/ Disinfections	• Procurement & stock piling of vaccines. • Regular vaccination of domestic animals. • Regular dis-infection of TWs, Wells & Ponds. • cleanliness of Medical / Hospital Campus • Procurement of a Refrigerator for Veterinary Hospital.	CDMO & CDVO	Pre, during & post disaster period.
	Training	• Imparting trainings on Health care, sanitation, insurance First Aids to Medical staff as well as volunteers	CDMO	During normal period.
Livelihood Sector	IEC Activities	• Distribution of leaflets, posters & wall painting, • Conducting meeting workshops staff development training , orientation to village level volunteers & to beneficiaries on EDP (Entrepreneurship Development Programme). • Awareness generation programme such as conducting relies street plays etc.	BDOs, DIC, Banks	During normal period.
	Agriculture	• Alternative cropping , Installation of L .I. Points . • Crop Insurance, Provision of Credit Facilities & Cold Storage	Dy. Director Agriculture & DAOs,	During normal period.
	Horticulture	• Providing nursery raising training & insurance facilities.	Dy. Dir Horticulture Department.	During normal period.

	Fishery	• Providing fishery training	Dy. Dir Fishery Department.	During normal period.
Insurance	IEC Activities	• Distribution of leaflets, posters, wall painting, • Organising meeting workshops staff development training, orientation to line department , Block functionaries, NGOs , village level volunteers & to beneficiaries on Insurance Schemes. • Awareness generation programmes such as conducting relies street plays etc.	Block , Insurance Companies , Agriculture Department , Bank , NGOs.	During normal period.
	Infrastructure	• Maintenance of Roads / Building • Maintenance of Block Level / GP Level Storage godown	R & B,	During normal period.
	Life & Livelihood	• Insurance of life, livestock, Crop & small business units etc.	Block , Insurance Companies , Agriculture Department , Bank , NGOs.	During normal period.

Chapter- 17 :Financial Arrangement

13.1 National Disaster Response Fund (NDRF)

The National Disaster Response Fund (NDRF) has been constituted by the Government of India as per the sub-sections (1) of section (46) of Disaster Management Act, 2005 and recommendation of the 13th Finance Commission. NDRF has been constituted by replacing the National Calamity Contingency Fund (NCCF). It is administered by the National Executive Committee (NEC).

In the event of a calamity of a severe nature when the State Disaster Response Fund (SDRF) is insufficient to meet the relief requirements, additional central assistance is provided from NDRF, after following the laid down procedure. The State Government is required to submit a memorandum indicating the sector-wise damage and requirement of funds. On receipt of memorandum from the State,

- An Inter-Ministerial Central Team is constituted and deputed for an on the spot assessment of damage and requirement of funds for relief operations, as per the extant items and norms.
- The report of the Central Team is considered by the Inter-Ministerial Group (IMG) / A Sub-committee NEC constituted under section 8 of DM act, 2005, headed by the Home Secretary.
- Thereafter, the High Level Committee (HLC) comprising of the Finance Minister, the Agriculture Minister, the Home Minister and the Deputy Chairman, Niti Ayog considers the request of the State Government based on the report of the Central Team recommendation of the IMG thereon, extant norms of assistance and approves the quantum of assistance from NDRF.
- This is, however, subject to the adjustment of 75% of the balance available in the State's SDRF for the instant Calamity.

(Please refer page no. ____ of Volume-II for NDRF Items and Norms)

13.2 State Disaster Response Fund (SDRF)

As per the provisions of Disaster Management Act, 2005 sub-section (1)(a) of Section (48) and based on the recommendation of the 13th Finance Commission, the Government of Odisha has constituted the State Disaster Response Fund (SDRF) replacing the Calamity Relief Fund (CRF). The amount of corpus of the SDRF determined by the 13th Finance Commission for each year the Finance Commission period 2010-15 has been approved by the Central Government. The Central Government contributes 75% of the said fund. The balance 25% matching share of contribution is given by the State Government. The share of the Central Government in SDRF is released to the State in 2 installments in June and December respectively in each financial year. Likewise, the State Government transfers its contribution of 25% to the SDRF in two installments in June and December of the same year. Ministry of Home Affairs, upon being satisfied that exigencies of a particular calamity so warrant, may recommend an earlier release of the Central share up to 25% of the funds

due to the State in the following year. This release will be adjusted against the installments of the subsequent year.

As per the Guidelines on Constitution and Administration of the State Disaster Response Fund (SDRF) laid down by the Ministry of Home Affairs, Government of India, the SDRF shall be used only for meeting the expenditure for providing immediate relief to the victims of cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst and pest attack. The State Executive Committee (SEC) headed by the Chief Secretary SEC decides on all matters connected with the financing of the relief expenditure of immediate nature from SDRF.

(Please refer page no.____ of Volume-II for SDRF Items and Norms)

13.3 Chief Minister Relief Fund (CMRF)

Chief Minister's Relief Fund aims to provide assistance to calamities and in distress condition, to indigent persons suffering from critical ailments and to undertake charitable activities for public welfare.

13.3.1 Cases Eligible for Assistance under CMRF

13.3.1.1 Poor and persons in distress: Relief to the poor, including grant and aid (financial or otherwise) to persons in distress.

13.3.1.2 Aged, differently able, orphans, AIDS affected : Assistance for the relief and rehabilitation of the aged, differently able' orphans, HIV/AIDS affected persons/families and those otherwise differently able or incapable of earning their livelihood, by grant and aid (financial and otherwise) and / or maintenance, establishment and support of institutions and homes for the benefit of such persons.

13.3.1.3 Persons affected by calamities or violence: Assistance for relief & rehabilitation of persons affected by natural or man-made calamities, communal violence', naxal violence or public disorder of a serious nature or any other calamity' affecting a family or a community, which deserves extreme compassion and not covered under any existing assistance scheme of State/central Government.

13.3.1.4 Assistance for Rural Development: Financial assistance out of CMRF may also be considered to undertake, promote, aid or otherwise support rural development including any programme for promoting the social and economic welfare of the public in any rural area either directly or through an independent agency following due procedure.

To assist more number of deserving person and for better utilisation of the Chief Minister's Relief Fund, the State Government have delegated powers to the Collectors for sanction of assistance out of CMRF so as to extend such assistance to the deserving persons immediately at the time of their need.

13.4 Release of Funds to Departments and Districts:

Funds required towards pure relief to affected persons / families for natural calamities in shape of emergency assistance, organizing relief camp / free kitchen / cattle camp, agriculture input subsidy and other assistances to affected farmers, ex-gratia as assistance for death cases, grievous injury, house building assistance, assistance to fisherman / fish seed farmers / sericulture farmers, assistance for repair / restoration of dwelling houses damaged due to natural calamities are administered through the respective collectors.

Part funds towards repair / restoration of immediate nature of the damaged public infrastructure are released to the Departments concerned. On receipt of requisition from the Collectors / Departments concerned, funds are released after obtaining approval / sanction of S.E.C. However, funds towards pure relief are released under orders of Special Relief Commissioner / Chief Secretary and the same is placed before the State Executive Committee in its next meeting for approval. To save time, Collectors have been instructed to disburse the ex-gratia assistance from the available cash and record the same on receipt of fund from Special Relief Commissioner.

13.5 Damage Assessments and Report after Flood/Cyclone

Private properties and properties of Government under different Departments are damaged by high floods and cyclones. As per para-75 of Orissa Relief Code, the Collector shall undertake assessment of damages to private properties as well as properties of Government. This assessment shall be done quickly soon after the abatement of flood in the prescribed formats prescribed in Appendix- X of Orissa Relief Code.

13.5.1 Submission of preliminary damage report (Para-76 of ORC)

1. The Collector as well as the district level officers under each Department of Government shall immediately after assessment of flood damage forward a copy of their report to their immediate Head of Department. The district level officers may also supply reports to the Collector.
2. The Heads of Departments after necessary scrutiny shall forward their reports to their respective Departments of Government with copy to Special Relief Commissioner, not later than two weeks from the date of abatement of flood.
3. The Special Relief Commissioner shall compile the State report and shall furnish the consolidated preliminary report to the Revenue Department within a week of the receipt of the reports from the Heads of Department.
4. The preliminary flood damage report should be prepared as accurately as possible, as the relief measures, if any, are to be based on the merit and statistical data of that report.

13.5.2 Submission of final flood damage report (Para-77 of ORC)

The concerned Heads of Departments as well as the Collector shall take immediate steps to compile the final report on flood/cyclone damage in the formats prescribed in Appendix- X soon after submission of the preliminary report.

Accidental errors, clerical mistakes, shortcomings, if any, noticed should be rectified in the final report. The final report shall be made available to Special Relief Commissioner as soon as possible and not later than one month from the date of abatement of flood.

On receipt of the reports from the different sources, Special Relief Commissioner shall forthwith compile the State report and furnish the same to the Revenue Department.

13.6 Central and State Government programmes and Schemes on Natural Calamities

Mainstreaming Disaster Management in development planning is the most critical component to mitigate disaster risks. That's why it's important to make note of financial resources which are used in the implementation of such programmes and schemes which can lessen the risk from disasters by reducing vulnerability. It is also crucial to build communities resilience to deal with them. Moreover, as mandated by Ministry of Finance & Ministry of Home Affairs on 01st and 03rd June, 2014 respectively, 10 % flexi-fund within the centrally sponsored schemes (CSS) to be utilised, inter alia for mitigation / restoration activities in the event of natural calamities in the sector covered by CSS. Thus, relevant Central Government and State Government funded schemes are identified which are crucial to build over resilience of communities in the context of the district.

Different State and Central Government Schemes and Programms**Table No.13-1**

Different State and Central Government Schemes and Programms				
Sl No.	Name of the Scheme	Sector	Nodal Department	Objective of the Scheme
Promotion of Handloom Industries				
1	Technological Intervention (Supply of Looms and Accessories to weavers	Handloom	Handloom and Textile Department, Govt. of Odisha.	To provide required Looms and different weaving accessories to the needy weavers to improve their productivity as well as wages earnig.
2	Skill up gradation Training to Weavers	-do-	-do-	To provide skill upgradation training to needy weavers on Basic Weaving, Dyeing and Tie and Dye to improve their skill power.
3	Supply of Solar lantern to weavers	-do-	-do-	To provide Solar Lantern to weavers, so that they will be able to work during absence of power / low volatage. So that their working hour will not be affected.
4	Concretisation of Loom Pit of weavers	-do-	-do-	To concretise the loom pit of weavers so that it will prevent soaking of water to the pit of loom, by which the working of weavers will not be affected.
5	MGBBY(Mahatma Gandhi Bunakar Bima Yojana)	-do-	-do-	To provide Life insurance benefit to weavers along with accident coverage for their social securities.
6	Silpi Unnati Yojana	Handicraft and Cottage industries	Handicraft and Textiles, Sambalpur	To provide loan upto 1 Lakhs for development of handicraft

7	Housing cum work shed	-do-	-do-	Rs.70000/- is to provided under the scheme for craftman for their house construction
8	MCM Training	-do-	-do-	Six month duration skill development training programe for handicraft
9	MTUHI (Modization and techonologycal upgradation of hadicraft industries	-do-	-do-	For technical upgradation craftman are faciliated with loan amount of 3 to 50 Lakhs
10	Solar Lantin	-do-	-do-	Solar Lantin are provided to craftsman
11	AABY	-do-	-do-	Insurance scheme policy for craftsman
12	PMEGP (Priminister Employment Generation Programm)	MSME	MSME	Employment generation
Promotion of Veterinary				
1	A.I. Programme	State Plan	A.H.Department	For upgration of the non descript animals
2	Preventive Vaccination Programme	State Plan & CSP	-do-	For prevention of animals against different contagious diseases
3	M.V.U	CSP	-do-	To give treatment & vaccination of rural animals
4	Cattle Insurance under NLM	-do-	-do-	To give financial benefit to the farmers
5	PDE	Stateplan	-do-	For Development of dairy animals to boost of milk production through bank linckage
6	DEDS	CSP	-do-	-do-
7	CAE	-do-	-do-	For development of dairy & poultry through bank linckage
8	Backyard Poultry under NLM	-do-	-do-	For livelihood development of the rural poors
9	NMPS	-do-	-do-	To encourage the goat rearing farmers for livelihood development
10	Infertility Camp	Stateplan	-do-	For development of farmers to come to hit of infertility cows
11	Deworming of Small Animals	-do-	-do-	for caverage of better health condition of animals

12	Skill upgradation & Capacity building of paravets	CSP	-do-	To descriminate the modern techonology & idea to the farmers & paravets
13	Fodder Cultivation	CSP & Stateplan	-do-	For better milk production by decreasing the concentrate feed cost
14	MGNREGS	CSP	-do-	To give financial support to the farmers
15	Mobile Advisory services for farmers	-do-	-do-	To know modern techonology with in a frection of a minute
16	Mineral mixture Suplementation Programme to Milch Animals	Stateplan	-do-	To boost of millk production as well as to meet mineral deficiency of the animals
Promotion of Horticulture				
1	MIDH(NHM)	Horticulture	Horticulture	a)Fruit Plantation Like Mango,Litchi,Cashew, Papaya,Guava etc. b) Hybrid Vegetable Cultivation c)Protected Cultivation d)Post Harvest Management like Pack house, Cool Chamber, Cold Storage, Onion Storage Structure, Solar Dryer etc.
2	MGNREGS	Horticulture	Horticulture	Mango, T.C.Pomogranate & T.C. Banana Cultivation
3	RKVY	Horticulture	Horticulture	Potato Cultivation, Infrastructure Development
4	State Plan	Horticulture	Horticulture	Onion Cultivation, Backyard plantation & Intercropping in old orchard.
5	PMKSY	Horticulture	Horticulture	Drip & Sprinkler Irrigation
Promotion of Block				
1	PMAY	Central Govt.	P.R Deptt.	Rural Housing
2	NREGS	Central Govt.	P.R Deptt.	Rural Development
3	PDS	State Govt.	F & CS Deptt	Supply of Food

4	RWSS	State Govt.	RWSS	Rural Water
5	GGY	State Govt.	P.R Deptt.	Rural Development
6	BPGY	State Govt.	P.R Deptt.	Rural Housing
7	WODC	State Govt.	P & C Deptt	Rural Development
8	MPLAD	Central Govt.	P & C Deptt	Rural Development
9	MLA LAD	State Govt.	P & C Deptt	Rural Development
10	Welfare(MADA)	State Govt.	ST SC Dev Deptt.	Rural Education & SC/ST Dev
11	OLM	State Govt.	P.R Deptt.	Livelihood Dev.
12	Pradhan Mantri Awaas Yojana(PMAY)	Rural Housing (Centre)	P.R.Deptt	To provide house to poor people in rural area
13	Biju Pacca Ghar Yojana (BPGY)	Rural Housing (State)	do	do
14	Rajiv Gandhi Panchayat Sashakti Karana(RGPSA)	Infrastructure Development (Defunct)	do	Rural infrastructure Development.
15	Mahatma Gandhi National Rural Employment Gurantee Act.(MGNREGA)	Rural Unskilled Employment	P.R.Deptt	Rural unskilled labour employment
16	Pre Matric Scholarship / Anwesha / Legal Aid Cell & MADA.	ST & SC Welfare	ST & SC Welfare	Assistance to SC&ST students
17	Tubewell/ Pipe Water Supply System / SBM (IHHL)	Drinking Water supply & sanitation works.	RWSS	To provide drinking water
18	Gobabandhu Grameen Yojana (GGY)	Infrastructure Development (Defunct)	P.R.Deptt	To provide rural infrastructure & SC & ST.
19	MLA LAD / MP LAD	Infrastructure Development		

		(Defunct)		
20	WODC (Western Odisha Development Council)	Infrastructure Development (Defunct)		
21	4th State Finance Commission, (4th SFC)	Rural Infrastructure Development.	P.R.Deptt	To provide rural infrastructure.
22	14th Central Finance Commission(14th CFC)	Rural Infrastructure Development.	P.R.Deptt	To provide rural infrastructure .
23	Assistance to Old age/ Widow/Physically Handicapped / National Family Benefit Scheme/ Banishree etc.	NSAP/ SOAP	Pension and public grievance	Assistance to Old Age deserved people
24	Cooperative Societies	Assistance to Farmers in cooperative societies	Cooperative	Farmers development
25	Fisheries	Fisheries Development	Fisheries	Fisherman community development
26	Primary Education	Primary Education	Primary Education	Educational development
27	Health and Nutrition of Children and Women. MAMATA Yojana	Women and Children Development	W&CD Deptt	Women and Children Development
28	Health	Rural Health	Health & FW	Provide good health facility
29	Agriculture Development	Agriculture	Agriculture	Agriculture Development
30	Horticulture Development	Horticulture	Horticulture	Horticulture Development

31	Harishchandra Sahayata Yojana	Assistance to poor people after death for funeral rites.	P.R.Deptt	Helping the distressed persons
Promotion of Public Health Department (PHD)				
1	Improvement of Water Supply to Greater Sambalpur and fringe areas under UIDSSMT	Central + State	PHEO	To improve Water Supply to Water Scarcity areas of Sambalpur Town under Sambalpur Municipal Corporation
2	Diversion of Raw Water from Hirakud to WTP at Modipara and renovation of WTP at Modipara under State Plan	State	PHEO	(i) To abandon the Mahanadi Source at Balibandha and utilise Hirakud Dam Reservoir as alternate source for 11.25 ML capacity WTP at Modipara. (ii) Repair and Renovation of the existing 11.25 MLD capacity WTP at Modipara for Improvement of Water Supply to Sambalpur Town under Sambalpur Municipal Corporation.
3	Construction of new WTP and laying of new pipe line for Improvement of Water Supply to Burla Town under MCL deposit	Periphery Development scheme of MCL	PHEO	To improve Water Supply to Burla Town under Sambalpur Municipal Corporation.
4	Improvement of Water Supply to Sambalpur Municipal Corporation under AMRUT scheme.	Central + State	PHEO	(i) To replace 58.93 Km old & damaged distribution pipeline (ii) To repair & renovate the existing the WTPs at Sambalpur, Burla & Hirakud. (iii) To cover all uncovered areas with piped W/S and to improve W/S in water scarcity areas by constructing additional GSR/ESR, laying new feeder and distribution pipe line.

5	Supply of drinking water to Rairakhol & its adjacent areas from river Mahanadi at Kiakata under State Plan.	State	PHEO	To supply water to Rairakhol Town with Mahanadi as source at Kiakata.

1	NHM	Health	Health & Family Welfare Department	Support to the Dist, Health Authority.
2	NUHM	Health	Health & Family Welfare Department	Support to the Dist, Health Authority for urban health.
3	NVBDCP	Health	Health & Family Welfare Department	Control of Malaria, Filariasis & other vector borne diseases

4	RNTCP	Health	Health & Family Welfare Department	Control of Tuberculosis
5	NLEP	Health	Health & Family Welfare Department	Control of Leprosy
6	NCD	Health	Health & Family Welfare Department	Control of non communicable diseases
7	NTCP	Health	Health & Family Welfare Department	Tobaco control programe
8	IDSP	Health	Health & Family Welfare Department	Surviellance of communicable diseases, Early warning signal & control measures, feedback
9	NPCB	Health	Health & Family Welfare Department	Control of blindness.
10	ICDS	Health	Women & Child Development Department.	Nutritional & health promotion activities of Mother and child.
11	RBSK	Health	Health & Family Welfare Department	Heath check up & sreening of heath of preschool & scool going chilren
12	BKKY	Health	Health & Family Welfare Department	Health Insurance to Farmers.
13	RSBY	Health	Health & Family	Heath Insurance to BPL families

			Welfare Department	
Promotion of Irrigation Sector				
1	Drainage Improvement Plan	State Plan	DOWR	Improvement of drainage system
2	Lump Critical	State Non Plan	DOWR	Improvement of Canal system
3	Maintenance & repair	State Non Plan	DOWR	Repair & maintenance of Canal system
4	Special repair	State Non Plan	DOWR	Special repair of Canal system
Promotion of Notified Area Council Sector				
1	OUIDF	State	H & UD Department	Development Works
2	PMAY	Central	H & UD Department	Development Works
3	14TH FC	Central	H & UD Department	Development Works
4	4TH FC	State	H & UD Department	Development Works
5	Road Dev. Grant	State	H & UD Department	Development Works
6	Maintenance of R&B	State	H & UD Department	Development Works
7	NCCRF		DM&Collector, Sambapur	Repair & Restoration
8	CRF		DM&Collector, Sambapur	Repair & Restoration
9	NULM	Urban Poverty Alievation Programme	H & U D Deptt	For upliftment of urban poor and creation of self employment and strengtheing the self hep group

10	NSAP, MBPY, ODP, WP	Urban Poverty Alleviation Programme		
11	Road Development	Connectivity	H & U D Deptt	For development of road
12	Motor Vehicle Tax	Connectivity	H & U D Deptt	For maintenance of road
13	Devolution Fund	Urban Basic Services	H & U D Deptt	For creation of urban assets and maintenance
Different state and central Government Scheme and programmes				
1	Bhartapur	State & Central sector	PR & DW Dept	To provide safe drinking water for rural people
2	Baduapali	State & Central sector	PR & DW Dept	To provide safe drinking water for rural people
3	Kudgunderpur	State sector	PR & DW Dept	To provide safe drinking water for rural people
4	Bargaon	State sector	PR & DW Dept	To provide safe drinking water for rural people
5	Bamaloi	State sector	PR & DW Dept	To provide safe drinking water for rural people
6	Dangapal	State sector	PR & DW Dept	To provide safe drinking water for rural people
7	Hitasara	State sector	PR & DW Dept	To provide safe drinking water for rural people
8	Siberni & Brahamanipali	State sector	PR & DW Dept	To provide safe drinking water for rural people
9	Sudhalanda	State sector	PR & DW Dept	To provide safe drinking water for rural people
10	Khandahata	State sector	PR & DW Dept	To provide safe drinking water for rural people
11	Helei	State sector	PR & DW Dept	To provide safe drinking water for rural people

12	Badkhol	State sector	PR & DW Dept	To provide safe drinking water for rural people
13	Charbati	State sector	PR & DW Dept	To provide safe drinking water for rural people
14	Bindpur	State sector	PR & DW Dept	To provide safe drinking water for rural people
15	Khairdihi	State sector	PR & DW Dept	To provide safe drinking water for rural people
16	12 village of Dhankauda Block	State sector	PR & DW Dept	To provide safe drinking water for rural people
17	Jurapali	State sector	PR & DW Dept	To provide safe drinking water for rural people
18	Santitheipali	State sector	PR & DW Dept	To provide safe drinking water for rural people
19	Sarbe	State sector	PR & DW Dept	To provide safe drinking water for rural people
20	Jalikhola	State sector	PR & DW Dept	To provide safe drinking water for rural people
21	Nuamahulpali	State sector	PR & DW Dept	To provide safe drinking water for rural people
22	Kulgaon	State sector	PR & DW Dept	To provide safe drinking water for rural people
23	Labdera	State sector	PR & DW Dept	To provide safe drinking water for rural people
24	Keutberni	State sector	PR & DW Dept	To provide safe drinking water for rural people
25	Binjhapali	State sector	PR & DW Dept	To provide safe drinking water for rural people
26	Birsingharh	State sector	PR & DW Dept	To provide safe drinking water for rural people

13.7 Roles of District Planning committee on financial outlay on mainstreaming Disaster Risk Reduction (DRR) in development programmes.

District planning committee is to be responsible for the financial outlay and mainstreaming Disaster Risk Reduction (DRR) in development programme. The financial flow of DRR is from state to district. Adequate fund flow is to be ensured according to the DRR in development programmes.

13.8 Fund provision for disaster preparedness & capacity building:-

The provision funding for different capacity building programme, disaster preparedness and mock drills are to be provided by Odisha State Disaster Management Authority, State Government, District Administration.

Chapter 18 : Lessons learnt and Documentation

COVID-19 Management in the District.

The detail of COVID Management in respect of Sambalpur District is here as tabulation format to combat the situation in proper way. Starting from TMC formation to Vaccination, everything is mentioned below for kind reference.

Temporary medical Centers (TMCs)

Sl	Name of the Block/ ULB	Total No. of GPs/ Wards	Total No. of CTMCs/ TMCs created	Total No. of beds	No. of CI TMCs occupied	Total No. of people stayed in CI TMCs till today	Total No. of people discharged	No. of people staying today	Out of people staying today (col-9), No. of people completed 7 days quarantine
1	2	3	4	5	To be filled as per cumulative day				
1	Bamra	17	7	320					
2	Dhankauda	9	5	250					
3	Jamankira	21	7	235					
4	Jujomura	18	8	350					
5	Kuchinda	17	5	180					
6	Maneswar	12	13	335					
7	Naktideul	14	6	238					
8	Rairakhol	14	6	250					
9	Rengali	16	5	250					
10	Kuchidna NAC	11	1	20					
11	Rairakhol NAC	13	1	25					
12	SMC	41	9	570					
Total			73	3023					

Covid Care Centres (CCCs)-

Name of the CCC	Total Bed functional	No. of beds with oxygen support			Admission			Discharge			Referral			Present Occupancy			
		Cylinder	Concentrator	Total	Till Yesterday	Today	Total	Till Yesterday	Today	Total	Till Yesterday	Today	Total	With Oxygen	Without Oxygen	Total	% Total Occupancy
CCC Burla	600	47	26	73													
DCHC Kainsir	600	50	21	71													
CCC Kuchinda	100	6	9	15													
CCC Rairakhol	100	10	8	18													
Total	1400	113	64	177													

Home Isolation/ Quarantine Facility in Residential Industrial Establishment

Sl	Name of the Industrial Establishment having residential accommodation	Total no of persons in residential accommodation			No. of rooms identified as isolation rooms/ quarantine facility			No. of beds available in isolation rooms/ quarantine facility			No of positive cases Identified		
		Male	Female	Total	No. of rooms for Male	No. of rooms for Female	Total	No. of Beds for Male	No. of Beds for Female	Total	Male	Female	Total

8. Financial Arrangement-Annexure

Government of India Notification on Items and Norms assistance from the SDRF and NDRF

No. 32-7/2014-NDM-I
Government of India
Ministry of Home Affairs
(Disaster Management Division)

'C' Wing, 3rd Floor, NDCC- II,
Jai Singh Road, New Delhi-110001,
Dated the 8th April 2015

To

1. Chief Secretaries of all States
2. The Relief Commissioners / Secretaries, Department of Disaster Management of all States

Subject: - Items and Norms of assistance from the State Disaster Response Fund (SDRF) and the National Disaster Response Fund (NDRF) for the period 2015 -- 2020.

Sir/ Madam,

I am directed to state that based on consideration of the recommendations of Fourteenth Finance Commission (FFC) on financing of expenditure on immediate relief during natural disasters for the period 2015--2020 and the report of the Expert Group set up by this Ministry, the Government of India has revised the items and norms for assistance from SDRF/NDRF. The approved list of items and norms for assistance from SDRF / NDRF in the wake of identified natural disasters is **Annexed**. The revised norms will be effective from 1st April 2015. However, the farmers affected by hailstorms in different parts of the country during February/ March 2015 will also be given assistance under the new norms.

2. The revised items and norms can also be downloaded from website of Disaster Management Division of Ministry of Home Affairs i.e. www.ndmindia.nic.in.

3. As the first charge on SDRF should be on a disaster of severe nature, there has been a requirement to adjust balance amount of SDRF whenever NDRF amount is released. This procedure stands revised as follows:-

50% of SDRF balance, as on 31st March of the preceding financial year, will be adjusted while releasing the assistance from NDRF for the first disaster in a financial year. In case the same State faces another severe disaster during the same year, no adjustment will be made while releasing NDRF assistance.

4. A copy of the communication alongwith their enclosure is also being sent to the Accountants Generals of the States for necessary action.

5. This supersedes this Ministry's earlier letters on this subject, the last being No.32-3/2013-NDM-I dated the 28th November, 2013 and No. 32-3/2013 NDM-I dated 5th March 2014.

Yours faithfully,

(Goutam Ghosh)

Deputy Secretary to the Govt. of India

Telefax: 23438123

Encl: As above.

Copy for information and necessary follow up action to:-

1. Accountants General of all State Governments.
2. Comptroller & Auditor General (CAG), New Delhi.
3. Controller General of Accounts (CGA), New Delhi.
4. Resident Commissioners of all State Governments.

Copy to: -

1. Ministry of Finance, Department of Expenditure [Shri Vivek Joshi, JS (FCD)], North Block, New Delhi.
2. Ministry of Agriculture [Joint Secretary (DM)], Krishi Bhawan, New Delhi.
3. Member Secretary, National Disaster Management Authority, NDMA Bhawan, Safdurjung Enclave, New Delhi.
4. All concerned Central Ministries/ Departments / Organizations.
5. PMO / Cabinet Secretariat.
6. PS to HM/ PS to MOS (R)
7. Sr. PPS to Home Secretary/ Addl. Secretary (F)/ Joint Secretary (DM)/ NIC.

REVISED LIST OF ITEMS AND NORMS OF ASSISTANCE FROM STATE DISASTER RESPONSE FUNDS (SDRF) AND NATIONAL DISASTER RESPONSE FUND (NDRF)

(Period 2015-20, MHA Letter No. 32-7/2014-NDM-I Dated 8th April 2015)

Sl. No.	Items	NORMS OF ASSISTANCE
1.	Gratuitous Relief	
	a) Ex-Gratia payment to families of deceased persons.	Rs.4.00 lakh per deceased person including those involved in relief operations or associated in preparedness activities, subject to certification regarding cause of death from appropriate authority.
	b) Ex-Gratia payment for loss of a limb or eye(s).	Rs. 59100/- per person, when the disability is between 40% and 60%. Rs. 2.00 lakh per person, when the disability is more than 60%. Subject to certification by a doctor from a hospital or dispensary of Government, regarding extent and cause of disability.
	c) Grievous injury requiring hospitalization	Rs. 12,700/- per person requiring hospitalization for more than a week. Rs. 4,300/- per person requiring hospitalization for less than a week.
	d) Clothing and utensils/ house-hold goods for families whose houses have been washed away/ fully damaged/severely inundated for more than two days due to a natural calamity.	Rs.1,800/- per family, for loss of clothing. Rs.2,000/- per family, for loss of utensils/ household goods.
	e) Gratuitous relief for families whose livelihood is seriously affected.	Rs. 60/- per adult and Rs. 45/- per child, not housed in relief camps. State Govt. will certify that identified beneficiaries are not housed in relief camps. Further State Government will provide the basis and process for arriving at such beneficiaries district-wise. Period for providing gratuitous relief will be as per assessment of the State Executive Committee (SEC) and the Central Team (in case of NDRF). The default period of assistance will upto to 30 days, which may be extended upto 60 days in the first instance, if required, and subsequently upto 90 days in case of drought/ pest attack. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year.
	SEARCH & RESCUE OPERATIONS	
	(a) Cost of search and rescue measures/ evacuation of people affected/ likely to be affected	As per actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF).

		By the time the Central Team visits the affected area, these activities are already over. Therefore, the State Level Committee and the Central Team can recommend actual/ near-actual costs.
	(b) Hiring of boats for carrying immediate relief and saving lives.	As per actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF). The quantum of assistance will be limited to the actual expenditure incurred on hiring boats and essential equipment required for rescuing stranded people and thereby saving human lives during a notified natural calamity.
3	RELIEF MEASURES	
	a) Provision for temporary accommodation, food, clothing, medical care, etc. for people affected/ evacuated and sheltered in relief camps.	As per assessment of need by SEC and recommendation of the Central Team (in case of NDRF), for a period up to 30 days. The SEC would need to specify the number of camps, their duration and the number of persons in camps. In case of continuation of a calamity like drought, or widespread devastation caused by earthquake or flood etc., this period may be extended to 60 days, and upto 90 days in cases of severe drought. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year. Medical care may be provided from National Rural Health Mission (NRHM).
	b) Air dropping of essential supplies	As per actual, based on assessment of need by SEC and recommendation of the Central Team (in case of NDRF). - The quantum of assistance will be limited to actual amount raised in the bills by the Ministry of Defence for airdropping of essential supplies and rescue operations only.
	c) Provision of emergency supply of drinking water in rural areas and urban areas	As per actual cost, based on assessment of need by SEC and recommended by the Central Team (in case of NDRF), up to 30 days and may be extended upto 90 days in case of drought. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year.
4.	CLEARANCE OF AFFECTED AREAS	
	a) Clearance of debris in public areas.	As per actual cost within 30 days from the date of start of the work based on assessment of need by SEC for the assistance to be provided under SDRF and as per assessment of the Central team for assistance to be provided under NDRF.
	b) Draining off flood water in affected areas	As per actual cost within 30 days from the date of start of the work based on assessment of need by SEC for the assistance to be provided under SDRF and as per assessment of the Central team (in case of NDRF).
	c) Disposal of dead bodies/ Carcasses	As per actuals, based on assessment of need by SEC and

		recommendation of the Central Team (in case of NDRF).
5	AGRICULTURE	
(i)	<i>Assistance farmers having landholding upto 2 ha</i>	
A.	Assistance for land and other loss	
	a). De-silting of agricultural land (where thickness of sand/ silt deposit is more than 3", to be certified by the competent authority of the State Government.)	Rs. 12,200/- per hectare for each item. (Subject to the condition that no other assistance/ subsidy has been availed of by/ is eligible to the beneficiary under any other Government Scheme)
	b) Removal of debris on agricultural land in hilly areas	
	c) De-silting/ Restoration/ Repair of fish farms	
	d) Loss of substantial portion of land caused by landslide, avalanche, change of course of rivers.	Rs. 37,500/- per hectare to only those small and marginal farmers whose ownership of the land is legitimate as per the revenue records.
B.	Input subsidy (where crop loss is 33% and above)	
	a) For agriculture crops, horticulture crops and annual plantation crops	Rs. 6,800/- per ha. in rainfed areas and restricted to sown areas. Rs. 13,500/- per ha. in assured irrigated areas, subject to minimum assistance not less than Rs.1000 and restricted to sown areas.
	b) Perennial crops	Rs. 18,000/- ha. for all types of perennial crops subject to minimum assistance not less than Rs. 2000/- and restricted to sown areas.
	c) Sericulture	Rs. 4,800/- per ha. for Eri, Mulberry, Tussar Rs. 6,000/- per ha. for Muga.
(ii)	<i>Input subsidy to farmers having more than 2 Ha of landholding</i>	Rs. 6,800/- per hectare in rainfed areas and restricted to sown areas. Rs.13,500/- per hectare for areas under assured irrigation and restricted to sown areas. Rs. 18,000/- per hectare for all types of perennial crops and restricted to sown areas. Assistance may be provided where crop loss is 33% and above, subject to a ceiling of 2 ha. per farmer.
6	ANIMAL HUSBANDRY ASSISTANCE TO SMALL AND MARGINAL FARMERS	
	i) Replacement of milch animals, draught animals or animals used for haulage.	<i>Milch animals -</i> Rs. 30,000/- Buffalo/ cow/ camel/ yak/ Mithun etc. Rs. 3,000/- Sheep/ Goat/ Pig <i>Draught animals -</i> Rs. 25000/- Camel/ horse/ bullock, etc. Rs. 16,000/- Calf/ Donkey/ Pony/ Mule - The assistance may be restricted for the actual loss of economically productive animals and will be subject to a

		ceiling of 3 large milch animals or 30 small milch animals or 3 large draught animals or 6 small draught animals per household irrespective of whether a household has lost a larger number of animals. (The loss is to be certified by the Competent Authority designated by the State Government). Poultry:- Poultry @ 50/- per bird subject to a ceiling of assistance of Rs 5000/- per beneficiary household. The death of the poultry birds should be on account of a natural calamity. Note:- Relief under these norms is not eligible if the assistance is available from any other Government Scheme, e.g. loss of birds due to Avian Influenza or any other diseases for which the Department of Animal Husbandry has a separate scheme for compensating the poultry owners.
	ii) Provision of fodder / feed concentrate including water supply and medicines in cattle camps.	Large animals- Rs. 70/- per day. Small animals- Rs. 35/- per day. Period for providing relief will be as per assessment of the State Executive Committee (SEC) and the Central Team (in case of NDRF). The default period for assistance will be upto 30 days, which may be extended upto 60 days in the first instance and in case of severe drought up to 90 days. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit, subject to the stipulation that expenditure on this account should not exceed 25% of SDRF allocation for the year. Based on assessment of need by SEC and recommendation of the Central Team, (in case of NDRF) consistent with estimates of cattle as per Livestock Census and subject to the certificate by the competent authority about the requirement of medicine and vaccine being calamity related.
	iii) Transport of fodder to cattle outside cattle camps	As per actual cost of transport, based on assessment of need by SEC and recommendation of the Central Team (in case of NDRF) consistent with estimates of cattle as per Livestock Census.
7	FISHERY	
	i) Assistance to Fisherman for repair / replacement of boats, nets – damaged or lost -- Boat -- Dugout-Canoe -- Catamaran -- net (This assistance will not be provided if the beneficiary is eligible or has availed of any subsidy/ assistance, for the instant calamity, under any other Government Scheme.)	Rs. 4,100/- for repair of partially damaged boats only Rs. 2,100/- for repair of partially damaged net Rs. 9,600/- for replacement of fully damaged boats Rs. 2,600/- for replacement of fully damaged net
	ii) Input subsidy for fish seed farm	Rs. 8,200 per hectare.

		(This assistance will not be provided if the beneficiary is eligible or has availed of any subsidy/ assistance, for the instant calamity, under any other Government Scheme, except the one time subsidy provided under the Scheme of Department of Animal; Husbandry, Dairying and Fisheries, Ministry of Agriculture.)
8	HANDICRAFTS/HANDLOOM ASSISTANCE TO ARTISANS	
	i) For replacement of damaged tools/ equipment	Rs. 4,100 per artisan for equipments. - Subject to certification by the competent authority designated by the Government about damage and its replacement.
	ii) For loss of raw material/ goods in process/ finished goods	Rs. 4,100 per artisan for raw material. - Subject to certification by Competent Authority designated by the State Government about loss and its replacement.
9	HOUSING	
	a) Fully damaged/ destroyed houses	
	i) Pucca house	
	ii) Kutchra House	Rs. 95,100/- per house, in plain areas.
	b) Severely damaged houses	
	i) Pucca House	Rs. 1,01,900/- per house, in hilly areas including Integrated Action Plan (IAP) districts.
	ii) Kutchra House	
	(c) Partially Damaged Houses –	
	(i) Pucca (other than huts) where the damage is at least 15 %	Rs. 5,200/- per house
	(ii) Kutchra (other than huts) where the damage is at least 15 %	Rs. 3,200/- per house
	d) Damaged / destroyed huts:	Rs. 4,100/- per hut, (Hut means temporary, make shift unit, inferior to Kutchra house, made of thatch, mud, plastic sheets etc. traditionally recognized as hut by the State/ District authorities.) Note: -The damaged house should be an authorized construction duly certified by the Competent Authority of the State Government.
	e) Cattle shed attached with house	Rs. 2,100/- per shed.
10	INFRASTRUCTURE	
	Repair/restoration (of immediate nature) of damaged infrastructure:	Activities of immediate nature :
	(1) Roads & bridges (2) Drinking Water Supply Works, (3) Irrigation, (4) Power (only limited to immediate restoration of electricity supply in the affected areas), (5) Schools, (6) Primary Health Centres, (7) Community assets owned by Panchayat.	Illustrative lists of activities which may be considered as works of an immediate nature are given in the enclosed Appendix Assessment of requirements : Based on assessment of need, as per States' costs/ rates/

	Sectors such as Telecommunication and Power (except immediate restoration of power supply), which generate their own revenues, and also undertake immediate repair/ restoration works from their own funds/ resources, are excluded.	schedules for repair, by SFC and recommendation of the Central Team (in case of NDRF). - As regards repair of roads, due consideration shall be given to Norms for Maintenance of Roads in India, 2001, as amended from time to time, for repairs of roads affected by heavy rains/floods, cyclone, landslide, sand dunes, etc. to restore traffic. For reference these norms are • Normal and Urban areas: upto 15% of the total of Ordinary Repair (OR) and Periodical Repair (PR). • Hills: upto 20% of total of OR and PR. - In case of repair of roads, assistance will be given based on the notified Ordinary Repair (OR) and Periodical Renewal (PR) of the State. In case OR & PR rate is not available, then assistance will be provided @ Rs 1 lakh/km for State Highway and Major District Road and @ Rs. 0.60 lakh/km for rural roads. The condition of "State shall first use its provision under the budget for regular maintenance and repair" will no longer be required, in view of the difficulties in monitoring such stipulation, though it is a desirable goal for all the States. - In case of repairs of Bridges and Irrigation works, assistance will be given as per the schedule of rates notified by the concerned States. Assistance for micro irrigation scheme will be provided @ Rs. 1.5 lakh per damaged scheme. Assistance for restoration of damaged medium and large irrigation projects will also be given for the embankment portions, on par with the case of similar rural roads, subject to the stipulation that no duplication would be done with any ongoing schemes. - Regarding repairs of damaged drinking water schemes, the eligible damaged drinking water structures will be eligible for assistance @ Rs. 1.5 lakh/ damaged structure. - Regarding repair of damaged primary and secondary schools, primary health centres, Anganwadi and community assets owned by the Panchayats, assistance will be given @ Rs 2 lakh/damaged structure. - Regarding repair of damaged power sector, assistance will be given to damaged conductors, poles and transformers upto the level of 11 kV. The rate of assistance will be @ Rs. 4000/poles, Rs 0.50 lakh per km of damaged conductor and Rs. 1.00 lakh per damaged distribution transformer.
II	Procurement of essential search, rescue and evacuation equipments including communication equipments, etc. for response to disaster.	- Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC). - The total expenditure on this item should not exceed 10 % of the annual allocation of the SDRF.

12	Capacity Building	- Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC). - The total expenditure on this item should not exceed 5% of the annual allocation of the SDRF.
13	State specific disasters within the local context in the State, which are not included in the notified list of disasters eligible for assistance from SDRF/ NDRF, can be met from SDRF within the limit of 10% of the annual funds allocation of the SDRF.	- Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC). - The norm for various items will be the same as applicable to other notified natural disasters, as listed above. or - In these cases, the scale of relief assistance against each item for 'local disaster' should not exceed the norms of SDRF. - The flexibility is to be applicable only after the State has formally listed the disasters for inclusion and notified transparent norms and guidelines with a clear procedure for identification of the beneficiaries for disaster relief for such local disasters', with the approval of SEC.

Note:- (i) The State Governments are to take utmost care and ensure that all individual beneficiary-oriented assistance is necessary/ mandatory disbursed through the bank account (viz, Jan Dhan Yojana etc.) of the beneficiary.

(ii) The scale of relief assistance against each item for all disasters including 'local disaster' should not exceed the norms of SDRF/ NDRF. Any amount spent by the State for such disasters over and above the ceiling would be borne out of the resources of the State Government and not from SDRF.

15909

Illustrative list of activities identified as of an immediate nature.**1. Drinking Water Supply :**

- i) Repair of damaged platforms of hand pumps/ring wells/ spring-tapped chambers/public stand posts, cisterns.
- ii) Restoration of damaged stand posts including replacement of damaged pipe lengths with new pipe lengths, cleaning of clear water reservoir (to make it leak proof).
- iii) Repair of damaged pumping machines, leaking overhead reservoirs and water pumps including damaged intake – structure, approach gantries/jetties.

2. Roads

- i) Filling up of breaches and potholes, use of pipe for creating waterways, repair and stone pitching of embankments.
- ii) Repair of breached culverts.
- iii) Providing diversions to the damaged/washed out portions of bridges to restore immediate connectivity.
- iv) Temporary repair of approaches to bridges/ embankments of bridges., repair of damaged railing bridges, repair of causeways to restore immediate connectivity, granular sub base, over damaged stretch of roads to restore traffic.

3. Irrigation :

- i) Immediate repair of damaged canal structures and earthen/masonry works of tanks and small reservoirs with the use of cement, sand bags and stones.
- ii) Repair of weak areas such as piping or rat holes in dam walls/ embankments.
- iii) Removal of vegetative material/building material/debris from canal and drainage system.
- iv) Repair of embankments of minor, medium and major irrigation projects.

4. Health :

Repair of damaged approach roads, buildings and electrical lines of PHCs/ community Health Centres.

5. Community assets of Panchayat

- a) Repair of village internal roads.
- b) Removal of debris from drainage/ sewerage lines.
- c) Repair of internal water supply lines.
- d) Repair of street lights.
- e) Temporary repair of primary schools, Panchayat ghars, community halls, *anganwadi*, etc.

6. Power: Poles/ conductors and transformers upto 11 kv.

7. The assistance will be considered as per the merit towards the following activities:

	Items/ Particulars	Norms of assistance will be adopted for immediate repair
i)	Damaged primary school building	Up to Rs. 1.50 lakh/ unit
	Higher secondary/ middle/ college and other educational institutions buildings	Not covered
ii)	Primary Health Centre	Upto Rs. 1.50 lakh/ unit
iii)	Electric poles and wires etc.	Normative cost (Upto Rs.4000 per pole and Rs. 0.50 lakh per km)
iv)	Panchayat Ghar/ Anganwadi/ Mahila Mondai/ Yuva Kendra/ Community Hall	Upto 2.00 lakh/ unit
v)	State Highways/ Major District road	Rs. 1.00 lakh/ km *
vi)	Rural road/ bridge	Rs. 0.60 lakh/km *
vii)	Drinking water scheme	Upto 1.50 lakh/ unit
viii)	Irrigation Sector: Minor irrigation schemes/ Canal	Upto Rs. 1.50 lakh/ scheme
	Major irrigation scheme	Not covered
	Flood control and anti Erosion Protection work	Not covered
ix)	Hydro Power Project/ HT Distribution systems/ Transformers and sub stations	Not covered
x)	High Tension Lines (above 11 kv)	Not covered
xi)	State Govt Buildings viz. departmental/ office building, departmental/ residential quarters, religious structures, patwarkhana, Court premises, play ground, forest bungalow property and animal/ bird sanctuary etc.	Not covered
xii)	Long terms/ Permanent Restoration work incentive	Not covered
xiii)	Any new work of long term nature	Not covered
xiv)	Distribution of commodities	Not covered. (However, there is a provision for assistance as GR to families in dire need of assistance after a disasters).
xv)	Procurement of equipments/ machineries under NDRF	Not covered
xvi)	National Highways	Not covered (Since GOI born entire expenditure towards restoration works activities)
xvii)	Fodder seed to augment fodder production	Not covered

* If OR & PR rates are not provided by the State.

Roads and bridges**PWD Roads:***(Rs. in lakh)*

Sl No.	Name of the District	No. of breaches	Cost for repair / restoration	Length of road damaged in Km	Cost for immediate repair	No. of culverts damaged	No of culverts washed away	Approx cost for immediate repair of culverts	Total cost

Rural Development Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Rural Roads

Sl No.	Name of the District	No. of Roads damaged	Length of Road damaged (In Kms)	No of Breaches	Length of Breaches (In mtr)	No of CD/ Bridge damaged	No of CD/ Bridge washed away	Amount Required for immediate restoration

Rural Water Supply:

(Rs. in lakh)

Sl No.	Name of the District/Division	No. of Tube wells damaged	Amount spent repair	No of Platforms damaged	Amount spent for repair	No of Rural Pipe water supply system damaged	Amount spent for repair	Total cost

Housing & Urban Devepoment Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Urban Roads

(Rs. in lakh)

Sl No.	Name of the ULB	Length of drain damaged (in Km)	Cost for immediate restoration	Length of road damaged in Km	Cost for immediate repair	No. of culverts damaged	Cost for immediate repair of culverts	Total cost

Urban Water Supply

(Rs. in lakh)

Sl. No	Name of the ULB	Amount spent for immediate repair of Tubewell	Amount spent for immediate repair of Platform	Amount spent for immediate repair of Pump houses	Amount spent for immediate repair of Pipe lines	Amount spent for disinfection	ULB Total

Panchayati Raj Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Panchayat Roads

(Rs. in lakh)

Sl No.	Name of the District / Division	No. of Road damaged	Length of breaches in Km.	Cost of repair of breaches	Length of road damaged in Km	Cost for immediate repair

Sl No.	Name of the District / Division	No. of culverts damaged	No of culverts washed away	Cost for immediate repair of culverts	Total cost

Panchayat Ghars

(Rs. in lakh)

Sl No.	Name of the District	No. of Panchayat Ghar/Community Hall damaged	Cost for immediate restoration

School & Mass Education Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Primary Education**School Buildings**

(Rs. in lakh)

Sl. No.	Name of District	No. of the Damaged school	Approx. cost (Rs. in lakhs)

Health & FW Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

PHC / CHC

Rs. in lakh.

Sl No.	Name of the District	No. of PHC / CHC damaged				Amount Required for repair / restoration
		Allopathic	Homeopathic	Ayurvedic	Total	

Replacement of damage medical equipment and lost medicines: - (Para 19 of Revised CRF Norm)

Sl.	District	Requirement (Rs. In lakh)

Amount required for Provision of medicines, disinfectants, insecticides for prevention of outbreak of epidemics with details : [Para-12 of revised CRF Norms]

Women & Child Development Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Anganwadi Centres

(Rs. in lakh)			
Sl No.	Name of the District	No. of Anganwadi centres damaged	Amount required for immediate restoration

Supplementary Nutrition: [As per Para-2 of CRF Norms]

Sl.	District	No. of children Affected	No. of Days	Amount @ Rs.2.00 per person per day (Rs. in lakh)

Energy Department

Repair / restoration of immediate nature of the damaged infrastructure in eligible sectors: - [Para-18 of revised CRF Norms]

Repair and restoration of power supply (Para 18 of revised CRF norms): -

(Rs.in lakh)

Sl	Name of the district	No. of primary sub-stations damaged	8/9 mtrs. Pole damaged	33 KV lines damaged (in Km)	11 KV lines damaged (in Km)	LT lines damaged (in Km)	Distribution Transformers damaged (in no.)	Expenditure incurred for immediate repair (Rs.in lakh)

Textile & Handloom Department

Assistance for Handloom Weavers : [Para-9(b) of CRF Norm]

Sl.	Name of the District	No. of beneficiaries	No. of looms & accessories fully damaged	Amount @Rs.2000/-	Set raw material fully damaged	Amount @Rs.2000/-	Total

Fisheries & ARD Department

Livestock Affected

Sl.	District	Livestock Affected			Total
		Large	Small	Poultry	

Loss of livestock

Name of the District	No of Livestock / Birds lost				
	Milch Animal		Draught Animal		Poultry Birds
	Buffalo/ Cow	Sheep/ Goat	Camel/ Horse/ Bullock	Calf/ Donkey/ Pony	

Provision of fodder / feed concentrate in the cattle camps: [Para-7 (ii) of Revised CRF Norms]

Sl. No	Name of the District	No. of cattle camps	No. of large animals affected	Cattle feed supplied @1.3Kg per day for 15 days (in MT)	No. of small animals affected	Cattle feed supplied @0.66Kg per day for 15 days (in MT)	Total cattle feed supplied (in MT)	Amount required (Rs. in lakh) @ Rs.17000 per MT

Assistance to fishermen: [Para-8 (a) of Revised CRF Norms]

(Rs. in lakh)

Sl. No	Name of the District	Boat & Net Units fully damaged		Boat & Net Units partially damaged		<u>Total</u>
		No. of Units damaged	Amount @Rs.7500	No. of Units damaged	Amount @Rs.2500	

Desilting / Restoration / Repair of fish farms: [Para-3 (c) of CRF Norms]

Sl.	District	No. of fish farms	Total Area of fish farms (hect)	No. of small marginal farmers	Amount required @ Rs.6000/- per hect.(Rs. in lakh)

Input subsidy for fish seed farm: [Para-8(b) of revised CRF Norms]

Rs. in lakh)

Sl.	District	No. of fish seed farms affected	Area in hectared	Amount required for input subsidy @ Rs.4000/- per hectare

Amount required for Medical Care for cattle & poultry against epidemics with details: [Para-13 of revised CRF Norms]

Agriculture Department

Crop Damage

Sl.	Districts	Crop Area Affected [in Hect.]	Total agricultural area where crop loss is > 50%

Assistance Required

Agriculture input subsidy where crop loss 50% and above: [Para-3(e) of CRF Norm (Small Farmers)]

(Rs. in lakh)

Sl.	Name of the district	Area affected 50% & above			Amount required			Total
		Irrigated [in hect.]	Rainfed [in hect.]	Perennial	Irrigated @Rs.4000/- per hectare	Rainfed @Rs.2000/- per hectare	Perennial @ Rs.6000/ per Hect.	

Input subsidy to farmers other than small & marginal farmers: [Para-4 of Revised CRF Norms]

(Rs. in lakh)

Sl.	District	Kharif Crop					
		No of Farmers	Irrigated area in hect	Amount @ Rs.4000/- per hect.	Rainfed Area in hect.	Amount @ Rs.2000/- per hect.	Amount

10. STANDING OPERATING PROCEDURES of NDMA

1. INTRODUCTION:-

DISASTER “A catastrophe, mishap, calamity or grave occurrence in any area, arising from natural or man-made causes, or by accident or negligence which results in substantial loss of life or human suffering or damage to, and destruction of property, or damage to, and degradation of, environment, and is of such a nature or magnitude as to be beyond the coping capacity of the community of the affected area” India has traditionally been vulnerable to natural disasters on account of its unique geo-climatic conditions and it has, of late, like all other countries in the world, become equally vulnerable to various man-made disasters. The periodicity and intensity of disasters have increased manifold in the last few decades. In many disasters, human and economic losses could have been minimized by taking preventive, mitigation and preparedness measures. Anti-national elements find terrorism easy to adopt and cost-effective. A terrorist attack involving Nuclear, Biological and Chemical agents differs from a normal terrorist attack as it results in specific effects on health and can cause fatal injuries, creates panic, affects the morale of the community, and lowers its faith in the government. The important ingredients of an effective response system are integrated institutional arrangements, state of the art forecasting and early warning systems, failsafe communication system, rapid evacuation of threatened communities, quick deployment of specialized response forces and coordination and synergy among various agencies at various levels in dealing with any disaster. Most importantly, all the agencies and their functionaries must clearly understand their roles and responsibilities and the specific actions they have to take for responding to disaster or disaster threatening situations. This sop lays down, in a comprehensive manner, the specific actions required to be taken by ndrf bns for responding to natural and man made disaster of any magnitude and any dimension.

2. TYPES OF DISASTER WHERE NDRF WILL RESPOND

(i) Major Natural Disasters:-

- a) Earthquakes
- b) Floods
- c) Cyclones
- d) Landslides
- e) Tsunamis
- f) Avalanches

(ii) Man Made Disasters:-

- a) Chemical disasters.
- b) Biological disasters.
- c) Radiological and Nuclear events
- d) Train Accidents

e) Building Collapsed events

(iii) Any other disaster, for which the State/District authorities make a specific requisition with the exception of fire accidents.

Bridges

3. ROLE OF NDRF

- 1) Provide specialised response for rescue and relief in case of disasters-natural and manmade.
- 2) Deployment in case of impending disasters.
- 3) Assistance to civil authorities in distribution of relief material during/after disaster.
- 4) Co- ordination with other agencies engaged in rescue/relief work

4.NDRF TASKS

- 1) Deployment in case of impending disaster.
- 2) Provide specialist response in case of disasters which covers
 - a) NBC Disaster (Decontamination of the area and personnel).
 - b) Removal of debris.
 - c) Extrication of victims-live or dead.
 - d) First medical response to victims.
 - e) To extend moral support to victims.
 - f) Assistance to civil authorities in distribution of relief material.
- 3) Co-ordination with sister agencies.

5. AIM OF THE SOP

To provide, in a concise and convenient form, a list of major executive actions involved in responding to natural and manmade disasters and the necessary measures for preparedness, response and relief required to be taken. To achieve maximum result in minimum time for any force, a well defined Operating Procedure is required to be framed. This procedure is called the Standard Operating Procedure (SOP). The SOP is made keeping in view the role and the objectives of the force. In the case of NDRF, the force has to respond within the minimum time frame to reach the place of disaster with the designated required equipment. The SOP has been prepared keeping in mind the motto of NDRF, i.e. “AAPADA SEWA SADAIV”.

6. REQUISITION FOR RESPONSE OF THE NDRF DURING PRE-DISASTER PHASE

State Government may request for pre-positioning of the Unit/Sub-units of the NDRF as a measure of pro-active response to deal with the impending disaster when there are plausible reasons to believe that gravity of the disaster will be unmanageable for the State Government. Contact numbers and place of deployment of NDRF units are given at Appendix-“A”

7. REQUISITION FOR RESPONSE OF THE NDRF DURING DISASTER PHASE State Government or the concerned District Magistrate may request for the specialized disaster response of the Team (s) or Coy (s) of the NDRF to deal with the disaster when it is of Level-III. i.e. when the gravity of the disaster is so severe that it becomes unmanageable for the State Government to deal with even after having made proper use of SDRF.

8. REQUISITIONING AUTHORITY

The following State Government Authorities can seek requisition for NDRF teams alongwith complete details of the disaster which takes place in their area of responsibility :-

- ☐ Principal Secretaries of the States dealing with Disaster Management
- ☐ Relief Commissioners of the States
- ☐ Collectors/DCs /DMs of the districts

Maximum available details which would be required to provide rescue and relief should be passed on to the identified NDRF Battalion, as per requisition form attached at Appendix - A.

9. AUTHORITY TO ACCEPT REQUISITION

NDRF Teams can be requisitioned for natural as well as manmade disasters. This requisition can be sent to the following:-

- ☐ MHA
- ☐ NDMA
- ☐ HEAD QUARTER DG NDRF
- ☐ NDRF BATTALIONS.

MHA & NDMA in turn will direct HQ DG NDRF for deployment of NDRF personal which will be done accordingly after consultation with respective Commandant and same will be intimated to MHA & NDMA. In case the requisition is placed directly to NDRF Battalions due to emergent nature of situation, the Commandants will deploy NDRF personnel immediately and intimate the same to HQ DG NDRF/ MHA / NDMA.

10. DECISION OF DEPLOYMENT

As per the provision of DM act 2005, the District Disaster Management Authorities chaired by District Magistrate/Deputy Commissioner/District Collector of a District shall be responsible for overall supervision and monitoring of Disaster Management in the district. The District Authorities will give the detailed information about any disaster to the respective NDRF unit. The Unit Commandant, after getting detailed information from the District Authorities, will consult Head Quarter NDRF and decide the quantum of deployment for the said disaster i.e how many teams to be deployed for the subject operation. Head Quarter NDRF will intimate the subject deployment to MHA DM (Div) and NDMA through the fastest mode of communication available. This will be followed by written communication also. The team which will move for

rescue work will be self contained and carry tentage, medicines ready-made food for 72 hrs, ration, and utensils for them.

11.MOBILISATION PHASE

Battalion Commandant in consultation with the State authority will decide mode of conveyance of the teams to be deployed for the said emergency response. Firstly one advance party will rush for the disaster site followed by the main body in their own transportation. If air lifting is to be done the requisition will go to air authority through the state authority. The state authority will arrange accommodation, if possible and transportation at disaster site. The state will be responsible for providing security backup to the teams during deployment.

12.OPERATIONAL PHASE

It is important to mention here that NDRF is not tasked with the maintenance of law and order in a disaster zone area. Furthermore, the safety and security of the victim and personnel involved in the search, rescue and relief operation including the NDRF personnel shall also be the responsibility of state/local authorities.

13. DE-MOBILISATION PHASE

This phase describes the actions required to be taken when company/teams have been instructed that disaster management operations are to be ceased and withdrawal has to be commenced by Company Commander/Team Commander in consultation with the nodal officer and after getting clearance from HQ DG NDRF. The exit strategy will be executed as per the initial plan of action. All coy Commanders/team Commanders must try and ensure a handover note specifying what is being handed over and to whom to ensure proper preparedness and a smooth transition. A detailed report should be prepared by the Battalion after the operation is over and file for record with HQs NDRF. This report should make a clear mention of immediate steps to be taken to fill the gaps or seek any improvement in the existing system. Following actions are to be ensured:-

1. Mode of transportation will be decided for de-induction in consultation with the state Authority. The State authorities shall be responsible for providing the transport to the NDRF teams to return to their units.
2. Clearance from local authorities.
3. EOC, along with the ADM base, shall be the last to demobilize from the disaster site.

14. POST DISASTER PHASE

It is a phase for critical analysis of the entire rescue operation carried by the Bn. The joint appraisal report of the performance shall also be prepared by the Battalion Commandant and State authority after de-induction of the rescue teams. After this, the shortcomings of the rescue operation and the lessons learnt will also be drawn. The post disaster phase will also include:

- a) Submission of the post-disaster report.

- b) Conducting of a lesson-learnt review to improve the overall effectiveness and efficiency for response to future disaster.
- c) Repair and maintenance of equipments
- d) Condemnation of equipments.
- e) Medical checkups of all members of operational groups.
- f) Treatment for injured troops during rescue operations.
- g) Accounting for rescue material used and not used.
- h) Accounting for rescue material lost/not retrieved.
- i) Drawing case study of entire disaster rescue operation.
- j) Post psychometric treatment i.e. men must be sent to meet their family members.

CONCLUSION This SOP is a guideline for successful response in any kind of disaster. It should be followed in letter and spirit. It is only then that NDRF will prove its worth in an effective manner and be seen as an elite force in the field of disaster management.
