Best Practices

of S.S.A., Sambalpur

Sarva Shiksha Abhiyan, Sambalpur

•Ramkali Devi Trust UP School, Budharaja.

•Display of achievement in various assessment, attendance of the student through charts.

•If the attendance of the students stands more 60% they are mark with **green color**, below 60% above 40% they are mark at **yellow** and below 40% they are mark with **red color**.

•All the colors has been inspired from the colors of traffic rules.

•**Red color** indicates the danger zone needs special attention.

•**Yellow color** indicates extra precaution that needs huge improvement.

•**Green color** indicates the sincerity. Each chart is supported with the photographs of the student to make it more attractive.

•Jogipali UP School:

- Shoe racks have been constructed at Jogipali UPS with Kadappa Stone to keep shoes of the students.
- To keep the school campus neat and clean.
- This practice helps the students in developing self discipline.

Mahammadpur UGUP School:

- Student rack reading corner have provided at the corner of *Nilkamal* brand to keep the books. The rack is multicolor and its attracts the students to use it.
- It is economical and durable which costs only Rs 3500/-.

Open classroom for Students :

- The inner part of the boundary which are usually left unused, attractive painting of trees, animals etc. has been made along with black board to attract the students.

- The open air classroom concept helps the students to study in open environment and direct daylight which helps the students to improve their performance, to develop positive attitude & to love the nature.

Garden :

- A beautiful garden has been developed at KGBV, Mahammadpur UGUPS which improves the surrounding and enhances the beauty of the school building.
- The garden has a jogging track made of tiles so as the students can have Morning/Evening walk around the garden.
- The garden is divided into three categories:
 - Kitchen garden
 - Herbal garden
 - Flower garden

- Vitrified tiles as Flooring –The flooring of the school have been done with vitrified tiles to attract the students. This will add a healthy and good looking classroom as it is easy to clean .
- The tiles are used as they are strong and durable so as to minimize the maintenance cost. Estimated cost is 12.0 lakhs for 4 nos of classroom i.e 2 nos for 4.8 lakhs and 2 nos for 7.2 lakhs

Creativity of Students:

- The display board contains the arts and crafts made by students of different classes.
- It helps the students to express their creativity & skill.

CAL Laboratory:

- The Laboratory was found clean & dust free. The computers were covered with *dust-cover*.
- Wall paintings & charts relating to Computer, its peripherals and Content CDs were found.
- “Let’s Connect CAL....” was prepared and circulated to all CAL Schools for better communication among themselves as well as officials.
- A Content CD mapping basing upon the subject & Class is also prepared to help the teachers to guide the students.

Jyantpur UP School:

- The Hexagonal CRC building at Jayantpur MES is 565.00 sqft had been constructed with an estimated cost of Rs 2.0 lakhs in the year 2006-07.
- The motto of Hexagonal CRC building is to promote the group activity during the pedagogical training.
- The Hexagonal CRC building with corbel window and roof gives esthetic look.

• Kabrapali UP School:

• A beautiful garden has been developed at Kabrapali UP School. This has been divided into three categories:

- Kitchen garden
- Herbal garden
- Flower garden

• Tiles flooring has been completed in ACR building constructed out of SSA funds in the year 10-11 at the estimated cost of Rs 3.60 lakhs.

Thank You
