(A) LIST OF ORTHOPEDIC IMPLANTS AND TECHNICAL SPECIFICATION

SI No	Name of the Items	Specification	EACH RATE EXCLUDING GST/ (Number)	Applicable Tax (GST %)
SPECIFICATION FOR ORTHOPEDIC IMPLANTS SYSTEM				
*	All implants should be of CE / USFDA certified and CE, name of the manufacturer and other details to be marked on the body of the implant.			
*	All necessary CE, ISO, FDA Certificates regarding implant quality by the manufacturer is to be supplied.			
*	All implants are made up of medical grade Stainless Steel or Titanium unless otherwise specified. Rate should be mentioned separately for SS and Titanium implants.			
*	A set of implants with its specific instruments as required for use of the said implant, which is said to be a SYSTEM should be maintained by the supplier in the Orthopedic OT, Trauma OT and should be replaced as per use at the earliest before the next surgery. These includes different sizes of implant, guide wires, reamers, drill bits, taps, screw drivers, drill sleeves, tap sleeves and jigs etc. As the implants are available in different length and diameter, the supply should be need based and should be provided / replaced immediately on exhaustion of a specific implant before the next surgery. The supplier should maintain adequate stock of the implant and instruments with him. Billing will be done as per actual use on monthly basis.			
*	The supplier should provide the detailed catalogue of the implants for the specific system.			
*	Each system should be supplied in autoclavable graphic S.S. Box preferably one for the instrument & one for the implant.			
*	For ease of comparison, rate should be quoted for each type of nail, plate or screws etc. whereas multiple numbers of implants will be maintained in the set for individual patient use.			
*	Rate should be mentioned for implants, not for the instruments as these are specific for the said implant. Service charge may be mentioned for use of the instruments which will also be taken into comparison during selection by combining the two. As different manufacturer have different specification, maximal similarities of the system will be considered for rate calculation.			
*	Selection will be done as per the lowest price of the system basing on individual components and the charge mentioned for use of the instruments. Quality of the sample provided by the supplier will also be taken into consideration by the purchase committee. At the time of selection sample of the implant will be provided by the supplier for verification.			
*	The supplier should have at least two years of experience of supplying orthopedic implants to a medical college hospital or any large hospital of repute in Odisha. Necessary certificate in this regard from the concerned authority should be provided.			
*	For high end implants like total joint (hip, knee, elbow, shoulder etc.) replacement, the technical person from the supplier will be required to be present in the OT during the procedure without any additional cost.
